Waterboy Wins Century Stakes at

Sheepshend Bay, Lowering Track Record.

NEW YORK, Sept. 5.-Amid the rousing cheers of 25,000 persons, J. B. Haggin's Waterboy won the \$22,000 Century stakes

Waterboy won the \$22,000 Century stakes at Sheepshead Eay today. The big son of Water Cress, who was crowned champion of the all-age division in the early part of the season, today set-tied all question of his supremacy by his easy victory. He broke the track record for one mile and a half by covering the distance in 2.31%, which is two-fifths of a second faster than the previous time trade by J. B. Haggin's Water Color in 1901. Waterboy was third choice in the betting, closing at 4 to 1. This year's American Derby winner, The Picket, was second and Heno third. The field that faced the starter for the Century stakes probably was the best and most evenly matched of the year. The \$10,000 Flatbush stakes for 2-year-olds was won by the 5 to 1 shot, Highball. Besults:

Hay Did Not Cause Arrest.

WASHINGTON, Sept. 5.- The following authorized statement was given to the As

sociated Press:

sociated Press: It is understood that the action taken in the case of Benque, the writer of the threatening latters, was not resorted to at the instance of the secretary of state. Mr. Hay receives a good many such latters and as a rule pays no attention to them. In this case the letter came into the hands of the officials of the State department who thought it showed a disposition which might lead to mischlef. Benqués threats were not aimed especially at the secretary of state, and it was not thought likely that he would make a journey to Washington to carry them out, but, being so much nearer to Oyster Bay, it was feared his disorder of mind might lead him there. The prize for the game of the afternoon was won by Miss Florence Shea.

To this reason it was sugrested to the proper officers that the matter should be looked into.
It was learned that Benque had written secretary Hay no less than 100 letters in reference to his alleged claim against Germany. In this last communication, which hastened the determination of the officials of the department to cause his arrively with three days for officers to pay heed to his demands, at the end of which about it tonight Secretary Hay would nake his move. THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty,

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose,

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the

place early in the winter. The marriage of Miss Hester Ross and Dr. Moon of Iowa City will occur Thurs-day afternoon at the home of the bride's mother on Willow avenue. Mr. and Mrs. Leonard Fisher of Canton, system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improve the complexion, it whitens the teeth and further acts as a natural and eminently sofe carthartic.

Mr. and Mrs. Leonard Pisher of Canton. Ill., who have been in the city the guests of the family of F. W. Miller of Oakland avenue, have returned to their home. Miss Emma M. Morehouse of this city and Mr. Hartweil W. Webb of New York City will be married Tuesday afternoon at the home of the bride, 1000 Fourth avenue. Miss Islas. It absorbs the injurious gases which collect in the stomach and bowels; it disin-Miss Helen Garrett, daughter of Mr. and Mrs. Frank Garrett of South First street, entertained a number of her Council Huffs and Omaha friends at a party given at her home Thursday afternoon. fects the mouth and throat from the poison of ostarrh.

All druggists sell charceal in one form or mother, but probably the best charcoal and the most for the money is in Stuart's Absorbent Logenges; they are composed of the finest powdered Willow charcoal and other harmless antiseptics in tablet form, or, rather, in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon ell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents'a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Absorbent Losenges than in any of the ordinary charcoal tablets."
