# Alcock's

## POROUS PLASTERS

A universal remedy for pains in the back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain a Plaster should be applied.

**Rheumatism, Colds, Coughs, Weak Chest, Weak Back, Lumbago, Sciatica, &c., &c.**

Alcock's Plasters are superior to all others.

For pains in the region of the kidneys, or for a weak back, the plaster should be applied to the back. Wherever there is pain apply Alcock's Plaster.

For Rheumatism or Pain in the Neck, or for aching joints, the plaster should be applied to the affected part.

### ROBERTSON IS A CANDIDATE

Norfolk Man Formally Announces He is After the Governorship.

THREE REPUBLICANS NOW IN THE FIELD

Governor Mickey, Senator Harrison and W. M. Robertson Prepare for the Contest at the State Convention.

"I am a candidate for the governorship," W. M. Robertson of Norfolk formally announced his candidacy for the nomination of governor on the republican ticket. Sunday he denied to a reporter for The Bee the report that he had withdrawn as a candidate and that "matters still stood as they were." He later decided to make the final announcement that he was a positive candidate and would make an aggressive race for the nomination. The report that he had withdrawn did not have any of his authority, he said, and he supposed it originated with certain parties with whom the thought was parent to the wish.

"You may say," said Mr. Robertson to a reporter for The Bee, "that I am actually a candidate for the nomination for governor. My friends have urged me to take this step, assuring me of their support and confidence in my ability to win out in the convention and at the polls. I am, therefore, in the hands of my friends. I shall do my best."

Three Men in the Field.

The entrance of Mr. Robertson makes three recognized candidates for governor among the republicans—Governor Mickey, State Senator W. H. Harrison of Grand Island and himself. Both Senator Harrison and Governor Mickey have been actively and aggressively at work for some weeks on their campaign.

In the report last week that stated Robertson had withdrawn from the field, was the statement, accredited to him, "that I underestimated the strength of Governor Mickey, and that if why I am not going to run. I was induced to believe he was losing cause, but I find this to be untrue."

Speaking of his campaign and arrangements being made for the same, Mr. Robertson said:

"While I will make a canvass of the field, so far as I now can say I will not enter a

speech-making campaign, although, no doubt, I will be called upon to make a little talk here and there throughout the state." Mr. Robertson left for his home yesterday.

Mr. Robertson is a lawyer. He was national committeeman in the early 80s and has served a term on the bench. He was a candidate for the nomination for governor two years ago, but was defeated in the convention. At one time he was member of the Nebraska legislature. Living in Elkhorn territory, he has been regarded as friendly to that road.

### TO REVIVE SPEED ORDINANCE

City Council Contemplates Passage of Measure Because Automobiles Become Reckless.

The automobile ordinance which fell by the wayside last summer, after the owners of the motor wagons had held a meeting and protested, is to be held to the fore again, according to members of the council.

"We were promised by the autoists that they would drive slowly and proceed in a very careful manner inside the city limits," said one of the councilmen. "Observation has shown me that this stipulation has not been carried out. Fast and reckless driving can be seen any day close to the business section of the city. The council desires of incorporation ordinance on promise of good behavior. It has not been kept and an effort will be made soon to pass the ordinance and have it strictly enforced."

Are Stumpy Perfect.

Dr. King's New Life Pills are prompt, safe, gentle and always satisfy or no pay. Best for stomach and liver. 25c. For sale by Kuhn & Co.

Omega Oil for Rheumatism. Price 10c. Costs no little you can afford to try it.

### TO PROTECT BOTTOM LAND

East and North Omaha Property Owners Incorporate to Curb Missouri River.

Peter Leach, John A. Scott, David Talbot and Walter L. Selby have taken out articles of incorporation under the name of the North and East Omaha Improvement association, the main object of which is to be "to protect property in East Omaha precinct from damage, erosion and overflow by the Missouri river." The capital stock is placed at \$25,000.

### PEARSE WAITS ON SALARY

Wants to See Money in Sight Before He Goes to Milwaukee.

THINKS BOARD WILL DOWN MAYOR'S VETO

State Superintendent Fowler Said to Be an Applicant for Omaha Office if Present Incumbent Vacates.

