The live bird match resterday was one of the largest that has ever been held in this part of the west and certainly larger than has ever been held in Omaha. There were forty-seven entries, each man putting up an entrance fee of \$20, which included the price of the twenty-five birds he shot at. This total of fish was divided between the four high guns, 35 per cent going to the first, 30 to the next, 20 to the third and 15 to the fourth man. Henry Anderson of Salina, Kan., and Harry Tipton of Kansas City each killed his twenty-five birds without missing a shot. Four men missed one aplece and seven got all but two. In hardly an instance were these missed, so far as the

stayed in the air long enough after being whot to fall beyond the boundary. Selverson Gets Cuns.

The tie of Wednesday between O. N.

Ford of Central City, Is., and J. H. Selverson of Wisner, when each man broke forty-seven out of a possible fifty clays. was shot off in the forenoon and aroused much interest among the shooters. Each man had twenty-five birds and at the end boy were again tied and had to shoot a like number once more to decide who was the better man. In this match Seiverson killed twenty-three, while Ford scored but Iwenty-one. Thus Selverson won the beau tiful and valuable Combs trophy cup. He also had a tie match to shoot off with Willlam Townsend for the dickey target cup. This cup Selverson also won by a score of wenty-five without a miss, while Townsend got twenty-two.

The tourney will close today with an in erstate team race at twenty-five live birds man. This will be an optional individual sweep, 2% entrance and much interest attaches to the event. Pollowing 18 the summary for Thursday:

C. E. Iddings of North Flatte Boomed by Friends as Candidate.

NOT CREDITED TO THE ASSOCIATION He Treats Matter as Joke-Nebraaka Lumber Dealers Begin Convention for a Two-Day

Session. republican gubernatorial candidate A has been developed at the fourth annual convention of the Nebraska Lumber Dealers' association, which began in Omaha resterday morning. C. F. Iddings of North Platte is the man, though he it said in instice to Mr. Iddings, he pleads not guilty. At least he is an accessory neither before nor after the fact. Mr. Iddings is a young and popular

that some of his ardent admirers have taken this occasion of manifesting their friendship for him in the hope that a subernatorial boomlet at this time may not be considered out of place by those

who are deeper in politics than Mr. Iddings and who are not as well acquainted with him as are the men who have sprung this little affair. Mr. Iddings was a presidential elector four years ago, but has

not dabbled extensively in politics. Mr. Iddings, himself, is very much average to speaking of the movement in his behalf and said when the matter was broached to him, that he could not think the affair was other than a joke which some of his friends were trying to play on him. But

his friends talk differently. So far as is known the association, as a body, has taken no part in promoting the candidacy or rumors of the candidacy of Mr. Iddings and it is not known that it is to thus enter politics.

Largest Convention Held.

The convention is the largest yet held under the suspices of the association. About 400 members are in attendance from all parts of the state, and the beadquarters of the association at the Milliard hotel present a very lively and animated scene. The officers of the association are: E.S. Clarke of Gretna, president; O. O. Snyder of O'Nelli, vice president; William Fried

Fremont, treasurer; Bird Critchfield of incoln, secretary; Eimer Hall of Syra-use, G. T. Field of North Platte, William rotter of Stuart, J. W. Kerns of Auburn, U. Whiffen of Dewitt, and M. L. Fires Arcadia, board of directors. The local committee of arrangements has

ovided the visitors with a handsome pure silk badge and the wearer of such coration is by common consent presumed have the free run of the city today

d tomorrow The formal convention was called to or er in Washington hall at 10:45 by Presint E. S. Clarke, who delivered a short d interesting address. He congratulated e association upon the fact that the embership had very largely increased uring the year, and that the Nebraska in most influential associations in the The affairs of the association ere shown to be in a highly prosperous

ate in all of its departments. Conditions Are Gratifying.

Secretary Bird Citichfield then read his nnual report, which was a gratifying exsition of the affairs of the association or the past year, with an equally bright atlook for the future. Reference was made the beneficial legislation in the interests the lumber trade that had been secured rough the offices of the association at ie last sension of the Nebraska legisla-ire in reference to credits and taxation. The matter of mutual insurance was dwelt upon, showing that of the 600 mem-

WOMAN IN CLUB AND CHARITY

The recommendation of Governor Bates that municipal suffrage be granted to the women of Massachusetts and unprecedented crowds that included some of the men and women of the state, attended the open hearing last week of the petition of Mrs. Lucia Anes Mean. president of the Massachusetts Woman Suffrage association. Even the members of the Society Opposed to the Extension of Suffrage to Women were present to

supplement the efforts of their paid attorney who usually represents them, some of them being among the speakers. Among the others present and sympathizers were Mrs. Julia Ward Howe, ex-Governor John D. Long, Henry B. Blackwell, Allos Stone Blackwell, Mrs. Lucia Ames Mead, Mrs. Watson-Lister of Australia, Prof. Gardner of Boston university, and Amy Acton. who, as an atorney, presented the cas

for the petitioners. Miss Acton read the susiness man of North Platts and it seems governor's recommendation and letters favoring such legislation from Senator Hour, ex-Governor Boutell and Congress man Samuel W. McCall.

