COMMERCIAL AND FINANCIAL

Better Tone in Stook Market Was Reflected in the Grain Pits.

MARKET FOR WHEAT RULED STRONGER

Corn Market Followed that of the Smaller Grains, with Oats Dominated by the Other Markets.

CHICAGO, Sept. 22.—A better tone in the tock market was reflected in the grain and provisions pits today and prices ruled irmer, December wheat closing at a gain stock market was reflected in the grain and provisions pits today and prices ruled firmer. Lecember wheat closing at a gain of the firmer, Lecember corn was up 1604 and onts were also up 1604 will provisions closed firm, 5616 nigher.

Fairly active buying by some of the leaders in the wheat pit who were influenced by the upward trend of values on Wall street started shorts to cover early in the day and as a result the market ruled strong. Opening prices were tirm on steady cables, with December a shade to 1604 higher, at 76. A good demand from all classes of buyers soon caused a raily and December sold up to 77% during the first half hour. Part of the early strongth was due to the better southwest and northwest markets and to the excellent cash demand. Toward the noon hour there was considerable selling by pit traders due to an increase of 7,090.00 bushels in the world's visible supply shown by Bradstreet's and the market eased off in consequence. Trading was rarther quiet the latter part of the sension, but a steady tone prevailed, December closing tyc higher at 75,077% C. Clearances of wheat and flour were equal to 23,400 bu. Primary receipts were 1,704,700 bu. a gainst 1,805,600 bu. a year ago. Minneapolis and Duluth reported receipts of 1,557 cars, which, with local receipts of 1,557 cars, which, with local receipts of 1,57 cars, which, with local receipts of 1,57 cars, which, with local receipts of 1,57 cars in the three points of 1,251 cars, against 653 cars last week and 1,427 cars a year ago.

Corn prices followed wheat in its upward tendency early in the day and market ruled strong, with considerable buying by shorts. Light country offerings were responsible for much of the early strength and caused considerable selling, which resulted in a loss of most of the early gain. After selling between 45% 1646 to to 45% December closed 3,67% higher at 465%. Local receipts were 565 cars, with 70 of contract grade.

Oats were firm early in the session, due largely to the strength in other grains

Local receipts were see cars, with 10 in con-tract grade.

Oats were firm early in the session, due largely to the strength in other grains and the market received fair support from brokers. Later there was considerable sell-ing by commission houses and a reaction followed. December closed with a gain of larged at 36% 276% c. Local receipts were 150 cars.

Cars. With the exception of September pork and With the exception of September pork and lard the provisions market ruled firm on a good demand from brokers. An advance of 5c in the price of hogs with light receipts at the yards, together with the firmness in corn gave a better tone to prices, but trading was light with offerings scattered. October pork closed 15c higher at \$11.90; October lard up 5c, at \$7.50; while ribs were 7½c higher at \$8.20%.

Estimated receipts for tomorrow: Wheat, \$5 cars; corn, 255 cars; oats, 100 cars; hogs, 26.00) head.

The leading futures ranged as follows:

NEW YORK STOCKS AND BONDS. There Was Much More Confident Feeling and Higher Prices Ruled.

There Was Much More Confident Feeling and Higher Prices Buled.

NEW YORK, Sept. 28.—People who came down to Wall street today expecting a demoratized break in price, met with a surprise as vigorous support was forthcoming from the most powerful financial interests in the country and was steadily ofhered throughout the day. The market closed active and strong, and at the best prices of the day. Net gains of 2 to 3 points were general rule throughout the list, and the leaders exceeded this, Pennsylvania and Amalgamated Copper Fising 33 points, Union Tacific, Atchison, Louisvine, Rock Hisand, Metropolitan Street Railway. Brooklyn Transit and Peoples Gas from 3 to 34 points. The expectation of the further slump today was based on the condition of Pennsylvania last night. This influence was supplemented by the further decline in British Consols touny to a new low level. As the course of this premier British scurity has kept pace with our own market in the down grade, reflecting the same condition of over extension of capital in some lines, causing the necessity for drastic liquidation elsewhere; the opening tone was unsettled. United States Stepl issues made a further break, the common and preferred breaking through yesterday's new low record and the bonds failing to within a quarter. The majority of opening changes was on the side of declines, and there was some special pressure against New York Central and the usual bear pressure under these circumstances developed against the latter. But Pennsylvania having brought that 6 per cent stock to a parity with the 5 per cent. New York Central and the usual bear pressure under these circumstances developed against the latter. But Pennsylvania's opening rise of a point was the proclamation that other inducences were at work. The buying of this stock was traceable to the banking house of Kuhn, Loeb & Company, which mariages the company's financial operations. The most heavy buying orders in United States Steel preferred, were credited to J. P. Morgan & Company, and it was

large bear speculators put out fresh lines at different stages of the decline with confidence that the large buying orders were designed simply to support the market to be resold upon any considerable advance. But there was no evidence of this reselling and the belief gained ground that the great banking interests had definitely changed their policy of abandoning the market to its own resources and biding the time when the fever of selling, which has taken hold of the securities holding public would exhaust itself. It was evident at the same time that the urgent liquidation lacked the force which carried down prices in recent markets. As the result there was a marked revival of confidence and a dissipation of many shadowy fears which have infected the speculative mind of late with even greater effect than greater developments.

The news of the day was not a factor at all in the movement of prices.

The bond market became firm in sympathy with the recovery in stocks. Total sales par value, \$1,855,600. United States declined 4 per cent on the last call.

40 ptd. London Stock Market.

Foreign Financial. LONDON, Sept. 22.—Money was in active recoust and scarce today, the market being entirely dependent on the bank of England.

which has been charging one-half percent above the bank rates for advances. Discounts were figm.

Operators on the stock exchange were gloomy and walting for the outcome of the settlement, though the feeling of anxiety was somewhat aliayed. The depression was attributed largely to the overloaded condition of the market for investment securities. The securities settlement disclosed a heavy supply of stock, resulting in a slump, but they closed steadier, the low prices inducing purchases. Home rails were heavy, clesing flat, in the midafternoon. Americans closed strong, Grand Trunk was flat, the revenue statement not equallink expectations. Kaffirs were weak, owing to forced liquidation.

tations. Kaffirs were weak, owing to forced liquidation.
PARIS. Sept. 23.—Business on the bourse today opened feeble. Rie Tintes had a strong reaction, losing 16f, and undoubtedly influencing the American list. Later there was a calmer tendency. Internationals lost ground. Three per cent rentes, 36f, 37½c for the account.
BERLIN. Sept. 29.—Exchange on London. 20m, 28½pfgs for checks. Discount rates: Short bills, for settlement, 5½ per cent; three months bills, 3½ per cent. Prices on the bourse today were adversely affected by yesterday's New York and London quotations.

cattle, hogs and sheep at South Omain for the advances were maintained. Prices at the close were driven. During the series fine merince were unchanged and faulty merinos were irregular throughout, but closed better. Scoureds and greasles were in strong demand and closed unchanged to 5 points higher than the last series. Fine opening, subsequently, with greasles, advances by per cent. Medium cross-breds opened 5 per cent and coarse 10 per cent tables, and the series of the series

tically no change from last week. Quotations:

the indifferent demand for them from the country.

Packers were all anxious for good western grass beef steers and as that class was scarce the market held fully steady. The common to fair grades though were in big supply, and consequently had to sell around a dime lower. Western cows were weak to a dime lower and all but the best stockers were generally a dime lower. and feeders were generally a dime lower. Representative sales:
