If that is the "world's record" certainly available. He was suggested for the place on the death of President Jimmy Whitfield, two years ago, but was turned down then in favor of Sexton. His candidacy now ought to be given favorable consideration; in fact, his election ought to be unanimous. Griswold has proved himself an aggressive and persistent man in championing the team of his home town, and it is reasonable to suppose that he would give the league the same zealous and efficient service. His choice would certainly be a popular one.

When this business has been transacted the Western will be in readings to set sail for the season. It is likely that with the promulgation of the playing schedule, the personnel of the teams will be aned, and then the public will know what to expect. Some of the players are balking on the contracts offered, but the nagnates rest easy in the knowledge that or once they are in a position to dictate erms, and rely on the common sense men to determine men are holding back, one of whom has the labor trouble.

It is quite probable that Billy Hallman will manage the Denver team during the Bill Everitt and George Tebeau couldn't agree on terms, and little Willie is open to sign somewhere else just now. He will doubtless go back to Colorado Springs. The Denver fans are getting anxious, for they now fear that not one of the star aggregation Tebeau promised during December will be the diamond there next One thing they may rest assured of, Tebeau will give them a team that can play ball, for he wants the money, and he knows that he will have deliver the goods to get the coin in

THOUSANDS OF PEOPLE CURED IN A FEW MONTHS. Read the Testimonials Which come from the hearts of those benefitted by this remedy.

Gentlemen For years I suffered with stomach trouble and constipation, causing dizziness and loss of appetite, together with all the other troubles accompanying all these afflictions. In my case, I feel that constipation was the chief cause of my stomach trouble. It became so had with me that I had no passage of the bowels except when I used warm water injections. But at last I have found the thing for constipation in Milks' Emulsion. Since taking the first box, I have experienced, for the first time in many months, free operations, with no pain in the bowels. Your Emulsion has given me the only relief that I have had for several years. Send me another box at once and your cash terms to agents. Yours truly.

Gentlemen—I first got a box of Milks' Emulsion for my wife, who had been troubled with constipation for years. It gave her immediate relief. She had been so but since using Milks' Emulsion she has no return of constipation, and can eat three square meals a day. We have adopted Milks' Emulsion as a family remedy for bad colds, cough, croup and any termine among our children, and I can truinfully say that \$6.00 would not buy the part of a box we have left, if we could not get another.

Yours truly, Charles F. Jones, 447 S. Seventeenth SE

Gentlemen—I have had chronic stomach trouble for four or five years, and have spent hundreds of dollars without getting any permanent relief, until Capt Cooper recommended Milks' Emulsion. I got a box, and from the start it gave me relief. I consider it the best remely for stomach trouble I have ever tried. I have recommended it to several friends, and in each case they were greatly cenefited.

Gentlemen—Replying to your inquiry, I have to say that Milks' Emulsion in my case, has proven to be all you claim for it. I have been troubled with indirection for these or four years: was unable to get anything that would give me permanent relief. Milks' Emulsion has cured me completely, besides proving a most excellent appetizer. I have recommended it to several friends. Yours truly,

The base ball fever germ has gotten n its deadly work with the soldiers stationed at Fort Crook in spite of the frigidity of the atmosphere and already four or five teams have been organized among the soldiery. They have some good timber too, among these blue-coatd fellows, some who are no strangers to the mitt and th mask, and the teams are guaranteed t put up a pretty stiff article of ball as soon as the season opens and they get into shape. Companies I and D crossed bats Saturday and while the weather was too cold to admit of the finest points of the game showing up to good advantage the players showed that under proper conditions they will be able to make the good teams around the city go along some the coming summer.

Not a sound is heard, nor a fuperal note, with regard to the subject of horse racing harness or running, in Omaha the coming summer. To the uninitiated this may seen ominous, but the man who has had experience isn't at all worried because he knows that horsemen, like the heathen Chines are peculiar. Before many more moon that something will have been announce that will cheer the cockles of the heart of every follower of the horse racing game in Omaha.

No less than thirteen teams have registered at Clark's alleys, and Bartsch and Huntington must either pull down their defi or work overtime for the next few weeks. The go up against them was composed of Francisco and Potter, and they delivered the goods in sure enough shape Friday night. For a first installment it was rathe cooler for the champions, for they were taken into camp by the boys by a margin of 101 plns. The match was attended by great crowd of both male and female bowl ing fans, and more noisy enthusiasm was uncorked than has characterized any match here this winter, and the game put up by both teams and the scores and individual shots made warranted every bit of it, too Seven games were rolled for a side bet of \$25. The challengers won the first string drew some bad breaks in the next and lost the while of all admirers and players of the next game out by 110 pins, giving them a lead of 9. Potter fell down badly, but made the best bowl of the game, getting pins 6, 7 and 10 on a second ball. In the more and with a lead of 19 started in to leaving the other fellows 21 to the good. Then they proceeded to rub it in and won the seventh and last game by 80, giving them a total lead of 101, It was a good, defeat was taken with the best of good

WHEN YOU THINK OF BLOOD PURIFIER THINK OF SSS

The Most Popular and Widely-Known Blood Purifier **GUARANTEED PURELY VEGETABLE**

This is the season that tests the quality of your blood, and if it is not good, then evidences of it will begin to show as the weather grows warmer. Carbuncles and boils, pimples and blotches, and numerous itching and burning skin eruptions will make their appearance, and are sure indications of bad blood. If spring-time finds you with impure, sickly blood, then you are in poor condition to withstand the strain upon the system which always comes at this time of the year. A failure to look after your physical welfare now, by purifying the blood and toning up the general system, may result in a complete breaking down of health later on, and you will find yourself weak and run down, with no appetite, and a prey to indigestion and nervousness. It is poor blood that makes weak bodies, for it is this vital fluid that must supply vigor and strength to our systems,

and upon its purity rests our chances for health. Any impurity, humor or poison in the blood acts injuriously upon the system and affects the general health. It is to the morbid, unhealthy matter in the blood that chronic sores and ulcers are due. The pustular and scaly skin eruptions so common during spring and summer, show the blood to be in a riotous, feverish condition, as a result of too much acid or the presence of some irritating humor or acrid poison in the blood. A large per cent, of human ailments have their origin in a polluted, diseased blood, and can only be reached by a remedy that goes into the circulation and uproots and expels the poison and restores the blood to a healthy, natural condition. If you have any symptoms of bad blood, and
