WOMEN OF ALL CLASSES

Find Pe-ru-na Indispensable to Guard Against Colds, Coughs and Chronic Catarrh.

Mrs. G. W. Miller, 20 N. First street Minneapolis, Minn., writes:

"Peruna is a blessing to women. There is no greater strain on the nerves of a woman than the never ending cares of a household. When things go wrong, dinner is burned and children cry, it is not so easy to look pleasant, but when sickness in the family adds to the burden it becomes very heavy. I have found Peruna my very best friend under these difficulties. When my children was sick it cured them, and when I became overtaxed and weary Peruna restored me, and if anyone in my household caught cold a few dones of Peruna administered at once prevented unpleasant results. If every wife and mother would have a bottle of Peruna ir her medicine chest, life's burdens would be much easter to carry."-Mrs. G. W. Miller.

Miner. The club women and the house. wife join in praising Peruna. The reason for this is because both these classes are alike subject to catarrh and catarrhal diseases. Catarrh is everywhere. No class of peo-ple are exempt from its insidious ravages it enters the palace and hovel with equa-forilly. It sticks may and women with

facility. It attacks men and women with like ferocity and frequency. Strong mes and fair women are among its victims. Thus it is we find Peruna, the catarrh remedy, everywhere. The upper classes use it, the lower classes cannot do without it, and the middle classes praise it.

At this time of the year, when winter is here with its chill blasts and biting frosts, everyone should be as alert as possible to escape what seems to be almost inevitable in this climate. catarrh.

The number of peole who have catarrh of some form or other every winter, is millions.

Now is the time to get Peruna.

Now is the time to get Peruna, and it should be taken as soon as the slightest symptom of catching cold manifests itself. Many people do not seem to understand that a cold is acute catarrh; that catching cold is simply catching catarrh. An old cold is chronic catarrh. Catarrh is liable to settle anywhere in the system. While it is true that Peruna cures catarrh wherever located, yet it is advisable for everyone to use Peruna as a preventive, and not wait until catarrh has fastened itself in ne part of the system.

NO PAY UNTIL YOU KNOW IT.

I ask for no money. Simply write me postal and I will send you an order on your nearest druggist for six bottles of Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month, and if it does what I claim pay your druggist \$5.50 for \$8,000. Mr. Weeth will take charge of for it. If it doesn't, I will pay him myself. I have no samples. Any medicine that

can affect Rheumatism with but a few doses must be drugged to the verge of danger. I use no such drugs. It is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you. I know it and I take this risk. I have cured tens of thousands of cases in this way, and my records priests passed the evening recalling incishow that 39 out of 40 who get those six bottles pay, and gladly.
