## NEW COUNCIL RUSHES WORK

Holds Special Meeting to Approve Bond of Fire Chief Nicholson.

RECORD AS A BOARD OF EQUALIZATION

Completes the Work at Two Sessions. Making Only One Change in the . Returns of City Assessor Everent.

The city council held a short special session yesterday afternoon for the purpose of acting upon the official bond of Charles Nicholson, the newly appointed chief of the fire department. The bond, which was in the sum of \$2,000 and furnished by an astern bonding company, was duly approved and Chief Nicholson assumed charge of the department immediately after.

Some changes in the department are looked for although it is declared they will not be for political reasons. It is no secret that several men are slated for retirement and excuses or reasons for their retiring will not be found wanting.

Chief Nicholson, in discussing the subject of contemplated changes in his departnent, said yesterday: "Members of the department are not supposed to take an club this evening. The meeting promises active part in politics, the department hav-, to be an interesting one, as several of the ing been considered under civil service new city officials have promised to be presrules for many years. Firemen should hold their places for efficiency, but they must pay their bills. A number of bustness men have complained to me that some members of the department will not pay their just obligations and this is something as chief I will not tolerate. Some changes for this reason may be looked for."

Quick Work on Equalisation. The new city council is believed to have established a record by completing its work as a Board of Equalization in two sessions. This was accomplished by 'the aldermen yesterday afternoon accepting the personal and Mrs. Joiner, who were prominent in property assessment as made by City Assessor Everest without ordering any changes.

Although the totals have not been entirely completed, Assessor Everest stated Moines. at the close of the meeting of the Board of Equalization yesterday, afternoon that the assessment of personal property for this year would amount to a little over \$3,000,000 or an increase of between \$125,000 and \$150,000 over that of last year. The increase is due chiefly to new buildings. For 1902 the personal property assessment was \$2,607,196, and for 1903, \$2,876,360.

Three-fourths of the dirt on the streets, he claimed, was caused through the carelessness and thoughtlessness of the people who persistently swept all kinds of rubbish onto them. At the clost of his ad- FORECAST OF THE WEATHER dress the directors adopted a resolution promising the moral and physical support Fair and Colder for Eastern Nebraska of the Commercial club to the city authorities in their effort to clean the streets.

The subject of an independent telephone system for Council Bluffs was brought up and discussed and a resolution declaring it the sense of the club that an independent telephone company be encouraged to seek an entry into the city was adopted.

Mayor Macrae invited the club to make any suggestions and recommendations for the benefit of the city it might deem proper, and promised that the other city officers would give them proper consideration. Announcement was made that the bill appropriating \$256,000 for the State School for the Deaf had passed both houses and now only awaited the signature of Governor

Cummins. The report of Secretary Reed showed that the club's membership on April 1 was 175 and that the balance in the treasury was \$1,861.71. During March the receipts were \$455. The meeting was well attended.

DECIDES TO IMPROVE THE PARKS Board Has Money This Year to Do

Some Work. The Board of Park Commissioners at its meeting last night decided to carry out a number of improvements in the several parks this year which, owing to the expenses attendant on the litigation in which the board was involved it was unable to make last year.

The south section of Bayliss park will be filled and brought to grade and the fountain rebronzed. At Fairmount park the bandstand and other buildings will be repainted and 200 trees will be planted long the driveways on the bluff. The artificial lake and fountain in the horseshoe bend will receive a new cement lining. At Lakeview park considerable grading will be done, a new bridge built over the alough and water connections made. Prospect park on Harrison street will be fenced. August Bereshelm was elected treasurer n place of City Treasurer True. A large number of applications for the position of park policemen have been received by the board, but it was decided last night

next month. In the meantime the present employes will continue to act. The salaries of the park policemen were fixed as follows: At Fgirmount park, 345; Bayliss park, \$50; Cochran park, \$40; Lakeview park, \$15. W. Kraat is the present caretaker of Bayliss and Cochran parks, while C. Johnson has charge at Fairmount park and C. Whitmore at Lakeview park. Laborers employed by the month will receive \$40 a month, while those employed by the day will be paid \$1.50 a day; The board spent the afternoon driving through the different parks with a view

Death Due to Hat Pin.

After but one week of happy betrothal Mr. Abel Battles of this city received word that the young lady of his choice was dead. Two weeks ago Miss Georgia Anderson came to this city to meet her lover and then she left Des Moines with the assurance that at Christmus time the wedding bells would ring right merrily at her home in Chicago. The two young people bade each other an affectionate goodby at the Rock Island depot on her departure for her home. In taking off er hat an hour later Miss Anderson nervously pricked her finger with a hat pin. She thought nothing of the incident until she arrived at Jollet, Ill., when the pain and swelling of the injured finger caused her to seek the advice of a physician. He dressed the finger and assured her that it was only a slight infection. On her arrival home she grew rapidly worse and before her lover could be telegraphed for she had passed away.

**MAKES HAIR GROW** SECRET OF FAMOUS CHEMIST-GREATEST DISCOVERY OF THE AGE Some thirty years ago a Yankee chemist scientifically combined a German and a French formula for preparing a hair tonic, both of which had been used, successfully, for many years, and by taking the rest of each formula, he compounded a hair tonic far superior to either the German or the French tonic. For a long time he had been manufacturing this wonderful Hair Growing Tonic, selling it at his own drug store and under his own name. Many of New York's wealthiest oftizens have purchased it at a high price and their voluntary testimonials as to the merits of its hair-growing and scalp-cleansing quitties are now on file at his office. Reverses came to him so that he was compelled to raise money, and for quite a consideration he sold the formula to the BEAL-STREIT CO. Lowest Price for the Best Hair Tonic There is absolutely no question but that "Hairine" is positively the best known antiseptic hair growing tonic in the world today. Notwithstanding the fact that it is very expensive to manufacture and has been cold at a higher price, yet it is now offered to the public at prices that place it within the reach of all.

We know full well that the general public will appreciate "Hairine" and that 15 cents a bottle will convince you of its merits. Thus it is seen that the small profit on the enormous sales at our low prices will more than make up for the large profits usually made on proprietary articles. HAIRINE IS THE BEST AND MOST EFFECTIVE HAIR TONIC IN THE WORLD On account of the cost of "Hairine" and the extremely low prices, we cannot fill mall orders unless five cents extra is inclosed with the price.