Superintendent of Instruction Pearse after returning from Milwaukee, where he had a conference with the members of the Board of Education, has not yet formally accepted the position of superintendent of schools of that city, nor will he do so until the matter of salary is definitely settled. He expresses the opinion that a majority of the board will override the veto of Mayor Rose as to the \$2,000 salary proposition that was Mr. Pearse's demand. He made it plain understood he will go to Milwaukee. In case he does he is wanted to assume charge April 1 and the Omaha board will be asked to release him by that time. No difficulty is apprehended regarding this feature of the program. It is given out that it would be possible for the local schools to be handled through the secretary of the board's office for the remainder of the school year and the members do not feel that it is absolutely necessary to elect a superintendent to step into Mr. Pearse's shoes as soon as he leaves.

### Fowler After the Job.

The name of State Superintendent Fowler has been added to the list of possible candidates for the Omaha superintendency. Mr. Fowler, it is said, would like the place and will try to get it.

Superintendent Pearse was asked whether or not he expected to exercise any influence in selecting the man to replace him in Omaha and he replied in the negative.

"It is none of my affair," he said, "and I think the board should be left free to elect whom it thinks best for the position. If I am requested to exercise any influence I will furnish what information I know concerning possible applicants, but I would not presume to offer advice. The matter is out of my province and I have no hand in it."

### Says Pearse Has Accepted.

In its issue of Sunday the Milwaukee Sentinel announces positively that Mr. Pearse has accepted the position of superintendent of schools of that city, and that he will send his official acceptance today. The members of the Board of Education of Milwaukee expect to override the veto of Mayor Rose. President Jeremiah Quinn of the board expresses himself in these terms:

"I cannot agree with the mayor in the stand he has taken. While he may be consistent in the belief that the salary is excessive and that the requirements for mayor and other positions are as great as for superintendent of schools, I think he is wrong in his judgment in this case. I cannot see, however, that the mayor is consistent in this regard. The salary of \$2,000 is a low one. It was generally understood that if the mayor secured he should have had an economical streak since that time. If the mayor does not look out he will lose his laurels upon the map proposition. Mr. Pearse informs me he has accepted the position. He will have his salary increased to \$2,000. He will not, however, come to Milwaukee for \$2,000. He told me so positively."

### ALLEGED HOLDUPS ON TRIAL

Three Men Charged with Robbing Street Conductor Face Court and Jury.

Charles Smith, Richard Johnson and Frank Wells were arraigned in the district criminal court, charged with highway robbery on the night of November 7, 1903. The prisoners each asked for a separate trial, but the court was therefore taken up first and the work of empaneling a jury was begun.

The gist of the charge is that on the night above stated the three men boarded a Hancock park electric car and when at the corner of Third and Second and Third streets overpowered the conductor, Frank M. Valentine, and took from him his watch and \$20 in money.

The jury was selected and Frank M. Valentine was put upon the stand immediately after the non recess. He stated the details of the hold-up of himself and Ira Flanagan, the motorman, while the car was standing at the terminus of the line on Martha street. There are no houses at this point, and while one of the defendants recalled the details of the hold-up, the other two in darkness, the two others boarded it and demanded the money of both the car men, who were sitting inside.

### ANOTHER WONDER OF SCIENCE.

Biology Has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpelide was put on the market. It is a scientific preparation that kills the germ that makes dandruff so scaly and it penetrates into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send for literature for same to The Herpelide Co., Detroit, Mich. Sherman & McConnell Drug Co., special agents.

### CIVIC LEAGUE OPENS OFFICE

New Improvement Organization Establishes Permanent Headquarters on Farnam Street.

The Civic Improvement league will open a downtown office. Arrangements have been made with the Underwood Typewriter company for space in its quarters at 1817 Farnam street, and the secretary, Miss Elizabeth McCartney, will be ready to transact the business of the league in a day or two. A sign has been ordered for the office.

"When the league has no office it is a rather indefinite thing," said President Blalough, "but as soon as we have a place where people can go on business pertaining to civic improvement they see the league has a real live force. The secretary who has there and we will have improvement literature and various matter on file."

