> LEWIS CUTLER MORTICIAN,

Park Commissioner Graham Suggests Paving a Strip on Each Side.

CENTER PARKED AND PLANTED TO TREES

light Be Made a Toll Road and in This Manner Funds Be Secured to Pave and Keep It in Repairs.

A. C. Graham of the board of park com pisaloners, who realizes the necessity of something being done by the city to imtween Thirteenth street and the motor company's bridge across the Missouri river. suggests that a strip fifteen feet wide on each side of the throughfare be paved and street be laid out in parking and planted with a row of trees. This, Mr. Graham Bluffs for approval at either a special or figures, will be the least expensive method the regular city election in March next. of putting the most important thoroughfare

in the city in proper condition for travel. While, as Mr. Graham states, part of the nable to bear even its share of the cost of paving a lifteen foot strip, and the cost would probably fall on the city, something will have to be done and whatever is done, the city will undoubtedly have to stand the greater part of the cost.

Mr. Graham also suggests the proposition of making a toll road of West Broadway. This he contends could be accomplished by special act of the legislature, as West Broadway is to all intents and purposes an interstate road, being the main thoroughfare between Council Bluffs and Omaha. Mr. Graham favors the imposition of a 5 cent toll and believes that persons who use the road, especially those who do heavy hauling, would have no objection to paying such a toll, which would be used in keep ing the road in proper condition.

According to Mr. Graham's suggestion the approach to the motor company's bridge possibly as Eighth street. Another route that point. This plan would not force the Broadway, and this may possibly be payment of the toll by persons driving on adopted as the most practicable of the two the road who did not cross the bridge. In The freight depot, according to presen the event of the legislature passing an | plans, is to be located on South avenuof this thoroughfare, Mr. Graham points out that the city would be able to anticipate its revenue from the tolls and borrow a sufficient sum to place the road at once in proper condition for travel.

Mr. Graham held a conference with May or Morgan on the subject of the improve ment of West Broadway yesterday and it is likely his suggestions will be laid before the city council at its next meeting. At the next meeting of the city council City Engincer Etnyre is expected to make a report on the probable cost of paving a strip down the center of the road

PLAN TO IMPROVE BROADWAY FRANCHISE FOR ELECTRIC LINE Route is Found by Which Interurban Can Get Into Center of

the City.

"When the city council meets next Monday night the Council Bluffs, Tabor & Southern Electric Railway company will come before it with a request for a franchise to enter this city." This was the statement yesterday morning of W. J. Dobbs of Tabor, president of the company. According to President Dobbs asc Malcolm Green, representatives of the eastern firm floating the company's bonds, a feastble route into the city has been decided upon. Messrs. Dobbs and Green have been in the city on and off for the last two prove the condition of West Broadway, be- weeks, looking over the ground and planning on the route to be followed into the city, and the ordinance to be submitted to the council next Monday night is now being drafted by local attorneys. The ordinance the remaining portion in the middle of the if approved by the city council, will have to be submitted to the people of Council

While the promoters of the new line have found that the streets of the city are pretty well covered by the franchises under property abutting on Broadway would be which the Omaha & Council Bluffs Street Rallway company is operating, they are of the opinion that a practicable route is still open for their line to enter the city and reach the business part thereof. The original proposition to enter the city in the western part has been abandoned, this route having been opposed by the executive committee of the Commercial club and the usiness men of the city generally. It is now proposed to enter on South avenue coming from Manawa, and skirting the base of the bluffs in the vicinity of the Iowa School for the Deaf, the route suggested and recommended by the executive ommittee of the Commercial club.

From South avenue the line will turn Into Story street and from Story into Main street at some point north of the innetion with Pearl. The line would then proceed north on Main street to Washington avenue, turning west at the Washington toll keeper would be placed at the east Avenue school and proceed as far west nd toll only collected from those who cross has been suggested on Fourth street to act authorizing the making of a toll road near the city limits, south of Sixteenth

HEIRS GENEROUS TOWARD UNIVERSITY

Indicate They Will Not Confine Themselves to Amount Mentioned in the Will Found in Ma-

sonie Lodge.

