JOY SUTPHEN CASE IS HEARD
 Judge Estelle Will Now Decide Whether Lad is to Have a Diploma.

The case of Joy Sutphen against the Board of Education of Omaha to secure a diploma as graduate of the high school, was argued on demurrer before Judge Estelle yesterday and at the conclusion of the hearing the judge took the matter under advisement.

The attorney for the school board, for the purpose of the demurrer admitting the truth of the allegations of the plaintiff, insisted in his argument that the board was the sole judge of its action with reference to the issuing of diplomas and that it could not be compelled by a court to act in the matter because it was one involving a decision which is placed by law solely within the control of the board.

G. W. Shields, who appears for the plaintiff, said that the secretary of the board had placed at his disposal all of the papers he desired except one, that one being the list of pupils for whom the secretary had been instructed to prepare diplomas. The attorney said this paper had been destroyed by the secretary after a demand had been made upon him for the production of it.

Rev. H. C. Herring took the "business man's" place on the Transmississippi Summer School of Superintendence yesterday. Edward P. Smith not being able to fill his engagement. Mr. Herring spoke of the large number of employers for whom the school superintendents work, among them being, it has frequently been reported, the local politicians and the American Book Concern. It was a wonder, with so many employers that they did not become confused mentally, but in fact it was a good thing for the superintendents and teachers—they could try to please the best and discourage the worst, and it obliged them to make and walk in their own paths.

Dr. Herring said the business men demanded that the schools be up-to-date and there was a great temptation among superintendents and teachers to adopt fads in an attempt to appear, whether they were or not, up-to-date. The business men were opposed to fads—they did not insist on having simply the three R's, but they wanted all that was good and the staple things and wanted them developed as far and as thoroughly as possible.

"It is better to turn out good and strong men and women, can technical experts," continued Mr. Herring. "For the good of education there should be broad culture on the part of teachers, and the people should be allowed to see it, and there should be conferences, such as the present school, for getting together on an important factor in the progress of the age. Superintendents and teachers, and therefore moulds the prime element in the great educational system of the United States."

The inspection of the smelter Tuesday afternoon was greatly enjoyed by all. After a talk yesterday afternoon by Superintendent Stetson on "Men I Have Known," including the prominent men of Maine for the past fifteen years, special cars were taken for South Omaha, where the packing houses were visited. Tuesday afternoon the Burlington headquarters and the Union Pacific shops will be inspected.

IS YOUR COAT DUSTY?
 You Probably Have the White Scab of Dandruff on it.
 If your coat or shoulders have a white dust upon it, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbro's Herpicide kills the germ. Every toilet table should have such a hair-dressing that contains also the destroyer of the dandruff and hair falling germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good" will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Sherman & McConnell Drug Co., special agents.

Company L of the First battalion, Nebraska National Guard, will give a sham battle and exhibition drill at Courtland Beach July 4.

There's No Expense
 to us in selling our "Men's Special" \$3.50 shoes—They're only one line of a hundred—we would have to have the same help-pay the same rent and be at as much general expense if we didn't have a "3.50 Special" in the house.

That makes it so we can put more value in them than where the expenses of the business depend on the profits of a \$3.50 shoe.

South Dakota Editors Coming.
 Glen M. Parley of Madison, S. D., secretary of the South Dakota Press association, is in the city to inform the committee of the Commercial and Press clubs that the members of the Dakota organization will assemble in Omaha, August 17, for the purpose of making an excursion to Salt Lake City. As Omaha is the most convenient point en route, they will come here, about sixty in number, and spend the 34th here, going west in the evening. Mr. Parley hopes to arrange with the local clubs for some pleasant manner of spending the time.

The coolest place in this section is Lake Matawa.

TWO BURNED BY GASOLINE
 Man and Wife Suffer from Explosion of Stove in Their House.

By the explosion of a gasoline stove at the residence of L. Farrar, 2743 South Thirtieth street, about 1 o'clock, both Mr. and Mrs. Farrar were burned, the former only slightly about the hands, and Mrs. Farrar about the hands and body. When the stove exploded both husband and wife attempted to smother the flames. The dress worn by Mrs. Farrar caught fire and before the husband could smother the blaze she had been badly burned. While painful, her wounds are not dangerous. The explosion set fire to the house and about \$5 damage was done before the department extinguished it.