The next meeting of the league is set for Thursday night in the city hall. A meeting was to have taken place in the Board of Trade building this noon, but the noonday meetings were not convenient to some of the members and for this and other reasons the change will be made.

### Knocked Out of Capsule.

J. E. Mulick, who was acting as conductor of one of the trains in the wreck which occurred on the Union Pacific at Thummesl, Sunday, was knocked out of his capsule by the cupola of his caboose by the collision and

### WINES, CORDIALS AND EXTRACTS

of cod liver oil act about the same on a weakened system as a cocktail does on an empty stomach. If any good is accomplished in either case the medical world has yet to find it out.

The reason Scott's Emulsion affords effective and permanent relief and cure in all wasting diseases is because it restores health through nourishment, not through alcoholic stimulation.

had his back severely wrenched. It is thought, however, that he will be fully recovered in a short time.

### MANY SOUTHERNERS TURN UP

Large Number Express Desire to Go Into Society to Be Formed Wednesday Night.

John Dickes Howe, the projector of the Southern society in this city, is overwhelmed with applications and letters from southerners anxious to unite with the organization and participate in the preliminary meeting to be held Wednesday evening at the Young Men's Christian association hall. As a consequence Mr. Howe has had to call to his assistance a committee of nine of his fellow southerners to attend to the correspondence.

A ten-minute talk on the preliminary meeting probably will be attended by between 200 and 300 people, it has been decided to change the place of meeting for the Wednesday evening gathering from the Paxton hotel to the Young Men's Christian association hall on Twentieth street. Shook's orchestra has been engaged to furnish the music. A southern quartet will sing and two recitations will be given by southern women from Mississippi and Kentucky. A ten-minute talk on women of the southland will be given by a woman native of North Carolina and short addresses will follow by prominent attorneys of Omaha and others.

It is the further intention to organize the society into a club and secure club rooms and to hold the meetings monthly, giving regular literary and social programs. A committee on constitution and bylaws will be appointed at Wednesday evening's meeting, to report at a meeting to be held the following week. The organization of the southerners' club has resulted in bringing a lot of old neighbors and friends together that did not know of each other's existence in this vicinity. Letters are being received from Iowa and many points of Nebraska, and it is wished to be enrolled as charter members of the club should it happen that they may be unable to attend the meeting Wednesday evening.

### SAYS KINKAID IS SURE OF IT

Representative Currie Declares No Opposition to Renomination of Sixth District Congressman.

Congressman Kinkaid of the Sixth district is expected to arrive in Omaha today from Washington, enroute to his home at O'Neill. The Sixth congressional republican convention opens at Alliance Thursday. Friends of Judge Kinkaid say his renomination is a foregone conclusion, as there is no opposing candidate.

State Representative Frank Currie of Whitney, who is at the Merchant's hotel, declares Judge Kinkaid will be renominated as the republican nominee by a unanimous vote and that without any deliberation.

The one contest to come before this convention will be that for district delegate to the national convention. Three men are out for the place, E. C. Harris, president of the First National bank at Chadron, Clark Perkins, editor of the St. Paul Republican, and W. P. Miles of Sidney. This race is expected to develop some life. Friends of Harris say he has sixty-eight votes pledged. All three men are Roosevelt republicans.

"The fact of the matter is that I don't know where to find any other kind in Nebraska. Roosevelt, from present indications, will run far ahead of his ticket this year. The fact is the republicans not only are solidly for him, but hundreds of 'poor' friends are lining up and will vote for the president. It is really amusing and gratifying to go out in this state, where populism had its nativity and once thrived, and see the old war horses getting in line. Why, when the time comes to vote it won't be surprising to find less than a corporal's guard of the old dyed-in-the-wool populists left."

When you get run down and awake perspiring take Pilo's Consumption Cure.

Notes from Army Headquarters.

Major B. D. Slaughter, paymaster, has returned from paying the troops at Fort Niobrara and Robinson.

Leave of absence for twenty days was granted First Lieutenant Clifford C. Clark of the 10th cavalry, Fort Riley, to date from April 1.

