

BODY OF LOOMIS IDENTIFIED

Remains Found Floating in the Water by a Laborer.

AMERICAN CONSUL VIEWS THE BODY

Owing to British Red Tape it is impossible to make Examination of the Remains of the Deceased.

KING'S BRIDGE, Devonshire, July 16.—The body of F. Kent Loomis, who disappeared from the North German Lloyd steamer Kaiser Wilhelm June 20 as that vessel was nearing Plymouth, was found this morning at Warren Point, adjacent to Thurlestone Sands, Bigbury bay, some fifteen miles from Plymouth by Thomas Snowden. It was dressed in a grey overcoat, dark blue suit and white shirt.

Snowden at once informed the police and officers. When the body was searched, a gold watch, a quantity of American and English money in notes and coins were found in the pockets of the deceased, and also a card with the name, F. Kent Loomis. The pockets also contained a number of private papers. These, with the valuables, the police took charge of and the body was removed and placed in a farm building at Thurlestone village to await the inquest, which will be held July 18, pending which, and according to the red tape of the English police methods, it may be impossible to secure anything definite concerning the nature of the papers or a positive announcement of the identification of the body.

Business is Brisk at ESOPUS

Matter of Handling Judge Parker's Mail Causes Postmaster Some Concern.

ESOPUS, N. Y., July 16.—A breathless, blistering July day dawned upon Esopus after a night of thunder and lightning unequalled this summer, but neither the boisterous storm of the night nor the stifling heat of the morning interfered with the routine at Rosemount. A little after 8 o'clock Judge Parker took one of his long drives in the Hudson and remained in the water some thirty minutes. What the mail here will be by the time the campaign is in full swing is a question now causing solicitude in the little post-office, where most of the work is done by a boy of 16. No such mail as that which came in on the early train was ever seen in Esopus before and it is doubtful if any single citizen of Ulster county ever received the like.

The new campaign office in the lodge at the gate of Rosemount is now in use for part of the judge's business, although his large law library in the house is still the center of distribution. Three additional stenographers and a private telegraph operator constitute the working force at present, but it will be augmented as time goes on and the bulk of the business requires it.

The expected visit here today of John A. Kern, who was one of the Indiana delegates-at-large at St. Louis, was the only event of political interest apparent upon the program at the outset of the day. It is understood that Mr. Kern is coming to press the claims of his friend, National Committeeman Taggart, for the national chairmanship.

Judge Parker on his horseback ride today was accompanied by his daughter, Mrs. Charles Hall, and had in front of him his little grandson, who apparently feared nothing and enjoyed the galloping of the big horse as much as his grandfather.

Judge Parker today received a long congratulatory letter from William F. Vilas, who was postmaster general in President Cleveland's cabinet. The letter is dated Madison, Wis., July 15.

The following telegram was received today:

TROY, N. Y., July 16.—One thousand paraded the streets at Cohoes last night in honor of the ratification meeting, banner thrown to the breeze, first in the state. Organ demonstration.

PREPARES FOR NOTIFICATION

President Roosevelt Arranging Program for Receipt of Official News of Nomination.

OYSTER BAY, July 16.—President Roosevelt and Secretary Loeb are perfecting arrangements for the ceremonies incidental to the president's formal notification of his nomination, which will occur at Sagamore Hill here on July 27. All of the details have not yet been worked out, but the preparations practically have been completed in a general way.

The ceremonies will not be elaborate or ostentatious. Indeed, they will be marked by simplicity. About 100 people, including the members of the national committee, will be present. Speaker Joseph Cannon, the chairman of the notification committee, will deliver to the president the committee's announcement. To this the president will respond at some length.

As now arranged, the president and Speaker Cannon will address the little assemblage from the veranda of the Sagamore Hill home. The ceremonies will take place about 1 o'clock in the afternoon. At the conclusion of his address the president will entertain those present at luncheon, which probably will be laid on the wide veranda which encircles half of the house.

The members of the committee and the invited guests will be driven from Oyster Bay to Sagamore Hill and after the luncheon will return to the village in time to catch the afternoon train for New York, and accommodations in the village are not adequate for a crowd of 100 people.

Non-visitors having official business with the president were received. The president and Mrs. Roosevelt will entertain some house guests over Sunday.

After transacting the usual amount of routine business with the secretary, Loeb the president devoted the remainder of the day to recreation with members of his family.

HOW FIND TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates that the healthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every ailment of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant condition of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effects of Swamp-Root is soon realized. It stands the highest test for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this in the Omaha Sunday Bee. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DIXIE CLUB'S FIRST OUTING

Southerners Make a Hot Afternoon Merry at Manawa.

GAMES AND OTHER DIVERSIONS ENJOYED

Time Spent in Racing for Prizes, Dancing at the Kurnsal, Boating on the Lake and in Other Ways.

