Mr. Schwab, according to Mr. Dresser, said he wanted \$9,000,000 for his stock and submitted reports which showed that it cost him more than \$7,000,000 and was earning \$1,450,000 a year. RUSSIA SHOWS ITS HAND!

Will Not Evacuate Manchuria Until All Demands Are Satisfied.

JAPAN NOT SATISFIED WITH CONDITIONS

Russin Offered Proposal for Division of Koren, Which Japan Refused, and Its Subjects Are Calling for Protection.

YOKAHAMA, Oct. 7 .- According to inford mation received here the Russian minister at Pekin, M. Lesar, has informed the Chinese foreign office that Russia will never evacuate Manchuria unless her latest demands are granted. China, it is added, has appealed to the Japanese minister, M Schida, for Japanese assistance.

The Japanese residents of Jef-Wie-Ju have filed a petition with the foreign officers at Tokio asking that a Japanese warship and troops be sent to protect their interests, in view of the menacing attitude of Russia. The reply of Japan is not yet known.

The press which reported the fortification by Russia of Yongampho, the Korean bank of Yalu river, considers this action as a possible casus belli, as being an infringment of Korea integrity. The report, how ever, is not confirmed officially.

The temporary Korean minister for foreign affairs, has been relieved at his own request. Baron von Rosen, the Russing minister to Japan, had another conference with Baron Komura the Japanese for cign minister. The Japanese premier Viscount Katsura had an audience with the mperor the same day. It is now feared that the promised concessions on the part of Russia are insufficient to offset her contin uous menace, nongis the Japanese-Chinese treaty to be signed, October 8, though adequate to compensate for a permanent Russian occupation.

A rumor current this evening says that definite Russian demands concerning Manchuria and Korea, have been presented to Japan by Baron von Rosen. The town of Jef-Wie-Ju, is probably Wlju, a Korean town near the Estuary of the Amanok, on the frontier of China and a great depot for overland trade with that country

United States Unconcerned.

WASHINGTON, Oct. 7 .- The state departnent has not received direct confirmation but officials say they would not be surprised to receive such confirmation at any time from Minister Conger. They say they are fully prepared to believe the news that Russia has served notice on China that she will not evacuate Manchuria until her latest demands ar granted. Exactly what these demands are no officials of the state department is prepared to say, but the belief is strong that they are practically the same as those reported by the Asso ciated Press from Peking last spring and disavowed by the Russian foreign office. It was said tonight on the highest au thority that this government had reason to believe that Russia was insisting on the very demands which Count Lamsdorf assured Ambassador McCormick had never been presented and which, Count Cassini. the Russian ambassador, told Secretary Hay were merely presented as bases of negotiations. It was stated by the same authority that this government will not feel called upon to enter protest against Russia's action, so long as our commercial treaty which is to be signed tomorrow is observed and the two ports in Manchuria, promised by Russia, remain open to the
