CALLS PICKETING LEGAL

Chicago Judge Ignores Superior Decisions in Labor Union Case.

OMAHA RAILROAD OFFERS COMPROMISE

Third Proposal is Made to Settle Strike of Boiler Makers on 40-40 a Day Basis, Which Men Consider.

CHICAGO, July 29.—Judge Cavanaugh, in a decision today, decided that labor unions have the right to place pickets about a plant where a strike is in progress and he also declared that workmen have the right to persuade workmen to quit work.

The jurist furthermore held that sending men to jail upon affidavits that they have violated an injunction is illegal. Judge Cavanaugh's decision is directly opposed to decisions rendered in the superior court.

The price of overalls, jumpers and other cotton garments for workmen will be advanced sharply all over the United States, according to a statement made by E. A. White of Escanaba, Pa., secretary of the United Made Garments Manufacturers' association. In conversation here, the association includes nearly all the makers using the union label.

The advance will be noted, and must be considered due to the increase in the price of fabrics," said A. B. White, "The union men buy most of our goods and will obtain them even if the cost is greater."

Omaha Offers Compromise. ST. PAUL, July 29.—The Omaha road made its third concession to the striking boiler makers today. In an effort to meet the men half way it offered \$3.00 a day at the St. Paul and Sioux city shops and \$3.40 a day for the rest of the plant.

The strikers refused to accept the offer. The strikers demand \$4.00 a day.

Wrecker Makers to Strike. NEW YORK, July 29.—At a mass meeting under the auspices of the wrecker makers, 1,000 girls employed in that trade here have been ordered to strike for a nine hour day.

Detroit Cars Delayed. DETROIT, Mich., July 29.—All the street cars in the city were tied up for more than two hours this morning at the time travel is usually heaviest by a strike of thirty-five firemen at the power house of the Detroit United railways.

The men struck to enforce a demand for an eight-hour day made some time ago. Outside help was rushed to the power house and by 8 o'clock three of the five companies had a few cars running on most of the lines. Later three of the firemen had returned to work, while the others were endeavoring to induce the engineers to join the men in their strike.

Three thousand people were late in getting to work owing to the tieup. An agreement was reached between the strikers and Superintendent Shanley of the Detroit United railway at a conference this afternoon and the men agreed to resume work under the old conditions. Conditions, however, will be resumed where they were broken off by the strike this morning and a conference seeking an adjustment of all differences, will be held Monday afternoon.

Mob Attacks Nonunionist. NEW YORK, July 29.—The police reserves tonight battled with a mob of striking drivers, who began their fight today for

shorter hours against the New York Transfer company.

The trouble was precipitated when one of the drivers who refused to join them made his appearance on Seventh avenue. The mob cut the traces from the horses and rolled the wagon into the gutter and then attacked the driver with knives. The driver held his own for a time, seating his assailants off with the butt end of his whip, but finally he was struck on the head with a brick and nearly knocked off the wagon and would have been roughly handled but for the timely arrival of the reserves.

Pittsburg Faces Building Crisis.

PITTSBURG, July 29.—Indications point to an almost entire suspension of building operations in the Pittsburg district within forty-eight hours as a result of a fight between the Building Trades council and the Builders' Exchange league.

About a week ago the Building Trades council ordered a strike of all men affiliated with them who were employed by the contracting firm of A. & S. Wilson because the firm employs a non-union hoisting engineer and refused to sign the scale. This order affected nearly 1,000 men and effectively tied up the majority of the firm's contracts.

Tonight the Builders' Exchange league, of which the firm is a member, took up the matter and after a full discussion adopted a resolution to call for the appointment of a committee to notify the Building Trades council that unless the strike is called off within forty-eight hours the employers of all workmen connected with the Building Trades council will suspend their order until the matter has been satisfactorily settled.

HANGS HIMSELF IN A BARN

Financial Trouble Causes O. F. Barnwell to Take His Life.

ST. EDWARD, Neb., July 29.—(Special Telegram.)—O. F. Barnwell, a prominent man of this county, was found this morning in his barn hanging by a chain from a rafter.

He had got up at 4 o'clock to do the chores and when his wife called him to breakfast at 8 she found him dead. He leaves five children, one son being station agent on the B. & O. He was county agent for the Singer Sewing Machine company. District agent Ed A. Jones arrived last night and agent a short interview they agreed to meet this morning at 7 to check up. The dead man carried \$4,000 life insurance and paid all the assessments in advance last night.

The table d'hote dinner at the Blue Ribbon cafe costs 60c. You can't duplicate it for \$1 elsewhere.

ORDERS DEWEY FENCES DOWN

Department of Justice Tells Kansas Murder Suspect to Release Stolen Land.

