The litigation over the custody of little court is likely to occupy the attention of Judge Scott for several days yet. At the hearing yesterday morning the opposing attorneys engaged in a beated dispute and Attorney Mynster, representing the mother of the child, Mrs. Ellsworth, and the latter's mother, Mrs. Bracken, withdrew their appearance and left the courtroom. The dispute arose over the manner in which the hearing was being conducted. campaign, although it has been on the "still hunt" order. With the exception of that for clerk of the district court the indications are there will be lively contests for most of the nominations. Up to date the number of announced candidates in the field is not large, but others may develop between this and next Thursday, the day of the convention.

For clerk of the district court, H. V. Battey of Avoca, the present east end deputy, appears to have everything his own way, although there have been rumors more or less persistent to the effect that the friends of Freeman L. Reed, the present incumbent of the office, may try to renominate him. It is stated also that Frank W. Reed, son of Freeman Reed, Karl Karrer to his wife, Anna Kar-Frank W. Chronic Sores Charges Less Than All Others Eating Ulcers A Constant Drain Upon the System.

Nothing is a source of so much trouble as an old sore or ulcer, particularly when located upon the lower extremities where the circulation is weak and sluggish. . A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissues beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple, and are a threatening danger always because while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic, slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance

cause the greatest annoyance because they are so persistent and unsightly and detract so much from one's personal appearance. Middle aged and old people and those whose blood is contaminated and tainted with the germs and tainted with the germs and poison of malaria or some previous sickness, are the chief sufferers from chronic sores

Wheeling, W. Va., May 28, 1903.

Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor teld me I would have running sores for life, and that if they closed up the result would be fatal. Under this discouraging report I left off their trestment and resorted to the use of S. S. Its effects while for the medicine to cure up the sores, and I am not dead as the doctor intimated I would be, neither have the sores ever broken out again, and some 18 years have elapsed since what I have described occurred.

and ulcers. While the blood remains in an unhealthy polluted condition, healing is impossable, and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the sore is the outward sign of some constitutional disorder, a bad condition of the blood and system, which local remedies cannot cure. A blood purifier and tonic is what you need-something to cleanse the blood, restore its lost properties quicken the circulation and invigorate the constitution, and S. S. S. is just such a remedy. It counteracts and removes from the blood all the

impurities and poisons, and gradually builds up the entire system; and when the blood has been purified the healing process begins and the ulcer or sore is soon entirely gone. S. S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier

and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, external or internal, Firth district republicans today. BORAXOLOGY

Everybody who has been a boy-and most of us have, except the girls-remembers how he looked upon the bath much in the nature of an enforced ducking, with an unpleasant soapy flavor.

And a bath in hard city water isn't much more than a good ducking, really.

When you put BORAX in the water you get a bath that really cleanses -that rids the pores of waste matter-quickens the circulation and stimulates the entire body. Try it-and you'll find the difference. Just ask for 20-MULE-TEAM
