A number of the neighbors appear to have taken considerable interest in the case and both the assistant county attorney and Justice Bryant have received letters offering advice. Some of the letters were from evident friends of Mrs. James, who thought no punishment too severe for the husband ile others were from those who evidently believed James to be a model husband and savised the court to dismiss the case and "send James home as soon as possible." James is assistant city garbage master, osition he has held for several years.

Flesher of this city is plaintiff and he asks for \$1,999 to compensate him for injuries said to have been received last December while employed at the roundhouse and coal shutes in the local yards.

Being entirely cured of deafness, thanks to your treatment, I will now give you

Gentlemen: — Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most emineut ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York spaper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to day, after five weeks, my hearing in the diseased car has been entirely restored. I thank you heartily and beg to remain

Yery truly yours.
