Tonsorial Artists Must Do Much Extra Work Every Time They Shave a Customer Herenfter-Dogs

Five councilmen acted upon City Attorkey Connell's suggestion at last night's meeting of the city council and passed an ordinance repealing the item of \$1,600 for Judge Gordon's salary during the last half of 1901, included in the last appropriation ordinance, and annulling all salary warrants which have not been delivered to Judge Gordon.

Councilmen Lobeck and Zimman opposed the ordinance and it was supported by Councilmon Hascall, Hoye, Whitehern and Karr. The other two members of the council, Mount and Burkley, were not present. In urging the passage of the ordinance, City Attorney Connell explained that Judge Gordon never took the oath required for the judicial officer and that consequently he never qualified for the office. The city attorney expressed the opinion that he will have no difficulty in preventing Judge Gordon from securing any salary which has not been paid to him as yet. He read from a number of decialons in similar cases and stated to the council that he will immediately take steps to have the order set aside which provided that the city should pay Judge Gordon his salary for 1900 and the first half

.

don his salary for 1900 and the first half of 1901.

Sanitary Barber Shops.

The ordinance requiring barbers and hairdressers to adopt strict measures to prevent the spread of disease was adopted by the vote of all the councilmen present, with the exception of Mr. Zimman. The ordinance requires that all barbershops and hairdressing parlors shall be kept in good sanitary condition. It provides that razors shall be dipped in an alcohol solution after they are used and that all combs, brushes, clippers and other tools shall be cleansed with a formalin solution. Shaving muga and brushes are to be dipped in boiling water every time they are used, and a clean towel is to be used on each person. Barbers are not to blow their breat on instruments and ser to exercise great care in keeping their hands and their clothing clean.

An Attack of Pneumonia Warded Off "Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For

Retail Grocers Indorse Union.

At a meeting of the retail grocers of Omaha local union No. 492. Retail Clerks' international Protective association, was indorsed. The union was organized last March by A. M. McDermott, with a membership of twenty-six; at present the membership numbers over 169. It is the intention of the members of the union to organize the drug clerks, hardware clerks and all others into unions. A committee is soon to be appointed by the union to call upon the other unions of the city to assist and co-operate with them in orcircle of friends.

Three weeks ago he received a letter from home and since then had been despondent, frequently saying that he was going to take his own life. A week ago he began to drink heavily. Tuesday morning he at breakfast and immediately went to lioust here."

Councilmon Appear to Be in Dark Regarding New Gas Project.

PROMOTERS ARE STRANGERS IN CITY

Business Men Regard Movement to Secure Franchise as a "Strike" at Omaha Gas Company, Which is Heedless.

The proposition of certain people to secure a franchise for the manufacture of acetylene gas in South Omaha is causing dred and Forty-first Ohio regiment, was considerable talk, but no one appears to buried Saturday. He left a widow. Both know just what is wanted, and so far the men were pioneer soldier homesteaders of members of the council appear to be ignorant about the matter.

> While the proposed ordinance granting the franchise has been published in a weekly paper it has never been formally brought to the attention of the council. and therefore the question is not under consideration.

> City Attorney Lambert holds that order to comply with the laws in force a franchise ordinance should first be inroduced in the council and then published for two weeks in some paper of general circulation. This publication and the stay of two weeks is for the purpose of permitting protests to be filed in cas citizens do not desire a franchise granted Section 58 of the city charter says that I akes 5 per cent of the legal voters of the city to file a remonstrance against the granting of any franchise, the number of signatures to be determined by the number of votes cast at the last general election. So far no attempt has been made by the

is causing the delay in the pushing of the proposed ordinance.

That Library Ordinance.

According to the opinion of City Attorney Lambert the library ordinance is now a law, even though the mayor neglects to sign it. Mr. Lambert says that when the council, by a majority vote, decided to override the mayor's veto the ordinance then became a law without the signature of the chief executive of the city.

In face of the fact that his veto had been overruled the mayor insisted upon presenting the names of nine persons as members of the library board. Members of the council say that this was a bad move on the part of the mayor, as the appointments followed the turning down of his veto.

