VIOLENCE IN NEW ORLEANS

Attempt to Run the Street Cars Makes Serious Trouble.

NONUNION MOTORMEN ARE ATTACKED

Mayor to Swear in Extra Police Force and Call May Be Made Upon Governor for the Militia.

NEW ORLEANS, Oct. 7.—Violence started at the first attempt of the railway company to carry out the order of the mayor to run its cars today. Just before 7 o'clock the company started out three cars from the barns on Canal street. On each car, manned by a nonunion motorman, there was a large force of policemen. Large crowds of strikers and sympathizers were on the streets.

When the cars reached Giro street the tracks were blocked and when they came to a stop the crowd made an attack. Wire and ropes were cut and the cars were hoisted. A pistol shot was fired and the nonunion motorman attacked. One of them was badly cut. The police seemed unable to cope with the situation.

Strikers Taken Prisoners.

In a disturbance at Tonti street, where a car was held up, F. H. Schwencik, with three others, were bodily taken possession of by the strikers. Two were kept prisoners in union headquarters all afternoon, carefully guarded and not even members of the union were allowed to talk to them. The other two are concealed tonight. A fifth man became frightened, and when his sweetheart clung to his neck and dragged him from the car he was greeted with cheers by the strikers. He is to be married tomorrow night.

Four cars were started out with nonunion motormen and conductors, each carrying eleven policemen, while 100 policemen were massed in the vicinity, but when the first car reached Tonti street the strikers and their sympathizers made a rush, got possession and won the day with ease. The police made no show of resisting the assault.

Leave Cars Idle on Tracks.

When the rioting spent itself three cars were left standing upon the tracks, guarded by policemen. All the windows in them were smashed and they were otherwise damaged. F. H. Schwencik, a conductor, was the man who was otherwise badly beaten. The mob of strikers captured Schwencik and his motorman and both consented to join the union. Some of the policemen were hurt by flying stones.

The indications are that the company has imported a number of men from other cities. As soon as news of the rioting reached the city hall the mayor issued an order for a meeting of the police board. It is understood it is the intention to swear in special police officers.

The company informed Mayor Capdeville that the police protection was inadequate, and at 4 o'clock the mayor issued a call for 1,000 volunteer citizen police. The response to the call have been few and it looks now as though the militia will be called out. The mayor tried early in the day to swear in emergency patrolmen, but only seven men answered the call.

Ready to Run Mussy Cars.

The company says it will be ready to run twenty-five cars tomorrow if protection is given, but from the outlook there will not be much additional protection tomorrow morning.

needed with a detective agency in that city, was on one of the cars during the rioting. Eidsen very pluckily climbed on top and adjusted the trolley pole when it was first pulled down. The mob made a rush for him when he descended, but the police managed to protect him and he was taken to the central station in a patrol wagon, hooded and jeered by a multitude. Eidsen said he had been employed by the company and that he had brought twenty men from St. Louis.

CORN PALACE PROVES SUCCESS

Receipts Pay All Expenses and Leave a Nice Balance in the Treasury.

MITCHELL, S. D., Oct. 7.—(Special Telegram.)—Tomorrow evening the corn palace, which has been held in this city for the last ten days, will come to a close. Today has been a highly successful one and the attendance was very satisfactory. Fifty cows were shown in the range with their horns and the morning and gave an exciting parade at the close of the afternoon. They demurely rode up the streets for several blocks and then the whole bunch turned through the main street and created a great sensation. The weather has been excellent and the attendance has been such as to pay all the expenses and leave a large surplus in the treasury.

DEMOCRATS LIKE ROOSEVELT

Approve His Attack on Trusts and Attempt to End Coal War.

RAPID CITY, S. D., Oct. 7.—The peculiar spectacle of a political gathering indorsing the policy of the latter or the opposition party was presented here today. Resolutions were adopted by the delegates to the Pennington county democratic nominating convention, indorsing the attitude of President Roosevelt with relation to the trusts and hearty commending his efforts "to suppress unlawful combinations."

Stranger Caught Forgery Checks.

ANDERSEN, S. D., Oct. 7.—(Special Telegram.)—Several business men here have been worked by a stranger who paid small bills with checks bearing the forged signature of J. L. Loeb, a wealthy German farmer living near town. The checks were drawn in amounts ranging from \$10 to \$50. It is thought fifteen or more were cashed, netting the swindler between \$100 and \$200. No clue to the forger, who left town as soon as the checks were cashed, has been obtained.

