Consciousness Returns for Awhile and Dying Man Says Walked in His

NEBRASKA CITY, Neb., Jan. 10 .- (Special Telegram.)-Colonel Franklin Pierco Ireland died at his home at Nebraska City at noon today as the result of a fall from an upper window of his residence at an early hour this morning. He retired at midnight in his usual health. About daylight a passerby found him lying on the stone pavement at the corner of the house. He was dressed in his nightclothes and was unconscious. He was carried in the house and a physician summoned, who found both feet crushed and a dislocation of the vertebrae in the dorsal region, producing paralysis of the lower part of the body.

After several hours, consciousness returned. The injured man suffered great pain, but his mind was clear and he talked intelligently about the accident, but could give no explanation of it, further than that he believed he must have risen during the forces, but the effects of the shock were too great, and at 1 o'clock death ensued. Franklin Pierce Ireland was born in New-

buryport, Mass., December 6, 1851. He spent his youth there and was educated in at Bowden college. He embraced the profession of the law and was a graduate of the law department of Boston university. He came to Nebraska City in the spring married to Eloise, daughter of General Isaac Coe.

He was many years prominent in local and state politics and was mayor of Nebraska City in 1890 and 1891. At the time of his death he was examiner in chancery for the United States court and was attorney for the Missouri Pacific railroad. He leaves, besides his widow, one child. been announced.

PIERCE, Neb., Jan. 10 .- (Special.) - The county officials elected last November took possession of their several offices at noon today. These officers were re-elected: F. W. Steinkraus, treasurer; Charles E. Staley, clerk; C. E. Manzer, commissioner; W. N. Stevenson, superintendent of public instruction. These officers were newly elected: J. A. Williams, county judge, and B. M. Jones, sheriff. It was rumored that the attorney for W. H. McDonald, the defeated candidate for county judge, would refuse to give up that office, but when the time came there was no resistance whatever. The republicans made a gain of one official at the late election.

ADMITS ENGINEER TO BAIL

District Attorney Jerome Says Charge of Murder is Not Possible.

INVESTIGATION FOR CAUSE OF WRECK

After Sifting Testimony and Facts Statement is Made that Manslaughter in Second Degree is Gravest Charge Warranted.

NEW YORK, Jan. 10.-The surgeons at Sellevue hospital today said that Thomas Murphy whose leg was amputated last night as a result of injuries received in Wednesday's tunnel accident, had rallied from the operation and had good chances of recovery.

Arthur Whitely, who was scalded and hurt internally, was in a critical condition today. He is 18 years of age and was employed as

Albert Wadley of New Rochelle, who had both legs fractured, improved dwing the night. His daughter has been with him constantly since he was hurt.

John M. Wisker, engineer of the White Plains local, which ran into the Norwalk train, had recovered today from the nervous collapse which followed the wreck. He became more cheerful yesterday after his wife and an attorney called to see him. Three of those hurt, George Winter, Win-

field Scultze and A. E. McCray, were not improved today. Winter was burned, his left leg was fractured and he suffered much from the shock. He is not yet out of danger. Schultze and McCray were badly burned and each has a broken leg. A. W. Adams, the carriage manufacturer of this ity, was better today.

District Attorney Jerome, State Railroad Commissioner Baker, Assistant District Atorney Garvan and Superintendent Franklin of the railroad made a trip of inspection through the tunnel today. A thorough examination of the tunnel was made, including the workings of the block signal system. Tests were made also of the distance at which lights could be seen through smoke and steam in the tunnel.

Trip Through the Tunnel.

At the end of the district attorney's trip through the tunnel, one of those who had accompanied him said they had found the atmosphere fairly clear most of the way, but at Ninety-sixth street they were enveloped in a cloud of smoke and steam so dense that nothing could be seen. On the return trip the tunnel was clear. At Sixty-third street the green lights showed plainly, that being the cautionary signal before entering the block below, and the observation engine slowed up until the red danger light was seen at Fifty-ninth street. The bell rang, but the torpedo did not explore. The engine was stopped and the officials explained that the little mogul, or observation engine, was not heavy enough nor its wheel large enough to explode the torpedo as a big passenger locomotive would do.

Action of Torpedo

According to the Evening Post the torfile, brought the suit at the request of was shown by the block system, and should Samuel Moore, and as Tilton was chairman have been out and exploded by the flange

After the inspection of the tunnel, District Attorney Jerome announced that he would not oppose an application for the release of Wischo on \$10,000 bail.

This action, he said, was the result of the investigation which showed the authorities that a charge of murder in the first degree could not be made against the engineer. The charge that could be made, he explained, was manslaughter in the second degree.

RECEIVES JUDGMENT AT LAST

Case Against Miller Estate After Numerous Rehenrings is Deeided for Plaintiff.

DEADWOOD, S. D., Jan. 10 .- (Special.)-Judgment has been rendered in circuit court at Deadwood against the estate of the late J. K. P. Miller for \$69,000, in favor of Henry R. Thurber of New York. It was a suit on notes given by Miller to the grocery firm of Thurber & Weyland of New York, prior to Miller's death, which oc curred nine years ago.

The suit has been pending ten years, being started in the state court in 1891. The plaintiff then appealed to the United

ground that the removal from the state courts was without authority. The case was then tried in Deadwood before Judge Plowman, and the defendant was again given judgment. The supreme court afterward affirmed the

findings of the lower court, but subsequently
