ease—I believe that human life can be prolonged—I believe that people should die only from old age, and I also believe and know that my Paw Paw Remedy will not only relieve much suffering, but add many years to the average life.

In my opinion dyspepsia and indigestion are the cause of most aliments. Dyspepsia heart affections. No person can be happy -no person can see the beauties of life and enjoy its pleasures who suffers from

any form of atomach trouble.

I cannot recommend Paw Paw too highly for all forms of indigestion and nervousness. This remedy also acts wonderfully well on the liver, blood and kidneys, but I believe its greatest office is in its marvelous effect upon the stomach and nerves. It is really a nerve food and vitalizer. MUNYON.

White House, Washington, D. C., Nov.

Both pryself and wife have used Munyon's Paw Paw. My wife was a great sufferer with indigestion, heart and kidney troubles with acute nervousness, and I with the natural results of age, combined with dys-pepsis and indigestion. I purchased a botof Paw Paw, and less than a dozen doses have made me feel strong and energetle and has so regulated by digestion that I cut and sleep perfectly. My wife has so far been greatly benefited by its use, so that her troubles seem now to be entirely over. It is certainly a wonderful

the latter in refusing to approve the seg-regation of between 400,000 and 500,000 acres of arid lands in Idaho, which is was proposed to reclaim. The commissioner of the general land office had held that in view of an act of the Idaho legislature of March 18, 1901, no further contracts between the state and the United States should be ntered into so long as the state law was in force. This law provided that when a company improved contracts of land by the building of extensive irrigation canals and within two years had not found the scessary settlers for each 160 acres the ands should be deeded to the company making the improvements. This was said to be contrary to the federal laws. Under the decision rendered the matter will again come before the Interior department at the xpiration of the two-year clause for setment of the lands.

ST. LOUIS GETS STARNAGLE Colorado Springs Catcher to Go the National League Next

Year.

CINCINNATI, Dec. 23.—President Herrmann of the national base ball commission today allowed the claim of the St. Louis National League club to Catcher George Starnagle of the Colorado Springs team.

Starnagle signed a contract with the St. Louis Nationals for 1904 and the Colorado Springs club claimed that the player was on their reserved list at the time. The St. Louis club proved that Starnagle signed the contract some time before being placed on the reserved list of the Colorado team.

BONDS FOR FRIARS' LAND

Government Wil Issue Seven Mill on Dollars Worth Early in January.

GOVERNOR TAFT TELLS OF PURCHASE

Report from Mautin Shows that Civil Authorities Expect to Have Trouble in Disposing of Property.

WASHINGTON, Dec. 25-President Roose-velt and Secretaries Root and Shaw had an extended conference today regarding the issue of bonds for the raising of mon with which to pay for the friar lands in the Philippines.

Secretary Root is in receipt of a cable gram from Governor Taft announcing that the contracts for the purchase of the lands payment, Governor Taft indicates, is that the government shall use due diligence in the necessary surveys, execution of title and sale of bonds and shall consummate the purchase within the period not exseeding six months from the date of the ontract. Unless new surveys shall differ materially from the Villegas survey, the exact amount of the purchase price of the lands is \$7,239,784. The lands to be pur chased aggregate 291,000 acres.

Governor Taft's cablegram concludes as As soon as your recommendation is re-ceived, will post act reciting making of contract and authorize you to issue bonds much the same form as laws authorizing lastic of certificates of indebtedness.

At the conference today it was determ ined to authorize the fasue of \$7,000,000 o after ten and within thirty years. They will be offered for sale early in January An act of the last congress provided for the issue of such bonds. They will be so cepted by the government as security for the deposit of public funds.

Some details concerning the fame of th bonds have to be worked out, but no doubt is expressed that a ready market for them will be found in this country.

During the last seven months an aggre gate of \$6,000,000 of 4 per cent Philippin bonds have been issued and floated in the United States in batches of \$3,000,000 each More than half of these bonds are now or osit with the government as security for public money. The bonds previously issued were sold on terms regarded as favorable to the government, each let of \$2,000,000 commanding a figure above par. It is believed that the forthcoming issue it also will, bring a good price.

Friars' Lands Are a Worry. MANILA, Dec. 23.-The agreement for the sale of the friar lands has been signed to take effect in six months, the time allowed for surveys and examination of titles. The bureau organized to administer the affairs of these lands will dispose of them when possible to the present tenants on long terms of payment. Three-fourths of districts, which makes it a difficult propo sition for the administrative bureau.

Bonds to the amount named as the pu chase prices will be issued and will be sold in open market probably within thirty days. The tonds will bear 4% per cent interest and will be redeemable after five and within thirty years. The lands involved aggregate 281,000 acrea
