Miss Margaret O'Niell Appointed to Position by the Board.

COUNTY CHARGES TO BE MOVED SATURDAY

Number of Those Receiving Aid Still Inslet They Do Not Want to Be. Sent to the Farm to Live.

The members of the Board of County Supervisors, although somewhat fatigued after doing the honors to nearly 1,000 visitors at the poor farm Wednesday, held a session yesterday morning and then ad-MANCHURIA and EASTERN SIBERIA at journed until August I. Little business be present forwarded via Russia, instead of word reviewing the cases of applicants for yond reviewing the cases of applicants for county aid who object to going to the poor

farm was done. When the board appointed John A. Knoz of Garner township superintendent of the poor farm at a salary of \$500 a year, in addition to room and hoard for himself, wife and six children, it did not anticipate having to hire any additional help. - It found, however, that the services of a matron would be needed and yesterday it appointed Miss Margaret O'Neffl of this city to that position at a salary of \$35 a month The board expects to remove about twenty persons to the farm today and Saturday. A number of new applications from the county's dependents who ask to be given aid outside the poor farm were received

yesterday. Pending the meeting of the board in August it was decided that the supervisors in each district make disposition of all cases in which county aid was asked for. Two lots and a small house, which the ounty secured possession of in the town of Wainut in 1895 from a man named James Rush, in consideration of the county caring for him for the remainder of his life and giving him a decent burial, were ordered sold to C. F. Copley for \$400 cash. original grant to the county contained four lots, two of which were previously sold for \$180. As Rush lived but a short while after deeding the property to the county the latter is ahead about \$500 by the deal.

Arrest Sidewalk Workmen. When workmen in the employ of Con tractor Wickham began tearing up the brick sidewalk in front of the Ogden hotel on Broadway yesterday morning preparatory to laying the cement walk ordered by the city council, C. E. Kimball, owner of the property, went before Justice Ouren and swore out warrants for six of the men who were arrested by Constable Alberti. They were charged with malicious trespass and the case is set for hearing this morning. Contractor Wickham at once furnished bail for his employes and the work

of tearing up the sidewalk was resumed. Attorney Clem Kimball, who filed the luformations before Justice Ouren on behalf of his brother, the owner of the property, asserted that Contractor Wickham's mer were taking away the brick to which they had no claim, and this brought about their arrest. Mr. Kimball said while Contractor Wickham under his contract with the city was justified in taking up the brick preparatory to laying the cement walk, neither har his men had any right to take the brick away. The brick were the property of C. E. Kimball, the owner of the abutting property.

SORESANDULCERS SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a bruise, cut, scratch, or any slight injury to the flesh, is apt to become an ugly-looking sore or ulcer. Sometimes a boil, blister or pimple is the beginning of a large eating ulcer or open, discharging sore. Often the blood is naturally bad, and is that way from birth, and such people suffer with various kinds of sores from infancy through old age. The blood may become

this is accomplished the place heals. Where the health has been impaired by a long-standing discharging sore, S. S. restores strength and vigor to the system; improves the appetite and digestion, and tenes up the nerves. Purifying the blood is the surest way to get rid of an old sore or ulcer.