(From a Staff Correspondent.) DES MOINES, Nov. 20.-(Special.)-Dr. J . Sawyers of Centerville arrived in the city this afternoon to consult with the officers and trustees of Drake university in regard to the finding of the will of the late General Francis M. Drake, which was turned up in a Masonic lodge here after all efforts to find a will had been given up. The will, which was made six years ago, gives Drake university \$50,000. The heirs of General Drake have made arrangements for a meeting on Christmas day at Savannah, Ga., when it is arranged that the family will determine what shall be done b the estate toward assisting Drake university. Dr. Sawyers is quoted as saying that it is the intention of the family, notwithstanding the will, to provide more liberally for the university than is provided in the will. The gift from the estate will not be confined to the \$50,000 bequeathed. Some question has been raised as to the regularity and legality of the will, but it is believed that none of the heirs will make any complaint about it partments at Harvey DeLong's, 307 Broad- | and therefore that it will be admitted to way, until next Saturday evening at 9 probate. It was sent to Centerville today. o'clock. The store will be open every night It is learned also that Edward Goss, another son-in-law of General Drake, is selling out his business in Centerville with a view to going to Montana to take per-

sonal charge of extensive mining property in which General Drake and his son John Since College Burned at

Theft of Diamonds. An unidentified thief entered the apartments of Mr. and Mrs. E. B. Steere at the Victoria hotel on Sunday and stole diamonds valued at about \$400, which were ow to hold up his hands, backing up the in a jewel case on the dresser, having order by placing a revolver in his face, been laid there the evening before by Mrs. The half breed refused to hold up his Steere. The police have a beliboy named Tommy Fitzgerald under arrest, Fitzger-Deciding to take no chances the officer ald came to the Victoria from Chicago. gave the half breed a rap over the head where he claimed to have worked in the with the but end of his revolver and at Palmer house and the Stafford. He came to Des Moines last Wednesday and immediately began work at the Victoria. On The half breed was knocked senseless and Friday evening Mrs. Steere missed the key when he regained consciousness he was to the door leading into their suite. Who ever was the thief must have had the missing key in his possession, for the door was locked while the family were in the dining room on the top floor. The police These transfers were filed yesterday in claim to have a strong case of circum-

NOW IS THE TIME.

Take Scott's Emulsion of Cod Liver Oil now. Not next week or next month, but now. You need it to put fat on your bones and strength in your body to stand the cold and trying weather of the next few months.

· Nine-tenths of the population would be benefited by taking Scott's Emulsion regularly three times a day for a month or more every fall to fortify and strengthen the system against the cold and constant changes that occur through the winter. The benefit is particularly marked with young, delicate children. No food that they can take begins to compare with Scott's Emulsion.

Pure cod liver oil is scarce but if you get Scott's Emulsion you'll be sure to get only the purest and best oil.

We'll send you a sample free, upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

John Herriott, Heutenant governor of Iowa. for the coming term of the general assembly. Mr. Herriott caused it to be made known that he would be in the city this week and would be pleased to meet the senators who desire a conference with him He has not as yet done any work on the committee assignments. New Weather Book Printed.

The annual report of the Iowa weather and crop service was issued today and with it an appendix which makes a book of 150 pages, containing the complete record of all the meteorological observations of

the state covering the past fifty years. The report was compiled by Director Sage as a special feature for this year because of the fact that there has never been any such compilation before. Ten thousand extra copies of the appendix will be printed by the state for the purpose of distribution among the schools and colleges, where there has been much demand for reliable information in regard to the climate and

HOLDS FAGAN DECREE INVALID District Judge at Des Moines Knocks a South Dakota Order for Cause.

DES MOINES, Nov. 30,-Judge James A. Howe of the district court this morning held that a decree granted under the Dakota divorce statutes, if it is proven the nonresident litigant resides there merely for the purpose of securing a divorce, is null and void. The decision was rendered in the Fagen case, wherein a widow sued to recover her dower rights and was resisted on the ground that her husband had divorced her prior to his death. The court holds the Dakota decree to be invalid.

MAY BE LOST IN IOWA FIRE Bert Melang of Randall is Missing

Jewell Junction.

