### HANNA MEN ELECT SPEAKER

Junier Senator is Victorious in Lower House of Legislature.

FORAKER FACTION WINS IN SENATE

McKinnon Elected Over Price First Ballot and Defeated Cau-

didate Then Declares for Hanna.

COLUMBUS, O., Jan. 4 .- In the republican caucuses this evening for the organization of the general assembly the Hanna men secured control of the house and the Foraker men of the senate. Some of the nominations for officials of the senate were made without opposition, but there was "a fight to a finish" for those of the house, especially for the speakership. There was no compromise in either case. In the senate the cenators make up the standing committees themselves. In the house the speaker appoints all the committees and he contest was primarily for the speaker-

ship, with everything else as secondary. The republican senate caucus was short and featureless, but the house caucus was animated and fasted several hours. Representative Cole, in presenting the name of W. S. McKinnon of Ashtabula for speaker, denied that McKinnon's election could be construed as a humiliation of Senator Foraker, whose re-election they all

Bartley McKinnon's address of acceptance Price was called out and made the sensational speech of the day by nominating and declaring himself for Hanna for re-election to the senate two years hence. Price said that he found it easier to get pledges than for the sick and convalescent. If votes and eulogized Hanna and McKinnon, to whom he credited his defeat, as men of

the highest character. A. G. Comings of Oberlin, one of the Hanna leaders, was nominated without opposition for speaker pro tem.

Burgess L. McElroy was nominated for e-election as chief clerk of the house over H. V. Speelman on the first ballot by a vote of 43 to 25. The Foraker representatives made their last hard stand for Speelman. The other nominations were made without much opposition.

In the republican senate caucus much of the time was devoted to the selection of a committee to apportion the standing committees. F. B. Fisher, the Foraker candidate, was nominated for president pro tem without opposition. F. E. Sobrey was nominated for chief clerk over W. B., Uhl, whose nomination Senator Hanna had strenuously urged, by a vete of 17 to 7.

While the Hanna men swept the board in the house, the senate nominations include only one pronounced Hanna man-Richard Lynch for enrolling clerk.

The result of the republican nominations tonight affects more than the legislature which convenes next Monday. The prestigof the Ohio senators with the national administration, and in the future national and state campaigns, the reapportionment of the congressional districts so as to effect those who are now in congress and also those wanting to go to congress, the next gubernatorial nominee and nominations for state offices, as well as the re-election of Senstor Hanna two years hence, have openly and freely been discussed as the contest has

been waged the past week. Democrats to Hold Caucus.

I did all I could to support Mr. Price, but without an unkind word or thought of Mr. McKinnon. In fact, the only regret I have was that the situation compelled me to oppose so good a man.

The excitement over the contest in the house has overshadowed what was done in the senate. The whole trouble commenced there and in the senate was fought out a more decisive contest than was held in the house, Mr. Scobey-being elected over Mr. Uhl by a vote of 14 to 7, or two to one. Taken all in all, there is no cause for anybody except the immediate participants to be disappointed.

The republican party in the legislature will now present a solid front and go forward without further friction to the faithful and successful discharge of its duties of legislation. Mrs. Allen.

SURRENDERED To Hot Biscuits And Warm Pie.

Bombarding a stomach with hot biscuits

and warm ple, plenty of butter, bacon, greasy potatoes and a few other choice delicacies will finally cause the fortifications to give way. Then how to build back on good food is worth knowing. A man in Factoryville, Pa., attacked his

stomach in about this way and says: "The sign of surrender was plain in my white, colorless face. At that time every article of food distressed me and heartburn kept me in continued misery. I liked all sorts of breakfast foods, but they did not agree with me. Of course, much of the food that ate contained nourishment, but my stomach could not get the nourishment out. I tried pepsin and other aids to digestion, bles. which worked for a time and then gave

"Finally I reasoned, when in an extremity that if the stomach could not digest the food why not take some food that was already digested, like Grape-Nuts. So I started in on Grape-Nuts and the new food won my palate straight away and agreed with me

"The heavy, oppressive feeling disappeared and I became thoorughly impressed with the new food and began to improve at once. Little by little my strength came back and slowly and surely I gained my lost weight. The wasted tissues and muscles built up and today I am well, buoyant and strong. "I unreservedly give the chief credit to Grape-Nuts, which met me in a crisis and brought me over the dark period of despondency. Nothing else did it, for noth ing else could be endured.

Some years ago many eminent teachers were paid a high price to write down in plain language all that was known of the branch of learning that each teacher had made his own. Thus the great mathematician was to write down plainly and succinctly the great truths of mathematics. The historian wrote of history, and the geographer of the countries of the world. And so with every branch of human knowledge.

These great teachers labored for years, and finally completed their task. The result was gathered together in logical order and printed in clean, plain type and illustrated with beautifully clear engravings as an assistance to the memory and to vivify the text. The whole was strongly and neatly bound and carefully indexed. Then it was given to that portion of the world who could afford to pay a high price for the wonderful work, which was called the

Peases of Wyoming Citizens Hope to Capture Murderers.

BRUTAL KILLING OF SHERIFF RICKER Shot Down in Ambush and His Body Subjected to Shocking Indig-

CHEYENNE, Wyo., Jan. 4 .- (Special.) -Posses from Sweetwater, Fremont and Natrona counties are closing in on the outlaws who murdered Sheriff William Ricker of Casper, near Garfield peak, in the Rat tlesnake mountains, Thursday night. All avenues of escape through Johnson, Sheridan and Big Horn counties on the north and Albany and Converse counties on the south, are being guarded, and the officers hope the outlaws will be captured or killed inside of thirty-six hours. Over 100 mounted and well-armed men have joined the chase.

Central Wyoming is aroused as a result of the murder, the details of which were brought to Casper today, when the mutilated body of Sheriff Ricker was taken home, and threats of a wholesale lynching are openly expressed.

Sheriff Ricker was not killed in a battle with the escaped prisoners, as at first reported, but was murdered in cold blood When the officer and his two deputies, one of whom was a cousin of the Woodward brothers, the outlaws, and who is alleged to have joined the murderers, reached the Woodward ranch, he was shot down as he was entering the barn to stable his horse. His body was dragged into the barn, where his head was beaten into a jelly and a bullet fired into his brain. He was then robbed of pistols, money and valua-After the commission of the crime, and
