Council in Adjourned Meeting Passes Two Important Ordinances.

ONE PROVIDES FOR RENEWAL BOND ISSUE

They Will Be at One Per Cent Lower Interest Than Present One-Liberality Ordinances Also Goes Through.

An adjourned meeting of the city council was held yesterday afternoon and two ordinances of considerable importance were passed. One was the ordinance introduced Monday night providing for the issuing of renewal bonds in the sum of \$110,880.

With this issue the city authorities will be relieved of all worry about taking up bonds of maturity and the city will be borrowing monthly and will save the expense of borrowing money to pay interest coupons.

The library ordinance was passed the same as was the bond ordinance, each being read the second and third time by title. Mayor Kelly asserted that he would sign both ordinances and have them sent to the printer at once.

It is expected that under the provisions of this latter ordinance the council will proceed at next Monday night's meeting to elect nine members of the board of directors.

Members of the Board of Health were not especially complimentary over the action of the Board of Education in ignoring the order regarding a general vaccination of all school children.

Members of the Board of Health said yesterday that the duty of officially notifying the Board of Education had been delegated to Member O'Hern, and he presumed that the matter had been overlooked.

MR. CUDAHY STAMPS A FAKE

No Truth in Penny Newspaper's Report of Immense Improvements to Be Made.

In speaking of the report published in a local paper of the contemplated additions to the Cudahy packing plant, E. A. Cudahy, vice president and general manager of the company, said last night:

"There is no foundation whatever for the report. We have not thought of or discussed the erection of any of the buildings mentioned. For some time it has been a question with us whether to use our present offices for the pharmaceutical department or to erect one new building, but we have decided to continue in our present quarters."

AUTOS TO DO THE FARMING

Present Implements May Be Succeeded by Faster Methods.

GROWING INDEPENDENT OF THE HORSE

Charles McFayden of St. Edward Pictures the Old Days, Compares the Present, and Prophesies a Bit.

"The day that the implement manufacturers are making at this convention of dealers reminds me forcibly that the creative genius of the Yankee has been almost busy since I came to Nebraska back in the spring of 1870," said Charles McFayden, who is registered at an Omaha hotel last night, but who has his home in the center of several hundred acres of those country farm land out near St. Edward, Neb.

"In those days two men climbed onto the old-fashioned harrow and put three kinks in their backs trying to live up to the promise of the machine's makers that they could take care of ten acres of grain in a day. Ordinarily they averaged seven acres between sun up and dark. Now one man takes the modern binder, perches himself comfortably in the driver's seat and if he doesn't dispose of from fifteen to twenty acres a day the man he has his home in the center of several hundred acres of those country farm land out near St. Edward, Neb.

"But the agricultural millenium isn't reached yet and the inventor of machinery will accomplish more in the next fifty years than they have in the last fifty. Some of these days the harvest hand is going to be able to wear a 'bied' shirt right through the summer and the old Clydesdale draft horses will figure only in museums, for the machines will be run by electricity, compressed air or some other application of science. Today we boast of the machine that two horses can pull and think we're pretty hot stuff because everything is on wheels, but in another ten years, if not sooner, there will be auto-binders and auto-plows and auto-seeders and auto-threshers in the fields of Nebraska. The farmer who hasn't an auto-lumber wagon or two about his place will be so far behind the times that his boys won't be invited to the country dances and his girls will be eloping with neighboring hired hands just to get the ordinary amours of the time."

MAY GO TO THE PHILIPPINES

Unofficial Report that Second Battalion of Tenth Infantry Will Be Moved.

An unofficial report has been received in Omaha from Washington to the effect that the Second battalion of the Tenth Infantry, now at Fort Crook, is soon to receive orders to go to the Philippines, and that the First and Third battalions of that regiment, now in the Philippines, are to be returned to take their station at Fort Crook. Colonel McElmer, adjutant general of the Department of the Missouri, said Tuesday that no such orders had been received at the headquarters, but he shouldn't be surprised if they would issue before long.

"Companies A, B, C and D of the First battalion and I, K, L and M of the Third battalion are now in the Philippines," said he, "though the regimental headquarters of the Tenth Infantry are and have been at Fort Crook. It is quite probable that the home battalion will be sent to the Philippines and one or both of the others recalled, but we have received no orders to that effect."

Don't Accept Counterfeits. For piles, skin diseases, sores, cuts, bruises, burns and other wounds nothing equals DeWitt's Witch Hazel Salve. Don't accept counterfeits. None genuine except DeWitt's. I have suffered since 1882, with protruding, bleeding piles and until recently could find no permanent relief, says J. F. Gerral of St. Paul, Ark. "Finally I tried DeWitt's Witch Hazel Salve, which soon completely cured me."

NO TIME WASTED. Prompt Action is Pleasing Many Omaha Citizens.

Get down to the cause of everything. Bad backs are caused by sick kidneys. Cure the kidneys, you cure backache. Doan's Kidney Pills are for kidneys only. No time wasted trying to cure other troubles. Omaha people endorse their merit. Miss Nellie Mitchell, 415 S. 11th St., says: "After a fall I noticed my back aching occasionally, and finally continually. It grew so that I could only lie perfectly straight and the feet were forced to sleep on the floor in place of my bed. Doan's Kidney Pills, obtained at Kuhn & Co's drug store, corner of Fifteenth and Douglas streets, gradually relieved me of the aching until it finally disappeared. For sale by all dealers. Price 50c. Foster-McBarnes Co., Inc., and take no substitutes. Remember the name, Doan's, and be sure.
