Millinery Opening Soon.

PRESENT DEFENSE IN TURLEY CASE.
Puts on Witness Who Gives Important Testimony.

GRAND ISLAND, Neb., March 11.—(Special Telegram.)—Two new witnesses not brought out at the first trial testified for the defense in the Turley murder trial today that Keyser Allen had remarked to one of them in the hearing of the other that the steps described as the retracting steps of Mr. Bliss by Earl Bliss, Keyser Allen, Buddy Salter Cox and others first at the scene had been made by him (Allen). This was so directly in conflict with the testimony of others the state will attempt to disprove it on rebuttal, it being asserted that Keyser Allen by that time had gone to the house with the body.

William Turley was himself on the stand today and gave his version of the shooting. He had gone out hunting at the request of two boys and saw Bliss and his son driving the horse off the farm. He approached Bliss and asked him whose horse those were. Bliss had said he did not know. He had asked how many he had killed. Bliss had answered he should ask too many questions and came at him with the stick over the fence. He told Bliss to stop, but Bliss came on. He told him again to stop, but he continued and he shot. When Bliss saw he was going to shoot he half turned, receiving the charge in the arm. The charge was sworn by the undertaker and coroner to have entered the body directly from the rear. Then Bliss came on some more and Turley fired the second shot. Bliss staggered and fell. O'Connell examined him and claimed that Bliss was within five feet from the end of his gun. All the other evidence shows that there was a distance of from sixteen to twenty feet between the body and the point where the gunshot lay, which Turley admits he left there.

him with the stick over the fence. He told Bliss to stop, but Bliss came on. He told him again to stop, but he continued and he shot. When Bliss saw he was going to shoot he half turned, receiving the charge in the arm. The charge was sworn by the undertaker and coroner to have entered the body directly from the rear. SULLIVAN ATTACKS TAX LAW

Says Omaha Has No Right to Assess Gross Insurance Premiums.

ONLY WILLING TO PAY ON CASH ON HAND

Governor Mickey Goes to Old Home in Polk County to Attend Convention and Ask Endorsement for Another Term.

(From a Staff Correspondent.)

LINCOLN, March 11.—(Special.)—John J. Sullivan, former chief justice of the supreme court, doubts that the city of Omaha has a right to tax foreign life insurance companies for gross premium levied upon the gross amount of premiums received by the company during the year. In support of his contention, an attorney for the Provident Savings Life Assurance society, which refused to pay Omaha a municipal tax, he, together with Attorneys Breckenridge and Green, this morning filed a brief in the supreme court. He holds the tax is void because the legislature did not authorize the plaintiff and other foreign life insurance companies to be taxed in and by the city of Omaha upon premiums derived as income from gross premium receipts, and, second, the assessment made by the tax commissioner and the tax levied by the city council is upon money which was not within the state at the time the assessment was made.

The brief states that in the year ending December 31, 1932, the company received at its local office in Omaha \$10,856 on account of its premiums, which was transmitted to the home office in New York. Prior to September 15, 1933, the company also received money on account of its current premiums in the year 1933, which were, with the exception of \$746.66, remitted to the New York office prior to that date. It had on hand in Omaha on and after September 15, 1933, only the \$746.66. The plaintiff has paid to the state treasury \$44.25, the percent of its gross premiums received during the year 1933 exacted by the state. The levy for Omaha was made by the council for 1934 at the rate of 34 mills upon the aggregate assessment. The tax so levied is upon the total assessment of \$10,256.20, which includes the plaintiff's assessment upon its gross amount of premiums received during the year ending December 31, 1932. The brief states that a sum equal to a tax of 14 mills upon the money the plaintiff actually had in Omaha during the time of the assessment was tendered the city treasurer and he refused it.

Governor Goes Home.

Governor Mickey will leave tonight for Osceola, his home, to be present tomorrow at the Polk county convention. In this county there has been some talk that a fight would be made on the governor and that he would have trouble in securing his home delegation. Friends of the governor pretend to feel no uneasiness over the matter, however, and they expect a rousing endorsement tomorrow. The governor will be present in person and will address the convention.

J. H. Harley, who was permanently injured in one of his feet some time ago by a Burlington train, was given a verdict in the district court this afternoon for \$2,500. He sued for \$14,500.

Action Under Pure Food Law.