In connection with the appointments followed the turning down of his veto.

In connection with the appointment of the library board the council proposes to exercise this authority itself, and for that reason the matter was laft over for two weeks. A glance at the list submitted by Mayor Kelly shows that seven of the nine members he named are from the old First ward. The council wants the patronage distributed so that each ward will be represented on the board.

Alkyple, Maytag, Townsend, Eimmert, Lyons, Schools—Crossley, Trewin, Hepkins, Moffit, Lister, Fittpatrick, Molesberry, Whipple, Ball, Townsend, Eishop.

Banks—Alexander, Hayward, Allyn, Hopkins, Young of Washington, Breaks, Lewis, Wilney, Tewins, Young of Washington, Breaks, Lewis, Wilney, Hopkins, Moffit, Lister, Fitzpatrick, Molesberry, Wilney, Hopkins, Moffit, Lister, Fitzpatrick, Moffit, Lister, Fitzpatri

distributed so that each ward will be represented on the board. "It is more than probable," said a member of the council yesterday, "that Mayor Kelly's list will be entirely ignored in the appointments. One thing is certain, and that is some of the women on the board intimate friends of the couple knew of the will be cut off, as it is not deemed advisable to have a petticoat government in affairs of the city where large sums of money are to be handled each year. With four women on the board the men would be practically helpless, and so the plan now is to select nine men of standing and education for the positions."

When the appointments are finally made and confirmed the board can go to work

and advertise for bids for a site. Locating City Hospital

Mayor Kelly, City Engineer Beal and one or two members of the Board of Health selected a site yesterday for the proposed city hospital. The plat of ground chosen is in the far northwestern part of the city and is fully four blocks from the

nearest house. The county has agreed to spend \$1,000 in the erection of this hospital, providing that the city of South Omaha maintains it. . At a meeting of the Board of Health to be held today it is expected that a contract will be let for the construction of the building, according to the plans drawn by the city engineer. The building is to be of brick with cement floors. It will take about 22,000 brick to construct the walls.

City officials are in communication with a man and wife who are immune and who will possibly be engaged as nurses. The mayor thinks that a tract of land adjoining the proposed hospital can be rented reasonably, and if so, the cost of maintaining the nurses will be greatly reduced. For patients who are able to pay, a charge of \$1 per day will be made, while indigents will be cared for at the expense of the city. The actual cost of maintenance will be 50 cents per day, and so the city will save enough to pay the cost of caring for those who are unable to pay the sum speci-

It is expected by members of the Board of Health that the work of constructing the building will commence shortly after today's meeting.

Receipts Steadily Increasing.

Since January 1 of the present year the receipts of cattle and hogs have been on the increase as compared with a year ago. So far this year the cattle receipts show an increase of 11.754 head, while the hog receipts run the increase up to nearly 15,000 head. There is a slight decrease in sheep receipts in comparison with the same period of time a year ago, but this is accounted for by the fact that the feeders are holding back shipments for the early spring market.

Cleaning Sidewalks.

Only a few of the merchants doing business in the downtown districs have paid any attention to the ordinance regarding the removal of snow from sidewalks, and the same may be said of the resident districts. No effort has been made by the police to enforce the sidewalk cleaning ordinance, and the consequence is that the walks in the business portion of the city are covered with ice and slush. The attention of the mayor has been called to this

violation of the city ordinances.

Club Elects Officers. The annual election of officers of the South Omaha club resulted as follows: Bruce McCulloch, president: W. B. SPOILS PLAN FOR CUT IN TAX RATE

Members of Council and of Board of Education Fall to See Where Material Reductions Can Be Made.

A republican rally will be held at Wood-man hall tonight, Reductions which the Board of Equalization made in assessments upon real and personal property amount to not less than Mrs. Charles E. Scarr, who has been quite sick, was reported better yesterday.