> Commenting on the occasion, the Boston Transcript says:

Commenting on the occasion, the Bos-ton Transcript says: But, after all, when all had been said, and well said, on both sides, the whole thing was back at the starting point of "why not?" People often forget in discussion that prophecy is not argument-that to pre-dict evil does not prove it a fact. The greatest compliment phild women is the panic enused by the suggestion of the bal-lot for them. More than once at the bear-ing yesterday the giving of the ballot to women was spoken of as "a great and momentous change," and the dangers and horrors of politics dweit upon and used as a bugaboo. Argument must be from a basis of facts. Personal convictions are not proofs. If present conditions in pol-tics and municipal matters are as unsatis-factory and deeperate as painted there is no proof that women's voting would add to the complications. Neither, of course, is there any proof that women's vote would unemari the tangled skein. The only thing positive is that women would do order, system and accompliances ten to one she might make reforms. Healing and order the chief characteristics of women. That they are not deilberste trouble-makers is proved by the fact stated yesterday, that where school matters were progressing favorably without their vote their vote was not cast because not needed.

During this month the Sunday afternoot neetings of the Young Woman's Christian association will be devoted to Bible study. Mrs. Emms F. Byers, general secretary of the association, will give four lessons of Paul's letter to the Ephelans. The subject for next Sunday will be "Ancient Ephesians and the Apostle Paul." Miss Alice Pawcett will sing. The meeting opens at 4:30 o'clock and an invitation is extended to all women

The fourth number of the entertainment course of the Young Woman's Christian association will be a lecture on Lowell, given by Rev. Newton Mann on Monday evening at \$:15 o'clock. A number of especially attractive social features have been provided the association members of late and the membership committee is planning a colonial party for Washington's sociation was now one of the largest birthday. Last Monday evening the gymnasium committee provided a supper for fifty of the "gym" girls. The tables were arranged in the form of a wheel, in the big dining room, and were trimmed with red candles and carnations. There were tonsts and several readings given by Miss Spencer

after which a game of basket ball was enjoyed. Thursday, February 11, Mrs. H. C. Herring will deliver an address at South Branch on 'Training the Children in the Home." The meeting will be held at 2 o'clock in the afternoon and is designed for the mothers. All of the women of the neighborhood having been invited, regardless of membership. At 7:45 Thursday evening Mrs. W. H. Hanchett will address the Margaret Fuller literary and will speak to the girls again the following Thursday.

Billiard Games at New York.

Billiard Games at New York. NEW YORK, Feb. 4.-Charles F. Conklin of Chicago and Dr. L. L. Misi of this city were the winners of the games played to-day in the national amateur billiard cham-plonship tournament, which is in progress at the Liederkranz club. Conklin won the afternoon game from J. Deblun Smith of St. Louis by a score of 200 to 540 to 540 but made two rallies in the third and thirty-fifth in-ings scoring 50 and 22 respectively, at a time when he seemed to be hopelessly out of the contest. In the evening Arthur Townsend of Brooklyn held a good lead over Dr. L. L. Misi of this city from the thirteenth to the thirty-third inning, when the doctor made a beautiful run of fifty-two, winning out by the score of 200 to 200 in his thirty-minth inning.

Inning. Following are the results: Afternoon game: Conkin. total. 3%; high runs, 41, 36, 22; average, 1.64. Smith, total. 364; high runs, 50, 38, 31; average, 4. A disease so painful and far-reaching in its effects upon the human system as Rheumatism must have a deep and well-laid foundation. It originates and develops in the blood, and, like other diseases of the blood, is frequently inherited. The poisonous acids with which the blood is charged circulate through the system, breaking down the

settling in joints and muscles, and causing the sharp, cutting pains peculiar to Rheumatism. Unless the blood is purified, joints and muscles become cont-ed with the acrid matter and are rendered stiff and sore, and the nerves are completely wrecked. Rheumatism being a constitu-tional blood disease, requires internal constituhealth, irritating the nerves,

tional blood disease, requires internal treatment. Liniments, plasters and such things as are applied outwardly, give only temporary relief. At Monday's meeting of the Lincoln Woman's club \$500 was voted toward the

university temple fund. This action was taken at the close of the regular meeting, which was addressed by Chancelor Andrews. Mrs. A. W, Field made the motion that each of the 650 members contribute 50 cents to the fund and that the remainder of the \$500 be made up from the club treasury. Later this motion was amended to provide that each woman should contribute

what she could. Dorothy Q. chapter, Daughters of the Revolution, Brookline, Mass., is endeavoring to buy the old Quincy home at Quincy. where Dorothy spent her girlhood. There has been talk of destroying the old house and the chapters of the state have been interested for its preservation.

One of the most important topics to come up for the consideration of the St. Louis biennial will be "Forrestry." Clubs all over the country have taken an active interest in the subject during the last two years, which has been warranted by the ncrease of the lumber industry.

The manual training department of the San Antonio public schools has recently

furnished material for a basar that realized a substantial sum, which is to be devoted to extending the equipment of the industrial section. The department has been under the especial care of the Woman's club, which conducted the sale. The various things made in the manual training department were sold, while the refreshments were supplied from the domestic science section.