PROFESSOR IS A SUICIDE

J. J. Iglehart Shoots Himself in Centralia Hotel Without Apparent Reason.

CENTRALIA, Mo., Oct. 7.—Prof. J. J. Iglehart, a prominent educator of Columbia, Mo., committed suicide at the Globe hotel today by shooting. He was for several years principal of the schools at Columbia and Rocheport, Mo.

COLOMBIAN VESSEL SAILS

Fitted at San Francisco and Manned by Americans, Bogota Johns Navy.

SAN FRANCISCO, Oct. 7.—The gunboat Bogota, the vessel of the Colombian government which has been fitting out here for some time past, sailed for southern waters this afternoon. She is manned almost entirely by Americans.

ASK FOR ANNUAL MANEUVERS

Officers at Fort Riley Imbued with Satisfaction Over Recent Exercises.

PROCEEDINGS END WITH SHAM BATTLE

Troops Form for Attack and Defense, Fire Few Shots and Turn to Empire for His Final Award.

FOR RILEY, Kan., Oct. 7.—Today's proceedings brought the military maneuvers to an end, a concluding meeting of national guard officers declaring in favor of annual exercises.

The proceedings were poor things to look at for those wishing to see any of the pomp and circumstances war. The exercise was the deployment of a line of battle preparatory to making an attack upon an enemy in position.

The situation was assumed to be that a Blue division moving from the south upon Stockdale had crossed the Republican and Kansas rivers at Fort Riley. The Blue commander, learning that a Brown division of two brigades, with artillery and cavalry, had taken up a defensive position near the north reservation line, moved forward to attack with the intention of defeating it before it could be reinforced.

Cavalry Act as Infantry.

The Brown force consisted of two squadrons of cavalry and four companies of infantry. The cavalry, with the exception of one company acting as scouts, served as infantry and in estimating the strength of the defense each company of cavalry was supposed to be a regiment of infantry.

The Blues were commanded by General Kobbe and included all the remaining regulars. The Blues advanced to the attack in three columns with great energy.

Pontoon Bridge Found Good.

The pontoon bridge constructed across the Kansas river by the engineers was tested by a succession of troops, infantry, cavalry and artillery. The bridge has been kept in place with much difficulty because of high water. It withstood every test and was declared good enough for anybody in times of war.

With the close of the maneuvers all believe that excellent results have been obtained and that much greater good could be accomplished by maneuvers conducted upon a scale more extensive.

It's a "Gazand."

That's all you need to know about a stove or range.

NEW HOPE FOR COAL

(Continued from First Page.)

This was prepared and issued by Secretary Corley shortly before 2 o'clock.

Operators Also Meet.

NEW YORK, Oct. 7.—A number of the coal operators were present at the meeting of the Temple Iron and Coal company, held yesterday afternoon at the Philadelphia and Reading office, and later took a train for Philadelphia.

WILKESBARRE, Pa., Oct. 7.—The president's message to Mr. Mitchell became known this evening and it was earnestly discussed by the striking miners and citizens generally. It is positively known to those who are close to the officers of the union that President Mitchell and his district presidents have all along been opposed to the men returning to work without some concessions, but whether they are still so inclined with the president appealing to them cannot be officially stated. It is reasonably certain, however, that they are still opposed to such action and that the general sentiment of the strikers is with them.

Vote Continued Fight.

The 2,500 striking mine workers of the Prospect, Oakdale and Midvale collieries of the Lehigh Valley Coal company met today and unanimously decided to remain on strike until they get some concessions.

There seems to be a feeling among some of the mine operators that the mere move of sending all the troops of the state into the coal region may not have the desired effect of bringing about an early resumption. They say it depends altogether upon where the military plant is located.

Soldiers Pay for Strikers.

Several hundred of the several thousand National Guardsmen now in the field are strikers and they propose to turn a portion of their pay from the state over to the relief of their fellow workers.

While the miners generally condemn the calling of the troops, they say that great in the end it will be a help to them.

Protest Against Troops.

None of the additional troops ordered out have arrived here and no one seems to know when they will come. It is said that the headquarters of one of the three brigades will be established here. The borough council of Plymouth at its meeting last night passed a resolution, with one dissenting vote, protesting against the presence in the borough of the troops. A battalion of the Ninth regiment was placed in that community yesterday.

The situation, so far as the mining of coal is concerned, remains absolutely unchanged. There is some coal being shipped, but the quantity is very small compared with the normal production.

Troops Disperse Rock Throwers.

