LONG LIST OF THE PRIZES AWARDED Highest Score Achieved by Ernest

Sweet of Omaha-Gien Wallerstedt Scores Second.

Probably the most strenuous task per formed by workers in 'The Bee's want ad contests was done in the quotation contes closed on Sunday, December 6. Surely the want ad columns of The Bee were never before so thoroughly searched as during this contest. The lists sent in certainly showed a high average intelligence on the part of the participants in finding the authorship of quotations as well as some surprising developments, such, for example, as the discovery that the author of the quotation, "Hitch your wagon to a star," was Drummond Carriage Co. R. W. Emone of Drumm.ond's carriages.

STARTS A NEW REVOLUTION

SAN DOMINGO, Dec. 15 .- A rumor is it circulation here that troops of the provislonal government have attacked the revolutionary troops stationed at Monte Cristi. The government troops were repulsed, and are now beseiged in a fort in Santiago. All is quiet in the neighborhood of the fort although the situation may be- as there is a scarcity of teachers holding come serious at any moment.

WASHINGTON, Dec. 15 .- State departadvices from San Domingo indicate that the last revolution in that island was caused by a breach between General Jimnez, who aspired to succeed Wos y Gil as president and the provisional government since Wos y Gil was deposed. It is surmised that Minister Powell's inflexible attitude toward the provisional government which he refused to recognise until it had agreed to admit the validity of American claims may have had something to do with

Secretary Guild Gives Some Informa tion as to the Standing of the Matter at the Other Great Live Stock Markets.

"Some of the live stock exchanges seem to be a little backward about adopting the recommendations made at the Fort Worth convention," said J. M. Guild, sec retary of the South Omaha Live Stock the St. Paul exchange had adopted new and adopted them conditionally. That is, the Chicago exchange will not attempt to the time comes." enforce the new rules until all of the other live stock exchanges have taken action. Advices from Sloux City are to the effect that the rules have had one reading and special meeting will most likely be held in order to dispose of the matter before January 1. As for Kansas City and St. Joseph. Secretary Guild says that these exchanges have named a committee to contions brought up at Fort Worth under consideration, but so far have not made

any report. The St. Louis exchange has adopted the Chicago rules with only one or two minor change to take decisive action. Its new rules go into effect on January 1, whether the other exchanges follow or not. The feeling among live stock dealers seems to be that the other exchanges will come in here have been notified of the change that goes into effect January 1, and customers are also being made acquainted with the fact that no more free market telegrams will be sent. Secretary Guild expects to hear the result of the conference between the Kansas City and St. Joseph committees almost any day. He appears confident that

the new rules in general will be adopted. Held Without Ball.

Rheumatic Gure

Costs Nothing if it Fails.

Any honest person who suffers from Rhou natism is welcome to this offer. For years searched everywhere to find a specific for Rheumatium. For nearly 20 years I worked to this end. At last, in Germany, my search rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had disappointed phys-icians everywhere.

I do not mean that Dr. Shoop's Rheu matic Cure can turn bony joints into flesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end I will farnish for a full month my Rhou-matic cure on trial. I cannot cure all cases with in a month. It would be unrease to expect that. But most cases will rield convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism-a

My offer is made to convince you of my faith. My faith is but the outcome of experience—of actual knowledge. I know what it can do. And I know this so well that I will furnish my remedy on trial. Bimply write me a postal for my book on Rheumatian. I will then arrange with a druggist in your vicinity so that you can secure six bettles of Dr. Shoop's Rheumatic Curs to make the test. You may take it a full month on trial. If it succeeds the oast to you is 8.60. If it falls the lass is mine and mine alone. It will be ieft entirely to you. I mean that exactly if you say the trial is not satisfactory I don't expect a penny from you. I have no samples. Any mere asmple that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs for it is dangerous to take them. You must get the disease out of the blood My remedy does that even in the most difficult, obstinate case. It has cured the oldest cases that I ever met, and in all of my experience, in all of my 1,000 tests, I never found another remedy that would cure one chonic case in tan.

Write me and I will send you the book. Try my remedy for a month, for it the first the loss is mine.

HYMENEAL

Though comparatively quiet, considering the social prominence of the family, pretty home wedding was solemnized last evening at 8 o'clock at the residence of Mr. and Mrs. H. F. Cady, 205 South Thirty-sixth street, it being the marriage of their daughter, Miss Helen Cady and Mr. Allen M. Robinson, of Denver.

A profusion of greens, American Beauty roses and poinsetta trimmed the rooms and under a canopy of greens and flowers, before a large window in the rear parlor, the marriage service was read by Rev. T. J. Mackay. The bridal party came down the stairway, crossing the palors bestairway to the improvised altar, by Mr. Oden Mackay and Mr. Louis Clarke, Miss Faith Potter, as maid of honor, was the bride's only attendant. Her gown was of white silk mull and she carried American solos. Beauty roses. The bridal gown was of white silk crepe with trimming of lace and completed by a long vell and a shower of illies of the valley. Mr. Edwin Robinson, brother of the groom, attended him

Mr. and Mrs. Robinson left last even ing for a fortnight's trip, to return to spend Christmas in Omaha, after which they will go to Denver to reside, Mr. Robnson being in business there.

BOOSTING FOR NORTH OMAHA Improvement Club Lays Out a Pro-

gram of Beneficent Activity.

The North Side Improvement club met a Gruenig's hall, at Twenty-fourth and Ames. last night, with a good attendance, and a very interesting session followed. The neeting was in the nature of a heart-toheart talk on North Omaha matters, with the determination to do something the comsumstiam. I know this so well that of the city. It was decided to postpone the regular monthly entertainment until the last Monday in January, as the general holiday festivities will, furnish enough entertainment without the club entering the entertainment field again this year.