Food Commissioner Thompson, in the course of a few days, expects to cause the arrest of a number of merchants throughout the state for selling adulterated vinegar for the pure article. He has delayed making the arrests for some time in order to allow merchants to whom he had sent notices time to get rid of their adulterated vinegar, but he stated this afternoon that many had not done so, and he expects to begin active and vigorous prosecutions.

Claimant for Estate.

Minnie Johns of Wilmington, O., has asked the courts of this county to give her the \$25,000 left by Mrs. Mollie Oesmer, which is now in possession of Alfred G. Oesmer. Upon her death Mrs. Oesmer left no will and as no other relatives could be found Alfred was given the estate. The new claimant says she is the only living granddaughter of the dead woman.

Kills Horse for Bear.

PAPILLION, Neb., March 11.—(Special.)—Hunters along the Platte river during the past week have been considerably worked over the alleged appearance of a large brown bear, roaming alone through the thick underbrush and tangles of the river bank. Many attempts have been made to obtain a shot at it but all efforts have proved futile. Wednesday while Julius Ruff was hunting along the river for a brown horse that had got away from his barn, a few days previous, he was surprised when near the animal to hear a sharp report and see it fall dead almost at his feet with a rifle ball through the heart. The only explanation Mr. Ruff can make of the case is that some enthusiastic near-sighted hunter had mistaken his valuable horse for the bear and shot it before realizing his error. Ruff said the man turned and ran, but he did not recognize him. Nothing further has been seen of the bear.

Electric Lights for Papillion.

PAPILLION, Neb., March 11.—(Special.)—Following the example set by Millard, which town has recently installed a system of electric lighting, considerable talk is heard here of putting in a plant in Papillion. While nothing definite has been arranged at the subject may come before the members of the Commercial club at their next meeting. Papillion is now lighted by gasolene lamps which prove a very unsatisfactory light and the people want something better. It is said the power will be obtained from a large gasolene engine to operate a dynamo and that the poles of the local telephone company will be used to carry the wires to all parts of the town.

Farm Brings Big Price.

WEST POINT, Neb., March 11.—(Special.)—The highest price paid for ordinary quality farm land in this county was reached yesterday in the sale of the William Lierman farm, five miles northwest of the city, for \$5 per acre. Mr. Lierman will move to his ranch in Holt county and engage in the raising of cattle. He is one of the pioneer settlers of this county.

Lincoln County Teachers to Meet.

NORTH PLATTE, Neb., March 11.—(Special.)—The Lincoln County Teachers' association opened a two-days session here today. Deputy State Superintendent McEwen lectured on the subject of "Optimism Against Pessimism," this evening and tomorrow night will talk of "The Rural School Problem."

Wind Damages Wheat.

FREMONT, Neb., March 11.—(Special.)—Winter wheat is reported damaged by a strong northwest wind which prevailed here yesterday. The ground was so dry that on ridges and exposed places it blew considerable of the growing wheat out of the ground. Rains are needed very badly and all the streams are low.

You Take No Risk

FREMONT, Neb., March 11.—(Special.)—In using Dr. King's New Discovery for Consumption, Coughs and Colds, it cures all lung troubles or no pay. \$5, \$10, for sale by Kuhn & Co.

You Need Not Buy Because You Look, or Keep Because You Buy.

Doan's Swanson Co.
Correct Dress for Men and Boys.

CLOTHING FOR SPRING

We invite consideration of the new season's most attractive conceptions in correct apparel for men and young men. Here you'll find spring stocks complete in all grades; good enough to carry this store's absolute guarantee of satisfaction. Wherever improvement was possible in the fit, the making or style of our clothing, it has been made; and wherever better buying enabled us to increase quality without increasing our prices it has been done. We are showing

Spring Suits, Top Coats and Rain Coats at \$7.50 to \$30.00

That outvalue the similar offerings of any store in Omaha, and more completely satisfy in all respects. This is not a statement resting solely upon our own estimate. It has for its substantiation the experiences of yourself, or your friends and neighbors, who have become patrons of this store in the past eighteen months. When down town come in, get an idea of our spring stocks and by a study of windows, they'll help you to a decision.

OPPOSE PLANS OF BURKETT

Some Republicans Think One Nomination is Enough for Him.

DINSMORE OUT OF RACE FOR GOVERNOR

Gives Out Open Letter Saying Party Evidently Desires Mickey's Renomination and He is Entitled to Receive It.

