COMMERCIAL CLUB EXCURSION

Jobs and Manufacturers Will Inva... Iowa and Missouri Next Week.

INITIAL TRIP INTO THIS TERRITORY

Will Travel in Special Train of Decorated Pullmans and Take Pictorial Supply of Gate City Souvenirs.

Omaha jobs and manufacturers will invade en masse next week a territory in which a number of them have been doing a good business for many years, and between which and Omaha there exists a cordial feeling, but still one many of them have not visited in person.

They will travel on a special train of Pullman cars, and to let the world know they are on earth and strictly in it they will take along with them a first-class band. It will be brought into service at the towns at which stops are made, and will also play a part in the impromptu parades or receptions. The train will be decorated with banners and the members of the party will be decorated with Omaha buttons. A plentiful supply of Omaha souvenirs will also be taken along for distribution.

Iowa and Missouri Towns.

Iowa and Missouri cities along the Burlington will be visited, and there will be more of them, and there is a larger Omaha trade in them than the towns visited on any previous excursion taken under the auspices of the Commercial club. For that reason, and also because it will be the initial trip into the territory, the Commercial club desires to have as many as possible of Omaha's solid and representative business men go on it. In order that ample accommodations may be provided for all those who desire to go are requested to communicate with the club within the next two or three days.
