LONDON, Jan 23.-The revenue collec-tions today denueded the market of sup-plies of money, the government disburse-ments were small and the Bank of Eng-land was apparently borrowing. These conditions, with the state of foreign ex-change, strengthened discounts in spite of the continental inquiry for bills. The price of the new county council loan was fixed at 98. Beyond the carry-over the Stock ex-change transactions were narrow. Kaffrs were the liveliest section. They had a hardening tendency and considerable busi-ness was done on those securities. Specu-lators were encourased with the ease with which the account was adjusted. Consols were fairly steady, considering the large number of attractive securities giving a higher yield that are coming out. Home rafis hardened. Americans opened dull, but afterward hardened. Atchisons and Union Pacifics were dull, Americans were gen-erally inanimate and closed below the best prices of the day. Rio tintos rose on Paris support. Copper started firm at 50%, be-came irregular, was active and closed quiet at 49%. Peace rumors caused considerable excitemat on the curb market and there were numerous transactions in Rands, but the general advance was small. The sum of £5,000 gold was withdrawn from the Bank of England today for shipment to Bouts America. Gold premiums are quoted: Buenos Ayres, 135.6; MadHd, 35.49 Rome, 0.1%. PARIS, Jan, 28.-Prices opened firm on the cosed irregular. Rentes were dull spanish 4s reacted on a rumor that cer-tain Spanish termines with advance with stand closed irregular. Rentes were dull spanish the reacted on a sum of the divance in spite of offers for American ac-count and the declines will oppose the finance minister. The Russian industrials were weak. Rio tintos opened strong on New York advices and maintained their atvance in spite of offers for American ac-count and the decline in copper. Kaffrs absorbed most of the attention and several stocks were in great demand. Shortly be-fore the close there was some selling, but neverthel

Coffee Market. NEW YORK, Jan. 28.-COFFEE-Snot Rio, quiet; No. 7 invoice, 53c. Mild, quiet; Cordova. \$61114c. The market opened steady, with prices b615 points lower and pretty much all day was heavy, with liquid-ation the feature of operations. A flurry of profit-taking at one time brought about a slight reaction, but the rally was of brief duration. for brisk selling for both accounts in reactive prices lower than before. Tremendous receipts in the crop country and weakness in foreign markets were the chief influences of depression. Smaller further risks so long as the crop movement continued on the present scale. The close was steady, with prices net 10715 points lower.
