Dullness Gives Way to Firmness as Day Grows Older.

PRICES CLOSE WITH DISTINCT GAINS

Provisions Ensy, Owing to Declines in Money Asked for Hogs-Demand Largely Local, with Small

CHICAGO. Oct. 8.—Dullness again was the feature of Board of Trade markets to-day. Prices were dull, but firmness developed later in the day. December wheat closing 1/26 higher. December corn 1/27/26 higher and oats 1/26 higher. January pork closed from a shade to 71/26 higher.

Wheat started weak on favorable weather in the northwest and southwest. There was fair commission house buying throughout the entire session, induced by the strength in outside markets and smail local receipts and the close was strong. December opened a shade to 1/26 lower at 69/40/20, sold at 69/40 and then railled steadily, closing 1/26 higher at 69/40/200, the high point of the day. Clearances of wheat and flour were equal to 437 bushels. Primary receipts were 1.080/00 bushels, compared with 1,170/00 bushels as year ago. Minneapolis and Duluth reported receipts of 7/45 cars, which with local receipts of 90 cars—4 of contract grade—made total receipts for the three points of 838 cars a year ago.

Corn opened easier, influenced by lower cables and good weather throughout the west. The Missouri crop report claimed this year's crop would be the largest in the history of the state and some seiling developed as a result of this sannouncement. Good demand and bullish sentiment among local traders, however, more than counterbalanced these depressing factors and there was good buying throughout the day. Trading on the whole was nevertheless more restricted than of late. Heavy buying of May by a local long late in the day caused a strong close. December opened 1/46/40 to 1/46/40 lower at 48/40 to 48/40 lower at 48/

upward tirn and the latter part of the session was strong. The close was at the top at 48%c, a gain of %6%c. Local receipts were 60 cars, with 6 of contract grade.

Onta were featureless early, with some seiling, due to reports of excellent weather. After an easy opening some strength developed on local buying and the close was firm. December opened %c lower at 32%c and sold between 32%c and 32%c, closing at the high point with a gain of %c. Local receipts were ill cars.

Provisions were easy, influenced largely by further declines in the price of home.

receipts were III cars.

Provisions were easy, influenced largely by further declines in the price of hogs. Trade was dull. Demand was largely local, with offerings coming mainly from small holders. January pork closed 7½c higher at \$15.77½, lard was 2½c higher and ribs a shade higher at \$8.90@8.93½ and \$8.25@8.27½, respectively. respectively.

Peoria Market.

NEW YORK, Oct. 8.—There was decided relief today from the pressure of the credit contraction by the banks and the result was a sharp recovery in the prices of stocks. The demand to over short contracts by the bears was a co-siderable factor, as the recent heavy rains nave made operators on that side of the market quite hold. There was some show of strength in the early buying and considerable gains were established. The enthusiasm, now-ever, did not last the day out and the bears regained some confidence and ceased their efforts to cover. Some points of strength persisted to the last, notacy Union racidic, but the market generally became somewhat apathetic and closing prices were generally below the best. A stife in present and a heavy selling movement in Amalgamated Copper served to unastite the late dealings. The weakness of Amalgamated Copper served to unastite the late dealings. The weakness of Amalgamated is due to the decline in price of copper both the strength of the banks as a result of the week's liquidation and several developments today tending to replenish their cish resources gave ruse to the query whether the corner had been turned in money stringency; that some confidence might be relit that forced liquidation or stocks had come to an end. The earlier view was that sis might be hoped for with some confidence, but the wavering course of prices later in the day showed that this opinion was snaken. The mere fact that today's volume of dealings ran to but little over 600,000 shares compared with an average of anout 1,000,000 during the recent days of weakness shows that the recovery was lacking in strong impetus. The banks also allowed no aa-position to deviate from their recent determination not to extend credits to stock market customers for the present.

There was a payment due today of nearly 18,000,000 and payable this week. Fifty per cent of subscriptions to the washed as veek from today. A 30 per cent is payable a week from today. A 30 per cent is payable and the market. Heassuring reports of

Show of Strength in Early Hours, but Enthusiasm Does Not Last.

NEW YORK, Oct 8.—There was decided relief today from the pressure of the credit contraction by the banks and the result was a sharp recovery in the prices of stocks. The demand to cycer short contracts by the bears was a cc-siderable factor, as the recent heavy rains nave made operators on that side of the market quite bold. There was some shaw of strength in the early buying and considerable gams were established. The enthusiasm, nowever, did not last the day out and the bears regained some confidence and ceased their efforts to cover. Some points of strength persisted to the last, notatory Union Pacelle, but the market generally became somewhat apathetic and closing prices were generally below the best. A stiffening in the money rate late in the Gay to 15 percent and a heavy selling movement in Amaigamated Copper served to unsettie the late equilings. The weakness of Amaiga—

LONDON, Oct. S.—Money was easier and in quiet demand in the market today. Discounts were steady. Business on the Stock exchange opened unsatisfactory apart from a good undertone in foreigners. The uncertainty regarding Americans was due largely to the unfavorable attitude of President Mitchell of the United Mine Workers of America, which had an effect upon the whole market. Subsequently business became more cheerful and Americans railled to above parity, but this was not maintained, and prices closed irregular. Consols fluctuated and closed with an improvement. Home rails hardened fractionally. Grand Trunks were inactive. Canadian Pacifics were heavy, but improved later. Rio tintos declined on less favorable dividend rumors. Gold premiums are quoted as follows: At Buenos Ayres, 128.20; at Madrid, 33.22; at Lisbon, 26.50; at Rome. 62.

PARIS, Oct. S.—Prices were firm on the bourse today. Rentes were quiet and Spanish és and Spanish rails were in good inquiry. Russian industrials were supported. Thomeon-Houston was heavy and Metropolitans were firm. Rio tintos were unsettled and closed heavy, DeBeers were in good demand. Kaffirs were well supported. There were a few realizations in Brazilians. French rails finished with a general rise, caused by a number of buying orders. The private rate of discount was 25-16 pen cent. Three per cent rentes, 1001 27%c for the account. Exchange on London, 25f 16c for checks. Spanish 4s, 88.97%.

BERLIN, Oct. 8.—Internationals were well well maintained on the bourse today. Mines were firm, stimulating the whole market, despite discouraging New York advices.