The first annual picnic of the Dixie club was held yesterday afternoon at Lake Manawa and was in all respects a brilliant success both in point of attendance and enjoyment. Over 500 natives and descendants of the southland enjoyed the outing from Omaha alone, and they were joined at Council Bluffs by additional delegations.

After the Dixies had got settled on their arrival at Manawa a program of varied interest was carried out, beginning at 3 o'clock, comprising a series of races and eating contests. There were ten events in all, and each of them was hotly contested with a temperature of 90 in the hands to warm things up.

The first event was a free-for-all running race with a big bunch of entries, the principal prize being a "trophy cup," which will be contested for each year and can be used for any kind of a drink. The winner of this prize was C. G. Cunningham, but as he was thought to be a "ringer" and ex-Mayor Rohrer was handicapped with a sore heel, the prize was awarded to Mayor Rohrer. The cup was beautifully festooned with ribbons and was a thing of joy to John L. Templeton who won second money and Z. D. White third money.

Event No. 2 was a shoe race for boys, with a pocketknife as the first prize. The winner was Leslie Burkenrode, with L. Phillips second and George Templeton third.

Where the Girls Shone.

The third event was the young women's race, contestants all to be just "sweet 16," with a handsome fan as the principal prize. Miss Stine came in under the wire first, with Miss Gladys Gould a close second and Miss Fannie Seay a third.

A "fat men's" race was scheduled, but owing to the temperature and weight of the contestants, 200 pounds limit, this event was omitted.

Event No. 5 was a potato race for women only, age limit 15 to 20. The first prize was a gold medal, or at least looked like one. The winner was Milton Uhl, L. Phillips second and Leslie Burkenrode third, the women having run by proxy.

Event No. 6 was a sack race, free-for-all, with an umbrella as the first prize. J. H. Stine was first, J. W. Woodruff second and Mr. Mitchell third.

A solid characteristic silver emblem was the prize offered in event No. 7 for the champion watermelon consumer. Ernest Glover won the emblem and Leslie Burkenrode and George Templeton were second and third, respectively.

Event No. 8 was a "snuffer contest," with boys as contestants, with a hair ball as the chief prize. It was won by L. Phillips and in the apple eating contest, event No. 9, J. H. Storm won out, receiving a watch and chain therefor.

This concluded the contests for the afternoon, and then after the picknickers had been photographed in a group, the all-around eating contests began. Long tables were arranged in a shady part of the grounds and were laden with the contents of the baskets brought by the picknickers and an hour or more was spent in sampling the various dainties.

A tub race had been arranged for on the lake, but owing to the wind and consequent danger it was abandoned.

The evening was then given over to a social good time, with a dancing party at the Kurnsal, at which those who were not disposed to dance enjoyed themselves bathing or boating. Coval's band gave a concert of southern melodies during the evening, and the happy event did not wind up until after 11 o'clock last night.

NEBRASKA FINDS DAUGHTER

Eight-Year Search of Crab Orchard Man Ends in Denver Court.

TECUMSEH, Neb., July 16.—(Special.)—For eight years W. L. Marshall of Crab Orchard, this county, has been searching through the western states, as best his means would permit him, for his 3-year-old baby daughter, Viola, stolen from him when his wife left him, eight years ago.

A short time ago Mr. Marshall discovered the whereabouts of his daughter through an article published in a Denver paper and he is a happy man today in consequence. The story which brought him news of his child also recited the conviction and imprisonment of Hans P. Nelson, the man whom Marshall's wife had married after leaving him. Nelson was arrested and convicted upon a charge of assault upon the little girl in question. In the county court at Denver, after an affecting scene in which father, daughter and mother of the child, now Mrs. Nelson, figured, the court decided that Mr. Marshall was the proper person to have the child and gave her to him, the prayer of the mother for the child notwithstanding.

When little Viola was but 3 years of age Mr. and Mrs. Marshall parted, and Mrs. Marshall secured a divorce from him in this county. About this time the woman and child disappeared and for eight years Mr. Marshall has been searching for his girl, extending hundreds of dollars in his efforts to locate her. At the time that Nelson was arrested for assaulting little Viola she was about 10 years old, it being evident that Nelson was anxious to get the principal witness against him out of the way. She was located in Norfolk, Neb., and taken to Denver under direction of the Humane society to appear against her step-father.

RECORD HOT DAY OF THE YEAR

Saturday Calls the Top with a Maximum of 93 and People Notice It.

Just to show that there is no coldest on his part, Old Sol made a little spurt yesterday and boosted his batting average to 93 in the little penthouse on the roof of the federal building. Some foolish people who were wandering along the sidewalks about that hour in the afternoon would have given it as their opinion that it was 93 at least.

Saturday was the first really sultry day of the summer.
