of a very high order. It is always a pleasure to visit a school which is so well special meeting of the city council was equipped and has such a thoroughly experienced teaching force. The work of the Omaha pupils who come to the university is very satisfactory. The length of terms is longer in Omaha than in most Nebraska high schools and the work is in the hands of specialists who can advance their pupils very rapidly. The result is that Omaha High school graduates always enter the university without conditions and in some courses they are able to get college credits for work done in the High school. Many of the Omaha students finish their university work in three and one-half years."

Still another amendment strikes out the house provision authorizing withholding the cost of collection of Philippines taxes and duties, thus reducing the gross instead of the net amount to be deposited in the special Philippine fund.

An administration amendment suggested by the Treasury department was adopted as follows: "Merchandise in bonded warehouse or otherwise in the custody and control of the officers of the customs, upon which

duties have bee paid, shall be entitled, on shipment to the Philippine islands within three years from the date of the original arrival, to a return of the duties paid, less 1 per cent, and merchandise upon which duties have not been paid may be shipped without the payment of duties to the Philippine islands within said period, under

such bonds and regulations as may be prescribed by the secretary of the treasury." Senator Lodge, chairman of the com-mittee, expressed the opinion, after the committee adjourned, that a report upon the bill would be secured at the meeting Monday. He also said that the total reduction made by the committee on Philippipe sugar coming into the United States would amount to about 35 per cent.

The democratic members of the committee did not suggest any amendments, but it is said they will press for a still further reduction of rates.

CONGRESS' POWER ABSOLUTE

Authority of Federal Government Over Forest Game Reserves

Defined by Knox. WASHINGTON, Jan. 16 .- Attorney Gen-

by Miss Callie Thompson, the bride and ral Knox, in a letter to Representative groom advanced to a bower of smilax and Lacey of lowa, chairman of the committee on public lands, has set forth his views as to the question of federal authority over Carr of the First Methodist church and to the question of federal authority over forest game preserves within the limits of a state. He quotes many law decisions to show that the power of congress is absolute to legislate for its lands within a state, holding that the government has the rights of an individual proprietor, "supplemented" of an individual proprietor, "supplemented with the power to make and enforce its own laws for the assertion of those rights. for the disposal and the full and complete management and full protection of its

ands. He expresses the opinion that congress may forbid and punish the killing of game on these preserves, no matter if the slayer is lawfully there and is not a trespasser.

Legislation in accordance with the opinions expressed is suggested. Nominations by the President.