SHAMOKIN, Oct. 7.—Companies of the Fourth regiment were rushed to the Royal Oak colliery from Mount Carmel this evening and dispersed 1,000 people watching twenty-nonunionists who were behind a barricade in the breakers. At the sight of the troops the mob fled, but some of them hurled rocks at the nonunionists before they escaped.

WOMEN HOLD GRAND LODGE

Annual Session of Degree of Honor, Ancient Order United Workmen.

SPIRITED CONTEST ON FOR THE OFFICES

Representatives from Two Hundred and Twenty Local Lodges and All the Grand Officers Are in Attendance.

Yesterday was the day when the members of the Ancient Order of United Workmen throughout the state were eating cold lunches and taking care of the children, for at 10 o'clock the grand lodge of the Degree of Honor, the women's auxiliary, with all its officers and representatives from 220 lodges present, began its seventh annual session.

Though the meeting was called for 10 o'clock, long before 9 Washington hall was crowded with those awaiting the conferring of the grand lodge degree. Only a few of the good brothers have ventured to the hall, and these, in the main, went for instructions regarding the caretaking of the children and to find out how long it would be thus.

The morning session was called to order promptly at 10 o'clock by Grand Chief Mrs. Honor Harding, and the lodge immediately got down to business. After the credentials had been filed the conferring of the grand lodge degree upon the past chiefs of honor occupied the entire session.

At the afternoon session the following nomination was made: For grand chief of honor, Mrs. Adella Harding, Hebron; for grand chief of ceremonies, Mrs. Ella M. Hall, South Omaha; for grand recorder, Mrs. Teresa Hempel, Lincoln; Mrs. Mary Kalkh, Fremont; for grand receiver, Mrs. Mary Miller, Dillard; Mrs. Mary Harris, Omaha; for grand usher, Mrs. Maggie Bright, Omaha; Mrs. Maria Smith, Holdrege; Florence O'Neill, York; Lula Bossmeyer, Superior; Susie Hutchinson, Hamberg; for grand inside watch, Mrs. Mollie Erickson, Brewster; Mrs. Mary Wilson, Omaha; Mrs. Orman, Edison; for grand outside watch, Miss Ella Van Wirt, Guide Rock; Mrs. A. Brumby, Bradshaw; Dora Jackson, Louisville; Florence Haswell, David City; for grand trustees, Julia Galbraith, Albia; Mrs. Wagner, Omaha; Mrs. Polly, Pawnee City; Elvera, past grand chiefs of honor were nominated as candidates for representative to the superior lodge. There are three to elect.

ATTENDANCE AT STREET FAIR

Over Hundred and Twenty-Two Thousand Paid Admissions in Ten Days.

Tuesday afternoon Treasurer Penfold of the Knights of Ak-Bar-Ben issued a statement of the attendance at the street fair. According to this report Saturday, September 27, was the big day, the attendance being over 25,000. These figures are for the paid admissions, those passing through the turnstiles as shown by the registers. The admission fee being 10 cents the total receipts from attendance at the street fair would be \$11,883.66. Last year the total attendance in round numbers was 106,000, against 122,800 this year, in both cases the attendance on children's day being counted. The statement of the treasurer is as follows:

BRINGS HIS RAZOR INTO PLAY

Colored Man Does Some Slashing and Gets Away from Police.

In a fight between colored people in the room of Frankie Williams on South street near Douglas yesterday afternoon Lee Davis was badly cut across the left hip by a man supposed to be Thomas Phillips. After the cutting Phillips disappeared. Frankie Williams was lodged in jail and Davis was turned over to the police surgeon, who sewed up his wounds. The slash was several inches deep and three inches long. Before he could be taken to the station Davis lost considerable blood and fainted during the dressing of the wound. According to the Williams woman Davis came to her room and began to abuse Phillips by calling her vile names and tearing around generally. She struck him in the nose and called to Phillips to help her. Phillips did so, using his razor. Davis is employed at the Union Pacific shops.

Cow's Milk

Pierce is Still Unconscious.

Freeman Pierce, the man who was injured Monday afternoon while working on a street car, is still unconscious at Clark and Harney streets by the falling of a thirteen-foot iron pipe. Pierce is still in a hospital, although there is apparently some improvement in his condition. Yesterday afternoon the man's identity could not be ascertained. He had come to the hospital from the Cleveland street car and his name had not yet been put on the pay roll. Late yesterday afternoon Pierce came to his senses and identified the injured man as his brother-in-law. Pierce was seen yesterday with her at 1311 Cumming street. He had come home from work Monday evening and when he read an account of the accident in the Bee he feared that the injured man was Pierce. The injured man is 28 years old and unmarried.
