

UNION SIGNS OUT OF SALOONS

Retail Liquor Dealers' Association Sees Notice on Bartenders' Organization.

DEMAND THEIR INSIGNIAS REMOVED

Dealers Disclaim Intention of Disrupting Union, but Say Latter Will Not Treat with Them as They Wish.

At the largest meeting ever held by the Retail Liquor Dealers' association at their hall in the Continental block last night the following resolution was unanimously passed and signed by all the members present:

At the special meeting of Omaha Retail Liquor Dealers' association held August 14 a resolution was passed instructing the secretary to notify the Bartenders' union of Omaha, No. 284, through its secretary, to take down from all saloons the insignias posted in the saloons operated by our members. You are advised to act accordingly and deliver such signs on demand of our officers of said Bartenders' union.

A postal card bearing a copy of the resolution was mailed to every saloon keeper in Omaha last night after meeting. The officers of the Saloon Keepers' association assert that the resolution is the result of the refusal of the Bartenders' union to treat with them as an association which amicable relations require adjustment between the union and the individual members of the association arise. The saloon keepers claim, that it will treat only with individual members of the association when questions pertaining to the employment of its members arise.

Not Sign at Union. The statement is also made that the move is not a sign at the interest of the saloon keepers, as they consider the signs which now hang in most of the union saloons as detrimental to the business of the owners and it is for this reason that they desire their removal. The bartenders will be allowed to continue wearing their union buttons and no attack will be made upon the organization as it now exists. It is said that there are now upward of fifty union saloons running in this city which do not display the union sign.

Of the 250 saloons kept in this city 123 belong to the Retail Liquor Dealers' association. When asked if the Business Men's association had anything to do with the framing of the resolution which was passed last night, the officers of the association stated that their organization was in no way affiliated with the business men's organization and that that association had nothing whatever to do with the passage of the resolution.

MUSICIANS APPEAL TO BATES

Union Bands Ask Department Commander to Intercede for Them.

While General Bates, commander of the Department of the Missouri, was in the city this week the Omaha Musicians' union filed with him a request which, if granted, will, in the opinion of the union, have considerable effect in reducing the competition between the Twenty-second regiment band at Fort Crook and the civilian musicians of the city.

The petition recites that the members of the union are musicians of the city who depend upon their profession for a livelihood, and the competition of the military bands tends to make their work less certain; that it is currently reported that upon at least one occasion the military band has accepted engagements for less than the current wages of musicians in the city in spite of the fact that the military hands tend to make their work less certain; that it is currently reported that upon at least one occasion the military band has accepted engagements for less than the current wages of musicians in the city in spite of the fact that the military hands tend to make their work less certain.

The petition recites that the members of the union are musicians of the city who depend upon their profession for a livelihood, and the competition of the military bands tends to make their work less certain; that it is currently reported that upon at least one occasion the military band has accepted engagements for less than the current wages of musicians in the city in spite of the fact that the military hands tend to make their work less certain.

Speaking of this a member of the union said: "We do not object to competition where the competitors are like ourselves—dependent upon engagements to live—but we do object to military bands, whose receipts from civil engagements are all profit, making prices lower than we can afford to do. If they make the same price we have no objection, for we can deliver better music. The secretary of war already has specified that they must not cut rates, but we have it on good authority that they have done so. A certain per cent of the receipts of the band must be paid into the regimental fund, and as I understand it, this percentage is high, so that if the regimental officers will but assume that the bandmaster has not violated the rule of the secretary of war and levies his percentage upon the current scale, the bandmaster will not be so much inclined to cut prices, as he not only will get a lower price for his men, but will be compelled to pay a much larger part of the actual receipts into the regimental treasury. This will be something the private of the band will seriously object to, and we may thus be able to reduce unfair competition.

"As to the other request, we find that General Bates has issued an order limiting the number of engagements the band can accept. Some of the officers at Fort Crook say that the intention is to limit the band to accepting an engagement for not more than one day, while others maintain

OMAHA VIEW IMPROVERS

Club Arranges for New Park and States Its Position on Street Lighting.

The Omaha View Improvement club held its regular weekly meeting last night with a big attendance present. The committee on entertainment submitted a report on the recent social given by the club, which was approved and placed on file.

The matter of a street crossing on Maple street between Thirty-third and Thirty-fourth streets was discussed and referred to the streets and sidewalks committee for immediate action.

The park committee reported in reference to the proposed park matter, and that it had recently had a conference with Mr. Reed. He stated to the committee that the property is not at present for sale, but that he would lease it to the city for ten years for park purposes without cost.