At the next regular meeting of the club Monday evening, December II, the annual

The Woman's club was in little humor for business yesterday afternoon and there was fortunately little to come before it. The attendance was not large at the opening, though many came in for the pro gram which was granted a part of the business session and was presented by the two new departments, Law and Bible study.

Two new names were presented for mem ership and two others reported as having qualified since the last meeting. The postponed action regarding the clubs joining the City Federation of Improvement clubs was the first business and was immediately tabled, though it is understood that it will again be brought up, and soon. The invitation to join the federation has never been thoroughly discussed, owing to lack of time and the motion to table it was made by its friends that it might not pass elther way without a thorough under-

The petition to congress to investigate the charges against Reed Smoot, post poned from last meeting, was next brought up. A letter was read from the Interdenominational Council of Women, asking the influence and support, to the extent of \$1 of the club in furthering the desired investigation, first, of the charges of polygamy and second that, as an apostle of the Mormon church, Mr. Smoot gives his first allegiance to that church rather than to the United States. Some misunderstanding seemed to exist regarding what was wished by the club and during the discu to criticising a man for giving his first allegiance to his church on the ground that it was a matter of conscience. This member wished that the club should condemn his only as a polygamist. Strong protest followed indicating that the women would no more readily tolerate a church that sanctioned polygamy than they would a member who practiced it and the whole resolution was adopted requesting the investigation and asking that Reed Smoot be denied a seat in the senate if the charges are proven true.

It has been the custom of the club in previous years to hold a New Year's reception but as a substitute this year, it was decided to engage Mrs. Martha Gielow to present her Plantation Folk Lore. The question of expense brought out an interesting statement regarding the club's finances. Mrs. Gielow will be paid \$100 and her traveling expenses. There is at present in the club's treasury \$1,106.24, and ncluding the rent and incidental expenses it is safe to estimate that there will be a surplus of at least \$500 at the close of the year. Considering that the club's member ship has increased materially this report is very gratifying to club members.

The program followed, Mrs. George Tilden presiding for the Law department, and in troducing Miss Laura A. Gregg. Mr. M. A. Hall was to have spoken on "Community Property Rights," but was called from the city and Miss Gregg spoke in his stead, presenting the various efforts of the wome of the state to obtain a more equitable property rights law for women in Nebraska. While she commended the married woman's act of 1871, that gives a woman control of her own property, inherited or ocumulated, she pointed out the injustice of the provision that allows at her husband's death her only a 'life use of one-third of the property that she has helped her husband to accumulate. She spoke of the law fo Iowa and Kansas and then explained the community property, rights law, herited or accumulated by either, independent of the other, divides equally the mutual accumulation and prohibits either willing away more than half without the of the other. An expression was called for by the club regarding which law it favored, but while many of the women felt that they would rather think the matter over before expressing themselves, the majority spoke unhesitatingly for the community law, which is generally favored by the women of the state.

Bible Study department, introduced Mrs. Belle M. Stoutenborough, who spoke of "Some of the Women of the Bible." Stoutenborough was greeted with applause as she came before the club and presented her subject most attractively. Of the women spoken of in the Bible about eighty, twenty by reference. These women she pictured as in a gallery, arranging them in tween the satin ribbons stretched from the groups that brought out the characteristics the lessons so forcibly presented in them. Pulpit. The Kountze Memorial church people, who have been without a pastor for the last six months, met last evening in the church pariors and unanimously extended a call to the pastorate to Rev. J. E. Hummon of

Nevada, Ia., whose eloquent sermons recently drew encomiums not only from the membership, but outsiders as well. Speaking of him one of the churchmen "Hs is a scholarly gentleman, hardly yet in the prime of life, with a fine voice, spiendid physique and will undoubtedly prove a worthy leader for this great central church,

To the Retail Grocers' Association:

Gentlemen: We give below seven reasons why GREEN TRADING STAMPS are good for the people.

We offer you this space tomorrow at our expense, to give your reasons "Why Green Trading Stamps are not good for the people." This space is yours to use if you will. Please furnish your copy, signed by the officers of your association, to the advertising department of this paper.

Very respectfully, THE BENNETT COMPANY.

Why Green Trading Stamps Are Good for the People

FIRST-Because they earn interest on the money you If it is worth while to earn a small rate of interest on

the money you save, surely it is worth much more to earn a larger rate of interest on the money you spend. The man who earns and spends \$500.00 or \$600.00 per year can buy as much with his money, and still gets five or six useful, pretty premiums during the year without a

cent of cost, if he collects GREEN TRADING STAMPS. SECOND-Wholesale dealers gladly give a discount to retailers for cash in 10 days. Surely the retailer can afford to give the buyer, who pays cash, a discount that he cannot afford to give to the man who says "charge it." GREEN TRADING STAMPS are a modern form of cash

discount. Mr. Business Man, you are proud of the cash discount you get. Encourage your wife and household to follow this plan. Encourage your help to look after their own cash discount as well as yours.

THIRD-GREEN TRADING STAMPS enable the family of limited means to secure handsome premiums which they could not otherwise get without serious outlay of money, while the premium they have in mind at start is theirs at finish.

FOURTH-Because GREEN TRADING STAMPS are not the monopoly of one store, but all kinds of businesses directly supplying the consumer, thus enabling the consumer to secure his cash discount on everything he buys. FIFTH-GREEN TRADING STAMPS being intended

to encourage cash purchases they elevate modern merchandising and eliminate the pernicious credit system, and thus become an immense advantage, both for the retailer and his customer. SIXTH-Because the system has been tested and tried

by the greatest stores in the largest cities throughout the world and found to be good. SEVENTH-Because GREEN TRADING STAMPS

are here to stay.