Private James P. Mankin, hospital corps, has upon recommendation of the chief surgeon of the army, been assigned to duty at Fort Leavenworth.

Second Lieutenant E. C. Wells, tenth cavalry, Fort Washburn, Wyo., has been directed to report to Omaha, Wyo., to inspect the coal mines there, and report the results of his findings to the chief quartermaster of the Department of the Missouri.

Lieutenant Colonel D. H. Brush has returned from Illinois from a short visit with his family prior to his departure for the Philippines, where he has been assigned to duty in the inspector's department. Colonel Brush will sail for Manila tomorrow night. His family will not join him until later in the fall.

### LOCAL BREVITIES.

The executive committee of the Ohio association held a business meeting at noon. A small balance was found to remain on the part of the bill. A vote of thanks was extended to all who had helped toward the dinner program. It was decided to have a regular old-fashioned Ohio basket picnic some time during the summer.

### WOODEN POLES MUST GO NOW

City Electrician Michaelson Talks of Plans for New System.

DECLARES WIRES IN STREETS DANGEROUS

Will Press His Campaign Before Council, Improvement Clubs and the Public Until Some Results Come.

City Electrician Michaelson says that wooden poles can be eliminated entirely from the streets of the business district without great cost and in a comparatively short time. He has planned a campaign of work calculated to bring this end about and intends to press it before the city council, improvement clubs and the public. He regards wires in the street as dangerous fixtures and has pointed out how they may be removed.

"With the use of ornamental iron corner posts for arc lamps, which I am confident will be required, the electric light poles are out of the problem," he said. "The street railway company, after its new power house at Fourth and Jackson streets is completed, will reconstruct its system of wires so that they will either go through alleys where they can be placed very well, or underground. This corporation is aiming to replace wooden trolley supports with iron poles, and a carload is now on the way. More are to come, and I am to assist a representative of the company in locating the poles in a few days. Most of the iron poles will go down town."

Big Leads a Hindrance.

"The remaining difficulty in clearing out the poles is the big leads of the Western Union and Postal Telegraph companies. These run on each side of Farnam street to Seventeenth. Orders from the council will be necessary to require removal to the surface of the poles which are well or underground. The present leads have been up for a long time and have paid for themselves and the cost of the change I have proposed would not be great.

"After these things have been done there will be small necessity for the poles in the streets down town. The telephone wires already are below the surface. The lighter wires of the telegraph companies can, in many cases, be run over tops of buildings, as is done in most European cities. No danger results from such wiring.

"It is my intention to see the down town streets cleared of poles and the change will not be half so difficult as might be supposed."

### COLLECTION OF CITY TAXES

Payments Due May 1 Pass to Hands of County Treasurer Under Scavenger Act.

City taxes, regular and special, that are delinquent on May 1 will go to the county treasurer for collection under the scavenger law and taken out of the hands of the city treasurer.

Treasurer Hennings is anxious that the public should understand this process. It has been the custom of many property owners to pay their taxes once a year during May or June. At that time they settle for all special taxes that have become due or delinquent during the year. "If this course is pursued for 1904," says Mr. Hennings, "difficulty will be encountered in caring for the special taxes, as the lists will be in the hands of the county treasurer and the city treasurer will not be in a position to collect the money. The property owner must then go through with the individual, his office and the county government annoyance and work."

Therefore Mr. Hennings wants it well known that property owners having special taxes against them should ascertain the amounts and pay in before May 1, saving the individual, his office and the county government annoyance and work.

### PAYS BOARD TO THE JUDGE

Colored Woman Who Owes Landlord Settles Her Bill in Police Court.

Miss Belle Patterson, colored, has been rooming with Mr. and Mrs. Norton of Thirteenth and Chicago streets, but she has been the custom of many property owners to pay their taxes once a year during May or June. At that time they settle for all special taxes that have become due or delinquent during the year. "If this course is pursued for 1904," says Mr. Hennings, "difficulty will be encountered in caring for the special taxes, as the lists will be in the hands of the county treasurer and the city treasurer will not be in a position to collect the money. The property owner must then go through with the individual, his office and the county government annoyance and work."

