PROTEST AGAINST SMITH'S TESTIMONY

Utah People Emphatically Deny that the Polygamous Practices of President of the Church Were Condoned,

SALT LAKE CITY, Utah, March 14 .-Non-Mormons, who are indignant at the admissions of President Joseph F. Smith before the Smoot investigations committee, met here tonight for the purpose of forming an anti-Mormon party. A committee of twenty-five citizens was appointed to frame a plan of political action. A mass meeting will be held next week to ratify the action and perfect organiza-

A protest against the statements of President Smith was signed by about 200 citizens. The protest will be forwarded to Chairman Burrows and copies will be circulated for further signatures in Utah and adjoining states.

The resolutions declare that the lawabiding citizens repudiate emphatically the statement of President Smith that his offense of living in open polygamy is condoned; that on the contrary the disclosures made by him at Washington were nowhere received with greater amazement, indignation and disgust than in Utah; that it has been heretofore impossible to get at the real facts of the situation, owing to the wall of secrecy with which the polygamists have surrounded themselves and their constant practice of failing to comply with the law in reporting births.

Opening of the New Louisiana Jockey Club's Spring Meeting Proves Disastrons to Favorites.