LINCOLN, March 11.—(Special.)—Development during the last few days, said a prominent republican today, indicate that Congressman Burkett will not be a candidate for the United States senate and for re-election to his present position at the same time. A plan is on foot, it is said, on good authority, to make Edward Sizer, congressman at Lincoln, the congressional nominee should Mr. Burkett succeed in getting the senatorial endorsement by the state convention. The congressional convention is expected to nominate Burkett and then to appoint a committee to fill the vacancy on the state convention, on the heels of this, endorse Burkett for the senate, and he in turn resign as the congressional nominee, the committee, controlled by Burkett and Sizer, could appoint Sizer to fill the vacancy on the ticket.

All-Day Church Entertainment.

STURTEVANT, Neb., March 11.—(Special.)—The Ladies' Aid society of the Methodist church adopted for yesterday and carried out a novel means of strengthening church fellowship and cementing friendships. Members of the society went to church early in the day, remaining throughout the regular work of the society or the special work for the day. Dinner and supper were served, the male members of the church joining and heartily participating in that work. In the evening there was an interesting program in the church auditorium, consisting of solos, duets, recitations, select readings and an anthem by the choir and a "Church Parliament," which comprised papers or addresses concerning the various departments of the church, Epworth league, Junior Epworth league, Sunday school, etc. Forty women were in attendance during the day, a large number more at the meals that were served and a fine time enjoyed. No price was charged for any part of the day's doings.

Storm Causes a Wreck.

WAYNE, Neb., March 11.—(Special.)—One of the most severe blizzards ever known in this vicinity raged Thursday forenoon and, although not very cold, business was practically suspended and pedestrian experience difficulty in making their way along the streets. Owing to the blinding snowstorm an accident occurred in the morning in the railway yards that had it occurred a few seconds sooner would have caused a loss of life and much damage to property. As the Bloomfield train was pulling out from the main track, a freight train bound for Norfolk plunged into the rear coach before it had cleared, throwing the car from the track, badly damaging it. The engine of the freight was badly damaged and the passengers were badly shaken up, but fortunately none were seriously injured. As a result of the storm the schools were closed in the afternoon.

Not Arrested in Assault Case.

FREMONT, Neb., March 11.—(Special.)—There are no further developments in the Scribner assault case, and public opinion, considerably cooled. The officers have some clues to the identity of the guilty parties, which they are following up with hopes of locating their man. Miss Rich is much better today, though still suffering from the brutal treatment she received.

Electric Lights for Papillion.

PAPILLION, Neb., March 11.—(Special.)—Following the example set by Millard, which town has recently installed a system of electric lighting, considerable talk is heard here of putting in a plant in Papillion. While nothing definite has been arranged at the subject may come before the members of the Commercial club at their next meeting. Papillion is now lighted by gasolene lamps which prove a very unsatisfactory light and the people want something better. It is said the power will be obtained from a large gasolene engine to operate a dynamo and that the poles of the local telephone company will be used to carry the wires to all parts of the town.

some republican to make such an effort toward securing the nomination in opposition to the incumbent. In holding that opinion I now believe I labored under an misapprehension as to the sentiment which existed regarding a proposed second term for Governor Mickey. I was convinced that there was a strong current of antagonism to him, but I am now free to say after a personal canvass of the situation that not only his friends but that they gave him credit for, but on the contrary, the sentiment in favor of the majority of republicans of Nebraska, then it would seem to be the duty of the party as a whole to follow the wishes of the majority and insure the party's harmony and best interests by following upon him an honorable retirement to have carried out the fulfillment of a second term in cases where a man has served honestly and faithfully, and where no substantial opposition, based upon good and sufficient cause, develops.

That Governor Mickey fills the requirements, apparently, is true, and as a republican, deeply interested in the task of doing the best thing for the party at the time it should be done, I am ready now to say that the proper action for the republicans of the state to take is to unite upon Governor Mickey again and nominate him to succeed himself.

If I did this for no other reason than to insure harmony in the republican ranks of Nebraska I would feel that it had been a task well performed. In this case, however, the double pleasure of doing that which evidently will help the party and give to Governor Mickey the favorable recognition that Nebraska republicans consider he has earned.

Arrested for Stealing Clothing.