TOPEKA, July 29.—On orders from the Department of Justice at Washington, United States District Attorney Dean has directed C. P. Dewey, the ranchman of Cheney county war fame, to tear down eleven miles of fence which partially incloses thirteen sections of government land.

Dewey is one of fifteen or more ranchmen who is said to have government land inclosed.

CUMMINS TALKS TO BANKERS

Iowa Governor Urges Necessity of Reform in Currency Laws. FAVORS FOWLER OR SIMILAR PLAN Says Reason Congress Does Not Enact Legislation is Because Too Many Members Want to "Stand Pat."

DAVENPORT, Ia., July 29.—(Special.)—The Iowa State Bankers' association, in session in Davenport, held a joint meeting today with the bankers from Illinois, who have been in convention over at Rock Island. The feature of the day was the address by Congressman Fowler and Governor Cummins.

The Iowa association elected officers as follows: President, L. F. Potter, Harlan; vice president, Frank Y. Locke, Sibley; treasurer, D. H. McKee, Mediaolis; secretary, J. M. Dinwiddie, Cedar Rapids. Appointments of delegates to the American Bankers' association at San Francisco were made as follows: Ralph Van Vechten, Cedar Rapids; E. E. Hart, Council Bluffs; L. F. Potter, Harlan; G. D. Ellzyson, Des Moines; C. H. Mills, Clinton; F. Helms, Davenport; C. H. McNeider, Mason City; R. A. Crawford, Des Moines; G. S. Gilbertson, Forest City; Charles Walker, Patoka; E. D. Huxford, Cherokee; G. R. Crocker, Charleston; A. F. Keck, Washington; G. J. Fletcher, Marshalltown; Lyman Edwards, Burlington.

At the meeting this morning Governor Cummins spoke on the "Conservation of Prosperity," and aroused great enthusiasm by his remarks. After discussing the prevailing prosperity and indicating that it was something that should be preserved at all hazards, he presented a view of the necessity for reform legislation as affecting the business interests of the country, saying among other things:

"That the present system for furnishing a currency to do a business already vast and constantly growing is inadequate is beyond controversy. That a system can be devised which will be adequate must be admitted, else man is no longer master of the conditions which he creates. You know and I know that a reform in the money laws touching currency is one of the things so necessary that the nation has been waiting for it in the agony of its movements. Why is it a reform not effected? You may tell me that it is because the members of congress cannot agree upon a plan. But this will be a superficial answer. There are different business interests in the men who have always differed and always will differ upon such questions."

Too Many stand Pat. If you will examine profoundly your own hearts you will agree with me that the reason the Fowler bill or some other bill of like scope has not been passed is because it was not adopted by the last congress was because there were too many members who wanted to "stand pat," and were determined to "let well enough alone."

The real spirit that stands like a giant in the way of progress in this direction is the conservatism of the properly. If men are in earnest with respect to the object to be accomplished they will compose their differences and to the object to be accomplished that will have the desired result. We may be compelled to wait until we are in the grips of financial distress before we see what ought to be done. It is hard to say. You can help to make public opinion upon this or any other subject.

You can help to refuse the greatest folly, which is the most prosperous under certain laws, that those laws will keep us prosperous.

The Iowa State Bankers' association closed its seventeenth annual convention today. It was decided to offer a standing reward of \$1,000 for the arrest and conviction of any person who might rob a bank belonging to a member of the association. For information leading to the arrest of such a burglar the association will pay \$500. A uniform system of bank money orders was recommended. Steps will be taken to make this measure practicable. Over-capitalization of corporations was condemned and legislation will be asked to correct the watering of stocks.

There was no meeting of the Illinois Bankers' association today, but the executive council met and organized by electing Thomas B. Cattan of Ottawa chairman. Members of the association had a joint meeting with the Iowa Bankers' association. Congressman Charles N. Fowler of New Jersey advocated asset currency in an address before the joint meeting.

EWEN PRIMED WITH FEUD YARN

Hargis and Others Tell Him What to Say Concerning Marcum Murder.

CYNTHIANA, Ky., July 29.—Officers arrived today from Breathitt county with Samuel Little, who is considered a stronger witness in the Jett and White trial than either B. J. Ewen or John L. Patrick. It is said Little witnessed the shooting in the court house, though he was in hiding when arrested by the soldiers.

John Freeman, another important state witness, was also brought in today. Captain B. J. Ewen was called today and admitted making different statements to Judge Hargis and others immediately after Marcum's murder in Breathitt county.

He gave as his reason that he was afraid to say otherwise, as he was afraid of Hargis and Callahan. He said Hargis, Callahan and Combs called him into consultation immediately after the murder and told him what to say, and he had agreed to do so, as he was afraid of being killed then and there.