MARSHALLTOWN, In., Nov. 20.-The main building of the Jewell Lutheran college at Jewell Junction was destroyed by fire today. Bert Melang of Randall, Ia. perished in the building and his body has been found in the ruins. Several students had narrow escapes. The loss on the buildfug is estimated at \$25,000; insurance, \$12,000. A young man named Peterson, from Red Wing, Minn., is missing and is thought to have perished.

BROOKLYN ACADEMY BURNS

Largest of City's Theaters Consumed at Loss of Over \$300,000. NEW YORK, Nov. 30.-The historic

Academy of Music, the largest theater in Brooklyn, was completely consumed today by a fire which is believed to have been caused by an explosion in the building For a time the flames threatened adjoining property, and when the roof fell part of it struck a saloon building adjoining, but fortunately no one was hurt, although the saloon was destroyed. The loss was estimated at \$300,000.

The fire started in the scenery on the stage of the theater, where a number men were preparing for the testimonial dinner to State Senator McCarren, to be given there tenight. For some unknown reason the fire department was tardy in arriving on the scene and it was fully fifteen minutes before it had a stream on the building. It was then discovered that the water could be carried scarcely half way up to the roof. Within half an hour after the discovery of the fire the entire building was a roaring furnace and the firemen were bending all their efforts to saving the surrounding property.

The academy, which was an antiquated building, constructed in 1860, of brick, sandstone and wood, offered no resistance to the flames.

It was located in the heart of the financial district. Opposite on Montague street is the Brooklyn public library, with over 160,000 volumes. The wind was blowing in that direction and great fears were expressed for its safety. The "Way Down East" company occur

Saturday night. The building was owned by a stock company. Later it was reported that a boy who was employed in the bowling alley in the saloon adjoining the academy was missing.

pled the theater all last week, but its

scenery and effects were taken out late

FRANKLIN, Pa., Nov. 30 .- Former Prestdent Grover Cleveland is about to foreclose a mortgage upon the Narrow Gaugo Bradford, Bordell & Kingua railroad, of which he is the exclusive bondholder.

At one time this road paid large dividends. The road is only sixteen miles long and when it was built its promotors in-

the city today holding a conference with duced Mr. Cleveland to take the entire bond issue. Mr. Cleveland still has the bonds in the matter of the committee assignments and the owners, it is said, owe him so much lapsed interest that he is going to sell the equipment at Bradford on December 1.

EXPLOSION IN POWDER MILL Two Men Killed and Four Injured by

Accident in Southwestern

Missouri.

CARTHAGE, Mo., Nov. 30.-The mixhouse of the Independent Powder company's plant, five miles southwest of Carthage, blew up this afternoon, instantly killing the two mixers, Lester Ridge and Bert Cobb, and seriously if not fatally injuring Joe Cahey, Elmer Powers, Henry Summer and Charles Newton. Eldge and Cobb recently came here from Emporium, Pa. They were employed in the mixhouse, compounding by hand nitrogly orine with the other ingredients of dynamite. Five hundred pounds of material was in a wooden trough and, without warning, i exploded. They were the only two men in the building and no one anows what caused the explosion. The two men were blown to bits and only a few pieces were left. The four injured men were working in a small house 100 yards away packing dynamite. The concussion crushed in a part of the building, injuring them about the face

and shoulders. CANADIAN SHEEP ARE WINNERS

Take Nine of Twelve Prizes Offered at Chicago Live Stock

Show. CHICAGO, Nov. 20 .- Canadian sheep and

lambs took nine of the twelve prizes awarded at the International Stock show for entries in two classes, and exhibitors from the province of Ontario point to this fact as a satisfactory vindication of the discords in which they say they were thrown by the St. Louis World's fair to recognize the stud and herd books Canada.

Of this international complication Garnet Porter, a prominent visitor from Toronto,

said: The Canadian exhibitors are much co-The Canadian exhibitors are much concerned over the proposed changes in the United States customs relating to the entrance of stock from the Dominion. So intense is the reciling in Canada just new that the government has formally declined to make any display at the St. Louis fair, notwithstanding \$100,000 has been appropriated to pay freight on the animals which were to have been sent to St. Louis.