Members of the Board of Education are still on the anxious seat as regards indictments by the grand jury. \$200,000. After the Board of Review finished its slashing of the assessments made by the tax commissioner the grand total of assessments was almost \$300,000 less than the assessed valuation upon which taxes for 1901 were levied. The combined reductions of the Board of Review and the Board of Equalization have forced the total assessments down to half a million dollars The second ten of the King's Daughters will give an oyster supper at Woodman hall, Twenty-fifth and N streets, on Thursday evening. below the amount upon which taxes were collected last year.

Last year the total assessed valuation of Omaha property was \$36,374,186. The total valuation for this year is estimated at \$35,900,000. The Board of Review returned assessments amounting to \$36,102,565 and the Board of Equalization saw fit to reduce this sum by at least \$200,000.

This reduction in assessments will interfere to a considerable extent with the proposed reduction of the city's tax levy for 1902. Granting that the levy for 1902 becomes the same as that for last year-34 mills-the tax derived would fall more than \$20,000 short of the amount turned into the treasury last year. In short, the reduction in the assessed valuation is so great that it will decrease the receipts of the city by a sum equal approximately to that which a levy of two-thirds of a mill would yield.

Looking for Place to Cut.

Councilmen are engaged in the discussion of the tax levy which is to be made early in February and are anxiously looking for some place where a reduction can be made in expenditures in answer to the popular clamor for a lower levy. The city levy last year was 27.5 mills and the levy for school purposes was 6.5 mills, a total of 34 mills. Several weeks ago Mayor Moores expressed a desire to cut the levy for city purposes down to 25 mills and asked that estimates from all heads of departments be made with a marked reducion in view. He now has all estimates under consideration and is making every effort to find a place for retrenchment. "I do not believe it will be possible to make the city levy less than 27 mills without great damage to the city," said Councliman Mount. "There is no economy in allowing everything to fall into ruin for the purpose of keeping the levy down. Such a policy means only increased expenses the following year and is extravagance in the long run. In many of the funds only enough money is received to meet fixed charges. This is true of the water and lighting fund. No reduction can be made in the levy for the sinking funds, and if improvements are kept up no great reductions can be made in the levy for other funds."

The new engine house which is to be erected at the corner of Eleventh and Jackson streets will necessitate an expenditure of about \$35,000, about the amount which a tax of 1 mill will yield. Additional members and increased expense in the fire department will make it impossible to reduce the levy for the fire fund. The health, police, library, park and judgment funds will not stand any paring in the opinion of most of the councilmen. No cuts can be made in the levy for lighting, water rent and sinking funds. This leaves only the curbing, guttering and paving, street cleaning and sweeping, general and school funds in which cuts are conceded to be possible.

Small Chance to Save.

Public Lands—Hogue, Craig, Wilson One mill was levied for street cleaning and sweeping last year. The available income from this levy was \$32,736.77. Much of this sum was spent in paying old debts. With \$25,000 the city engineer believes the streets could be kept in fairly good conditioh. The actual income last year for sewer maintenance was \$8,838.96 and the levy was 0.27 of a mill. The levy last year for general fund was 7 mills. No overlap is to be cared for this year in the general fund and it is anticipated that some reduction will be made here. The new firehouse and the new emergency hospital, costing in all about \$40,000, are to be paid for from this fund, however, and will make any great reduction impossible. Moines.

Enrolled Bills—Winne, Trewin, Townsend.

The school levy is where the councilment had hoped to see the greatest reduction, but members of the board express the opinion that the levy will be about the same as that of last year, 6.5 mills. "Our levy will probably be about the same as last year and certainly not less than 6 mills," said H. N. Wood of the Epard of Education, Other members denied the report that the school levy will be 8 mills and said that the board will certainly hold it down to 6.5 mills. Taking into consideration the reduction in the total assessed valuation of city property, members of the city council are of the opinion that the levy for city purposes cannot be reduced materially below the levy of last year, 27.5 mills.

DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable

HEAD NOISES CEASE IMMEDIATELY.

Gentlemen: — Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected car would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises crased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartly and beg to remain very truly yours.
