Secretary of State, Washington: Receipt of your cables. Yesterday addressed a note to Lord Lansdowne as follows:

"AMERICAN EMBASSY, LONDON, Oct. 1, 1923.—Dear Lansdowne: Since my note of yesterday I have heard from the president and secretary of state, who desire me to express to you their great persuasal grief for the loss of Sir Michael Herbert. For many years they had both enjoyed his close and intimate friendship and fully appreciated and admired his great abilities, his exaited character and his charming personal qualities which made him very dear to them, so that the wholly unexpected tidings of his death came as a great shock to them.

Their official relations with him as ambassador more than realized the high expectations with which they had welcomed him in that capacity. They knew that his brief official career has been marked by great service to both countries in promoting amicable relations between them, and I am to assure you of their great disappointment and that of the people of the United States at its sad and sudden termination. "Believe me most truly yous." Believe me most truly yous, "JOSEPH H. CHOATE."

Today received following reply:

Mr. Choate: I am greatly obliged for your second letter as to Sir Michael Herbert's lamented death. The sympathy of the president and of the secretary of state are at the present moment precious, not only in the eyes of Herbert's many admirers, but of all who desire that those amiable relations which he did so much to promote should exist between our countries. I will sak you to be so good as to convey to the president and Mr. Hay on behalf of his majesty's government our cordial thanks for their appreciation of Herbert's character and public service and of the loss which his country has sustained.

"Believe me to be, Dear Mr. Choate, yours sincerely.

MONOCACY SOLD TO JAPANESE

Vessel Which Has Been in Chinese Waters for Years to Be Destroyed.

WASHINGTON, Oct. 2.- The Navy department today received a cablegram from Rear Admiral Evans, commanding the Asiatic station, saying that he had accepted the bid of Hashimoto, a Japanese merchant, for the purchase of Monacacy. The price was \$11,225. Monocacy is now at Taku, China. It went to China soon after the close of the civil war and was present at the battle of Taku in command of Commander F. M. Wise. Under instrucin command of the American ships at Taku, Monocacy, with other old vessels, did not participate in this fight.

Monocacy has had a somewhat checkered carear. It is a schooner-rigged, side-wheel steamer and was built in Boston in 1853. It outlived its usefulness many years ago. After arriving on the Chinese coast and for several years past it has been lying quietly in a mud dock in the Pel Ho. Admiral Evans was willing to sell without regard to the appraisement, which was only \$8,000.

McGlehan and Huntington Ready to Go to Trial on Charge of Conspiracy.

NEW YORK, Oct. 2.—Isaac S. McGlehan and George H. Huntington of the Columbia Supply company, who today appeared be fore United States Commissioner Hitchcock to answer to indictments charging them with having conspired with August W. Machen to defraud the government through the sale of the large iron mailing boxes used by the Postoffice department, made formal announcement through their counsel that they would make no demand for an examination in this district, but would go to Washington without further ceremony. Judge Holt of the district court then signed the order authorizing their removal to Washington, and they were released on \$5,000 ball each to appear before the criminal branch of the district court in Washington whenever their case is called.

The proceedings brought by counsel for George W. Jockey Buchanan Barred.

CHICAGO. Oct. 2.—Jockey Buchanan was ruled off the turf today. A sentence passed by Judge Hamilton of Harlem virtually amounts to banishment. The rider was indefinitely suspended and orders were given that he should be barred from the race track. WESTERN WOMEN MAY WIN Miss Bessie Anthony Has Chance to Become National Golf Champion.

WHEATON, Ill., Oct. 2.—Two western women goifers, Mrs. J. Anna Carpenter of Westward Ho and Miss Bessle Anthony of Glenview, who holds the western championship, will tomorrow decide who is entitled to the title of women's national champion. Both won over their opponents in the semi-finals today:

Miss Osgood, in her match with Miss Anthony, put up one of the plucklest uphill games ever seen in a golf tournament, and for a time it looked as if she would win a game that apparently had been hopelessly lost by her poor putting on the outward journes.

lost by her poor putting on the cutward journey.

The finals tomorrow will be at eighteen holes. Miss Anthony and Miss Carpenter have met in several tournaments, with the honors generally in favor of Miss Anthony, and her chances of adding the title of national champion to that of western champion are considered bright. This will be the first time the national championship has ever been won by a western golfer.

