DES MOINES, July 23.-(Special.)-The success of the experiment begun in the state of lows for having a free distribution of weather reports to the farmers and other 'phone patrons over the 1,200 telephone lines of the state has proved successful beyond the expectations of the Weather bureau men. Dr. George M. Chappel, in charge of the Weather bureau for this state, is responsible for the innovation. He found that a number of telephone managers had gained some reputation and credit by sending out the weather reports to all patrons. He entered into correspondence with all the heads of the important telephone systems in the state and as a result he is now sending to the

Statistics have been gathered here to show the growth of labor unions in the state, and they show that there has been an enormous increase in the number of unions and in the membership the last few years. According to the official report of the bureau of labor statistics for 1900, there were then 396 unions in the state, with an aggregate membership of 26,068. The latest collection of statistics for the same purpose, though not yet complete in every particular, will show that there are now upwards of 950 unions in the state, with a membership of over 45,000, and the work of organization is going on rapidly all the time. Of the different unions in the state, 353 are affiliated with the State Federation of Labor and 720 with the American Federation.

At the time of the general convention of the Christian church here a few weeks ago Rev. and Mrs. S. G. Griffitha of Boone offered to go as missionaries to Thibet and accompany Mrs. Sarah Rijnhart, who had labored as a missionary and doctor in that field. The money was raised here with which Dr. Bljnhart was to replace her medical instruments lost. The Griffiths have been refused permission to go to Thibet after a medical examination, as it was found that Mrs. Griffiths is of a neryous temperament and could not stand the work there. Mr. Griffith will therefore remain as pastor of the church at Boone.

Revives Veterans' Association.

The Western Iowa Veterans' association, which for the last four years has been in a state of sommolency, has been revived with A. J. Patrick, of Ute, commander; Hon. J. C. Milliman, of Logan, former lleutenant governor, vice commander, and P. C. Stire, of Manilla, chaplain. The association has accepted the invitation of the eitizens of Ute to hold the annual reunion there and has fixed August 20 and 21 as the date for the gathering. The association's membership is made up of veterans of the civil war living in the counties of Pottawattamle, Monona, Ida, Crawford, Shelby and Harrison. Until four years ago it held annual reunions in different places in the district, which, owing to the lack of attendance and interest, were discontinued. The association has now been revived and a big old-fashioned campfire gathering is being looked forward to at Ute next month.