Therefore Mr. Hennings wants it well known that property owners having special taxes against them should ascertain the amounts and pay in before May 1, saving the individual, his office and the county government annoyance and work.

### GETS MORE SPURIOUS BILLS

Captain Webb Receives Another Bogus Certificate—Thinks Operators Are Out of Nebraska.

Captain Webb of the United States secret service department has received a counterfeit \$10 silver certificate from Newcastle, Wyo., that is identical with those passed in this city a few weeks ago. Captain Webb is of the opinion that the handlers of this spurious currency finally have left Nebraska and are now operating in South Dakota.

### A WEAK HEART

What a Fearfully Dangerous Thing it Is!

And Yet How Few People Heed Its Terrible Warnings.

What Does that Palpitation and Shortness of Breath Mean to You?

Persons with weak heart get out of breath easily and have palpitation on the least exertion. As it gets worse they have dizziness, swimming of the eyesight, headache, faint, sinking feelings, attended by strange sensations. There is generally more or less nervousness and sleeplessness. It is fearfully common and neglect is fatal. You can get well by taking the right medicine now. Mrs. Fannie L. Taylor, Quimpoxet, Mass., says:

"I want to give my testimony in with the hundreds of others in regard to the value of Dr. Greene's Nervura blood and nerve remedy."

"About eleven years ago after suffering many years with a nervous heart trouble and heart weakness, and having been treated by several eminent physicians, some of whom told me I could never any better, I finally heard that Dr. Greene, the famous blood and nerve specialist, would be at the Bay State House, Worcester, on a certain day, so I resolved to see him, if possible."

"At that time the least exertion would

### OPERATOR COMMITS SUICIDE

Station Agent at Concordia Takes His Life by Use of Chloroform.

Word was received at the local office of the Missouri Pacific that J. M. Wilcox, station agent at Concordia, Kan., had committed suicide. Mr. Wilcox had just been promoted from the position of agent at Blue Rapids to Concordia. He went to the latter place to assume his duties and committed suicide in his room at the hotel. He placed a quantity of cotton over his face saturated with chloroform. On this he placed a towel and over all a pillow, which he held down with one arm until the deadly fumes had accomplished their work. He left no letters and there is no known reason why he should have committed the deed. His wife had not yet removed to Concordia. She was notified at Blue Rapids and went to Concordia as soon as possible. No letters or other communications were left by Wilcox. He had been in the employ of the road for about fifteen years and was known to some of the officials in this city.

### TO FIX BLAME FOR WRECK

Railway Officials Hold Investigation to Determine Who Was Responsible for Collision.

An investigation into the cause of the wreck which occurred at the Twenty-fourth street crossing of the Union Pacific Saturday morning was held at the Union Pacific station. About thirty employes of the Northwestern and Union Pacific were examined by the board which sat upon the case. The Union Pacific was represented by Assistant Superintendent Ware of the Nebraska division; T. M. Cahill, assistant engineer, and Superintendent of Signal Service Bohrer. The findings were not made public. It is understood the matter was taken under consideration by the board and a verdict will be given out later. It is desired to place the blame where it belongs, which would be either upon the Northwestern or Northwestern, as both lines had trains in the wreck.

### South African Manager Anheuser-Busch Brewing Assn. Cured of a Severe Cough Remedy.

"During my trip in the Transvaal I contracted a heavy cold. I am pleased to state that Chamberlain's Cough Remedy gave me prompt relief after continuing its use for a few days was entirely rid of the distressing indisposition," says Mr. Albert E. Stianey, manager of Anheuser-Busch Brewing Association, Cape Town, Africa. This remedy has a world-wide reputation for the prompt relief of colds and can always be depended upon.

### Argue Jones Will Case.

Judge Vinsonhiler, in the county court, listened to arguments by counsel representing a half dozen heirs of the late Sophronia Jones on an application that the original Union Pacific or Northwestern, as both lines had trains in the wreck.

"I have weak heart, weak nerves or bad blood, take Dr. Greene's Nervura blood and nerve remedy. It cures Dr. Greene, its discoverer, is our most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter, at his office, 181 Fifth avenue, New York City."

Recommended and for sale by all druggists.