The semi-finals brought out the largest gallery of the week, notwithstanding the threatening weather. A cold north wind was blowing when Miss Carpenter and Miss Harley, the first pair to start, teed of shortly after II o'clock for their eighteenhole struggle. Foot Ball at Vinton Park,

About 100 rooters will come up from the ancient town of Bellevue this morning to cheer their team in the game this afternoon at Vinton Street park with the Omaha Commercial college. Prof. Mosher had the student body of the Commercial college together yesterday afternoon for a practice in the college yell. So with these two combinations at work for their respective teams the patrons of the game will witness the first exhibition of college enthusiasm in Omaha in many moons. Both teams are confident of victory and as both are well coached a splendid exhibition of foot ball will result. The game will be called at 2:20 p. m. and the probable lineup will be: Commercial. Soptember exceed those of 1902 by 8.4 per cent and surpass earnings in 1901 by 18.3 per cent.

It is practically certain that a reduction of the pig fron output will be made, averaging about 29 per cent, and this concerted action to prevent accumulation of stocks has a ready had a sentimental effect on the market, inquiries increasing in number and extent of tonnage. Urgent requests for immediate shipments of new orders testify to the pressing needs of consumers who have allowed supplies to fall very low in anticipation of better terms. Revival of activity at Christon and elsewhers is encouraging evidence of the fact that steel is still required, and in several departments of the industry new business has appeared. The week has brought few changes in quotations. Car shortage has begun to cause trouble, but the diminished needs of blast furnaces relieve the situation at Connelisville, where the coke output has been materially curtailed.

The dry goods market presents no new features. Production increases as the milia are able to secure cotton, and there is an impression that stocks will soon be so low that purchases will be compulsory.

Woolens are steady, but quiet, and worsteds are dull, with more idle machinery. Carpets are strong and in short supply. Buying of wool is limited to immediate needs.

No diminution is reported in the activity of shoe factories, especially as to heavy fectwear, which is delivered about a month

shoe factories, especially as to hes otwear, which is delivered about a mor fcotwear, which is delivered about a month late. Leather is fair'y steady, except that beiting butts are fully 5 cents below the extreme price secured a few months ago, Record-breaking receipts of cattle naturally depress hides, although foreign dry hides are steady.

Failures this week in the United States number 226, against 222 last week, 219 the preceding week and 207 the corresponding week last year, and in Canada 10, against 10 last week, 19 the preceding week and 22 last year.

CORN CROP IS IMPROVING.

Best Reports Received from South and West. NEW YORK, Oct. 2.-Bradstreet's Weekly Review of Trade tomorrow will

Mixed trade and crop conditions still present themselves, although some improvement in tone is noted where crop cestimates, as in the case of corn, show expansion. Lower prices for cereals point the way to future large business and induce a larger foreign interest in our farm products.

Trade reports vary with sections, the best reports coming from the southwest, the northwest and the Pacific coast. Spotted trade reports come from sections of the middle west. From the south the reports are in the main favorable as to trade and collections, but crop deterioration is

Hardware Stock at McCook. M'COOK, Neb., Oct. 2 .- (Special Telegram.)-Fire and water this afternoon damaged W. T. Coleman's store and hardware stock to the extent of about \$3,000, the loss being about equally divided between the

ered by insurance. The fire started on the roof, wifich workmen were tarring, during a high wind. Hard and prompt work of the fire department alone saved McCook from a disastrous fire. The stocks of J. A. Wilcox & Son and Pade & Son were slightly damaged.

Bale of Oakum Fired.

A small fire occurred in the basement of the storeroom occupied by Leo Baroch with a stock of plumbers and gasfitters' goods at 100 South Thirteenth, Friday afternoom shortly after 1 o'clock. The fire caught in a bale of oakum at the rear of the basement. Mrs. Baroch went down into the basement with a lighted candle in her hand to fill a small order for oakum. Approaching the bale she had just begun to pull out some of it when the loose bakin became lighted and a big blaze leaped which threatened to envelope her and she had to spring away to save herself. She had the presence of mind to turn water on the burning bale, which held the blaze in check until the arrival of the fire department. The loss is reported as nominal.