The committee on street lighting reported that the question of street lighting and the proposal of the new electric light company to contract with the city for a ten years' franchise was discussed and the consensus of opinion was adverse to the city entering into such a contract for fear that such a contract would shut out the gas company, and thus render it difficult to secure gas for cooking and heating purposes should such a contract be let, and that it might militate against the further extension of gas lighting in the city, especially in the suburban districts.

Miscellaneous street, sidewalk and street crossing matters were discussed, but were referred to the respective committees for discretionary action.

At the request of City Attorney Murdoch a number of printed notices have been prepared ordering squatters off public streets and alleys. City Engineer Deal has been asked to prepare a list of the squatters, but as he has done this so many times in the past, he knows every location. It is the intention now to have the city engineer and P. A. Barrett, the city claim agent, drive about the city and serve the notices. Barrett is a special policeman and will serve the notices and make reports to the mayor and city council. Just how soon these notices can be served is not known, as Mr. Barrett is confined to his home with a severe attack of rheumatism.

By the serving of these notices the city attorney expects to prevent squatters from acquiring title to any of the city streets or alleys.

AFFAIRS AT SOUTH OMAHA

Big Range Cattle Run Not Expected to Begin Until Twenty Days.

GOOD SHEEP SHIPMENTS PREDICTED

Hog Shipments Are Heavy, but Not Quite Up to Those for Corresponding Period of Last Year.

Advices from the west to live stock commission dealers here are to the effect that the big runs of range cattle will not begin for about twenty days. A few shipments of feeders have been made, but the buyers are still holding out. It is asserted that grass cattle are doing nicely and that it may be about the second week in September before the heaviest shipments are received here. Good grades of stockers and feeders have commanded strong prices all the week, but commission men say that on medium and common stock the demand is indifferent. Buyers say they are holding back to see how the corn crop will turn out before going into the winter feeding business very extensively.

The market for the year was topped when a bunch from the west brought \$3.40. This shipment consisted of forty-six head and the average weight was 1,664 pounds. Heavy shipments of hogs from Iowa are looked for a little later. So far this year 1,553,152 head of hogs have been graded here. For the five days of this week the receipts have been 25,083 head, which is an increase over the five days of last week, but hardly up to the record made for the corresponding period last year. There is now a decrease in hog shipments, as compared with the week ending August 11th. Live stock dealers predict that this deficit will be made up before long and that there will be plenty of hogs of good grade on this market. Sheep receipts this week numbered 3,510 head, but yesterday especially enough sheep arrived to fill the market. Travelling representatives of live stock dealers predict that the coming week will be a big one in the sheep line.

Ladies' new Potay Colt Shoes, Ladies' Louis Heel Shoes, Ladies' Patent Colt Bluchers, Ladies' Swell Enamel Shoes, Ladies' Gun Metal Kid Shoes,

ADOPTS COUNTY UNIFORMITY

School Board of Douglas County Breaks Away from the State Plan.

System Put in Effect Here Was Preferred, as It Was Considered More Practical Than the State Proposition.

The committee of the county school board, which consists of E. J. Bodwell, chairman; J. A. Frye, secretary; A. B. Detweiler, David L. Johnson, Hugh Stutte, Oscar J. Packard, J. W. Shumaker, H. J. Grove, Anna E. Leach, Lorena M. Steese, John Speedie, Eva DeMoss and Amy Shepherd, has reported upon the books which will be used in the schools of the county under the plan of uniformity which has been settled upon within the last two months.

By making the plan of education in the district schools of Douglas county uniform, this county will cut away from the attempt to bring about state uniformity, which has been attempted by the state superintendent of education for a number of years. The plan was adopted for the reason that it has been found difficult for all of the teachers of the county to understand the state scheme alike, and while all teachers were supposed to be working under that plan the results were anything but uniform. So far did the divergence of opinion extend as to the meaning of the instructions sent from Lincoln that examination questions prepared by the county superintendent in harmony with his idea of the state scheme could not be used by a large number of the teachers of the county, who were compelled, under permission from the county superintendent, to prepare questions for their schools different from those submitted by him. A great deal of this diversity of opinion was due to the fact that the text books varied with the district and it was found impossible to keep the pupils in a relative course of study in the same nominal grades.

Hope for Uniform Grades. It is believed that with county uniformity of text books and uniformity of course of study, which is now being prepared by a special committee, together with the frequent gatherings of teachers of the county for consultation, that county uniformity of grades will be attained in a practical manner.

The text books decided upon by the special committee are as follows: Reading—Ward's Reading Method; Cyn's Series by Barnes; Stepping Stones of Literature, by Barnes. Arithmetic—White's New Elementary and White's Complete. Geography—New Natural Elementary and New Natural Advanced. History—Montgomery's Beginners and Montgomery's Advanced. Grammar—Reed's Introductory Language Work, Reed & Kellogg's Graded Lessons in English, Reed & Kellogg's Higher Lessons in English. Physiology—Krohn's First Book in Hygiene, Krohn's Higher Lessons in English. Spelling—Reed's Word Lessons, Omaha Spelling Blanks. Drawing—Prang's Course for Ungraded Schools; Prang's Graded Course. Music—Normal Music Course.

It is the intention of the committee to have all of these books used in all of the schools and it is the work of the committee now in session at Mr. Bodwell's office to decide upon the order in which the books shall be used, so that each school will be working on the same book at the same time. Mr. Bodwell hopes to have the report of this committee in shape to be submitted to the teachers during the institute which will be held this month, so that all schools may start out together on the new plan this fall.

OLD SCHOOL BOARD FIGHT

Proposition to Establish Branch High Schools Repeared by Director Cermak.

Another fight is promised in the school board over the establishment of branch high schools. Director Cermak started the ball rolling at the last meeting by a resolution providing that a teacher be located at the Comenius school on Fifteenth street near William to instruct pupils in the studies embraced by the two-year high school course, commercial and English.

The reopening of this question, which was discussed before, is not at all to the liking of part of the board, and it is doubtful whether the proposition can get anything like enough votes to carry it through.

NEW MINISTER FOR DUNDEE

Rev. Loomis K. Hunter, D. D., of Villisca, Ia., Accepts Protocol of Presbyterian Church.

Dundee Presbyterian church, one of the youngest church organizations of the city, has extended a call to Rev. Thomas K. Hunter, D. D., of Villisca, Ia., to become its pastor and news has been received that he has accepted and will take up his work here October 1. Dr. Hunter is well known to many in Omaha, having formerly been a pastor at Nebraska City, where he was most successful, as he has been in his present pastorate, and the Dundee congregation feels that it is fortunate in securing Dr. Hunter. The church is about two years old and has a united and enthusiastic membership, a fine building and no indebtedness, such as frequently hinders a new organization.

PICNIC OF THE LOG ROLLERS

Biggest Outing on Record for Omaha District Woodmen is Being Planned.

From 5,000 to 10,000 persons of both sexes and of all ages and sexes are expected to attend the annual picnic of the Omaha District Log Rolling association at Papillion, August 20. The association includes all the Modern Woodmen and Royal Neighbors camps in Douglas, Burt, Washington, Sarpy and Dodge counties—forty-five of the former and twenty-five of the latter. Recent rates have been made by all railroads, and the Union Pacific will run a special train from Omaha on the morning of the picnic, returning the same evening.

The program will have more features than ever before. Aside from the speaking, there will be athletic contests of various kinds, drill team competitions, trap shooting and dancing on a pavilion 400 feet in size. The speakers include Judge Vinson-haler, Nelson C. Pratt and Mrs. Kate Remington, a prominent Royal Neighbor.

Provided August 20 is a fair day, the log rollers who have gathered at his church are confident that the biggest crowd the city has ever turned out to their annual will be present.

LOOKS FOR QUIET MEETING

Senator Wall Anticipates Harmonious Republican State Convention at Lincoln Next Week.

Judge Aaron Wall, a member of the late senate from Sherman county, was here Friday on business. The senator will attend the republican convention at Lincoln next week, but stated that he did not expect much excitement there.

"I think we will have a quiet and a harmonious meeting," he said. "I have thought very little about a platform, but am sure it will be such that every republican and every other else can support loyally. I have heard several names mentioned for candidates for republics of the state university. Among them are Attorney Allen of Lincoln, ex-State Senator Curry from Custer county, Representative Spoorlock, Judge Barton from Pawnee and I understand there are others. I have heard very little talk as to who will be the chairman of the state central committee, but I understand Harry Lindsey will again be offered the place.

LOCAL BREVIETIES.

Julius Helphand and David Holphand, residing at 60 North Sixteenth street, are holders of the police station charged with selling. The wife arrested at night.

Thomas Wagworth, who lives at Twenty-seventh street and Meredith avenue, locked up last night charged with inciting rioting. The police station charged with selling. The wife arrested at night.

Alexander McGregor, who comes from St. Joseph, Mo., is said to be an old-time confidence man, was arrested by Detective Savage yesterday evening. When arrested he was carrying a small bag which contained a number of "phony" rings in his pocket. It is supposed that he has been disposing of them about the city.

The formal writ of injunction in the Great Western appeal, Union Pacific case, giving the Great Western access to the route and terminating the former's decree and prohibiting the Union Pacific from interference with the operation of the Great Western, was filed in federal district court yesterday.

E. J. Campbell, living at 147 Cass street, sustained a very painful injury to one of his fingers last night, in some manner connected with the