PLATTSMOUTH, Neb., March 11.—(Special.)—John Doe, real name not known, was brought to this city from Elmwood last evening and lodged in the county jail. The prisoner is accused of breaking and entering the store of Louis F. Langhorst at Elmwood and taking therefrom four pairs of trousers, valued at \$8 each. When arraigned in Justice Archer's court he entered a plea of not guilty, and his preliminary hearing was not set for Saturday. The charge against him is daylight burglary. It is claimed that the man has been

RHEUMATISM IN EVERY JOINT

Mrs. E. H. Hill, a Traumatized Nurse, Living at 2236 8th Ave., New York, Was Perfectly Helpless with Rheumatism and Kidney Disease.

"Doctors Failed to Help Me, but I was Completely Cured by Warner's Safe Cure, and Since Then Have Never Had an Attack."

Rheumatism is caused by uric acid in the blood, and is a never-failing sign that your kidneys are diseased and need immediate attention to prevent Bright's disease, diabetes and other serious stages of kidney trouble. If you have the slightest doubt about your condition

TEST YOUR KIDNEYS AT HOME: Let some morning urine stand 24 hours; if a reddish-brown sediment forms, or if particles float about in it, or if it is the least cloudy or smoky, your kidneys are seriously affected and utterly unable to carry the waste matter out of the body, and if allowed to run on without treatment, the uric acid will clog the blood and poison the whole system, causing rheumatic pains and swellings, inflammation of the bladder and urinary organs, headache, backache, especially in the loins, indigestion, dyspepsia, constipation, torpid liver, nervousness, all manner of blood and skin eruptions, and, finally, a complete breakdown of the general health, with Bright's disease or diabetes and death.

DISEASES OF WOMEN. Bearing-down sensation, fainting spells, painful periods and other so-called female troubles are all unfailing symptoms of kidney disease. If you are a ready sufferer from any of these diseases your life is in grave danger, as the kidneys rarely put forth such outward symptoms until the disease has secured a firm hold. You should begin taking Safe Cure at once.

"SAFE CURE" CURES DISEASED KIDNEYS

Warner's Safe Cure is absolutely the only complete, permanent and safe home cure for rheumatism, Bright's disease, diabetes, gall stones, urinary tract ailments, inflammation and irritation, repairs the delicate tissues, heals the organs, restores energy and vigor and builds up a strong, healthy body.

Safe Cure is made entirely of herbs, contains no harmful drugs, is free from sedative and pleasant to take. Prescribed by doctors and used successfully in leading hospitals for fifty years. Sold at all drug stores or direct. 50 CENTS AND 1 A BOTTLE.

REFUSE SUBSTITUTES AND IMITATIONS. They are worthless and often exceedingly dangerous. Ask for Warner's Safe Cure; it will cure you.

Write for free doctor's advice and medical booklet. Warner's Safe Cure Co., Rochester, N. Y.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

Daikota County Court.

DAKOTA CITY, Neb., March 11.—(Special.)—The term of district court presided over by Judge Guy T. Graves, which convened in this place February 25, was yesterday adjourned until June 18. But one jury case was tried during the term. Nearly all the cases involved the title or ownership to lands and were tried to the court, and as Judge Graves was slightly indisposed, the arguments in nearly all the cases will be submitted to him in brief.

Capture May Be a Good One.

FATBURY, Neb., March 11.—(Special.)—Sheriff Case during last night arrested two suspicious characters who were evidently intending to steal a ride on the night train west. One had on his person an automatic repeating pistol. When they were in the wash house hebo clothes, they had recognized Bill showing they had stopped at 43 a day hotels in California and bought 450 suits of clothing. They had express receipts and registered letter receipts for valuable packages sent from California to a town in Nebraska, for which they were evidently headed. One is about 33 years old, five feet six inches tall, with sandy moustache, and has lost the large toe on his left foot. The other is about 28 years old, neatly six feet tall, with dark hair and moustache, blue eyes and prominent cheek bones.

River Causes a Scare.

FREMONT, Neb., March 11.—(Special.)—The Platte river gave the people living southeast of town another scare yesterday. About 10 o'clock it commenced to rise and by 4 p. m. near Mercer, it had risen five feet. A strong current again set in toward the northeast, with considerable slash ice. At 6 o'clock it began to go down and this morning was back at the level of the day before. Some of the lowlands southwest of the city were also over-land yesterday, but the water subsided during the night. The river is still in a dangerous condition and a warm rain would make things worse than they were last week.
