LINE DRAWN ON PARKER MEN

Populists Promise Bolt Unless Political Goods Are Unadulterated.

THOMPSON IS WILLING TO RUN AGAIN

Secretary Bennett of Board of Equalization Prepares Table of Comparative Valuation of Euch County in the State.

(From a Staff Correspondent.) LINCOLN, Aug. &-(Special.)-Should the populist state convention, which meets here next Wednesday, endorse a man or neminate a man who refuses to say that he will not vote for Parker and Davis an attempt will be made by a number of populists to bolt the convention and nominate a straight ticket. Failing in that, 25,000 of them will remain at home on election day and refuse to vote. On this proposition T. H. Tibbles, the vice presidential nominee on the populist ticket, said:

"No man who will not come out publicly and say he is against Parker and against Roosevelt can secure a place on the populist ticket. If he does secure a place there will be a bolt or 20,000 or 20,000 populists Write Dr. Kilmer & Co., Binghamton, N. Y., will not vote in the coming election. I have said this before and that I am correct s proven by a number of letters received from prominent populists out in the state

by Mr. DeFrance and by me." Dr. P. L. Hall, chairman of the demoeratic state committee, does not apprehend such dire calamities should a Parker democrat get on the populist ticket. He said: "I believe that the two parties will get

together and that there will be no occasion for a buit or for any populist staying at | der the direction of the Parker democrats home. While, of course, there are many extremists in each party, the wiser counsel will prevail and a ticket satisfactory to all will be put together.

likelihood of Judge Holcomb securing the gubernatorial nomination and Mr. Tibbles announced positively that Senator Allen would not accept the nomination. Dr. Hall Is of the opinion that if the candidate is selected from the democratic end of the aggregation W. H. Thompson or ex-Congressman Shallenbarger will be named, while if he is selected from among the populists Judge Westover, G. W. Berge or ex-Congressman Sutherland will be the

Thompson is Willing. It is told now on what is considered most reliable authority that Mr. Thompson will accept the nomination if it is tendered to him in the proper manner. Just what is the "proper" manner is not clear, but it is supposed to be the unanimous action of both parties.

The mid-road populists are dead set against Judge Holcomb, while at the same time they are saying that he made a most excellent executive. They have information that Colonel J. H. Ager, the Burlington lobbyist and political pusher, has been out in the state for some time setting up pins for the judge, and whether the information the populists have is correct or not, it has certainly set them against Holab as much as anything could. Some friends of Governor Mickey, however, fear the nomination of Governor Boyd of Omaha more than they do of Holcomb or any of those mentioned for the place.

Today the name of Will Maupin, who is connected with Bryan's Commoner, was sprung for lieutenant governor. Maupin tust now is running a labor paper, and it is thought by those who are fathering his boom that he would get a good sixed labor The big leaders in the party, howbelieve that Maupin is too light weight to get in the running.

The populist committee has secured the Hagenow band to help out on the enthusiasm, and the song written by T. H. Tibbles will be one of the numbers played. It will be sung by Mrs. Barris, a daughter of the vice presidential nominee. The band was secured out of respect to Mr. Watson, who is fond of music, having four planos in his own home. The band will play only popular pieces. None of the delegates has arrived yet, but by tomorrow evening it is supposed enough of them will have come in to mix the medicine in a satisfactory

Democrats Are Scarce. Tonight only Jim Dahlman, national committeeman, and Colonel Hayward of Chadron from out of town had guthered in to prepare for the fracas, Mr. Dahlman expressed himself as being sure it would be no trouble for the two parties to get together, but he was unable to say upon what basis.

One Parker democrat, who usually knows what he is talking about, said the democrats would be willing to sacrifice the national electors in order to bring about fusion on the state and legislative tickets. The democrats, he said, would demand that Holcomb be the nominee for governor on this basis. He felt confident this would be the program. That a big fight is in store, however, there is little doubt, as there is much feeling between the Parker democrats and the populists, exemplified in the Holt county convention held Saturday at O'Netli. In the democratic convention Jack Harrington, the mayor, a brother of Judge and M. F. Harrington, was unseated on a contest with D. A. Doyle, who was a postmaster under Cleveland, Harrington had been seated by the credentisis Sarpy 'counties, met in this city at 6

HICHARDSON COUNTR'S VALUATION

State Board Boosts the Figures to Nearly Seven Millions. FALLS CITY, Neb., Aug. 8 .- (Special.)-The State Board of Equalization has raised the valuation of Richardson county 10 per ent. With this action of the state board farm lands of this county will be placed back to where they were in the first place almost, and the owners of land in town and those giving in personal property will have the 10 per cent added to their asecasments. It will also cause farmers to urine, or compelled to pass water often dur- pay 10 per ecut more than their personal property was valued at. The value of farm lands in this county as returned by the county assessor was \$3,561,447. The county board reduced this to \$3,128,361. The state board increased this 10 per cent, making it \$3,438,986. The personal property valuation of this county is now \$1,982,504; the town lots are valued now at \$565,851. This makes a total valuation of this county, taking the land values as reduced by the county board, of \$6,341,846. To this we have to add 10 per cent increase by the state board and it makes our valuation in this county \$6,565,030

THE DESIGNER

"A Magazine of Real Use to Woman" September Number—Out To-day!

THINK The Designer is a little different in its aim, and very different in its accomplishing, from any other of America's magazines. It, first of all, presents practical, tasteful fashions that are not too difficult for reproduction by the average woman, and supplements this by as many articles as possible each month on subjects of especial interest to those who have adopted the need occupation of spare moments, or as a means of support—hence dressmaking, millinery, trimmings, accessories to the toilette, embroidery and fancy work of all kinds are given prominent position in The Designer pages. After them in importance rank the three departments edited by our readers themselves: "What Women are Doing," which encourages those who have to make their own way in the world, by presenting incidents showing how others have successfully overcome obstacles as formidable as any that he in their path; "Helps Along the Way," and "The Mother's Club."

I believe that every shareholder in a business is far more concerned for its welfare than are outsiders,

and for this reason I have closely allied many of our readers and subscribers by making them co-editors of these departments, which gives the more or less isolated woman in the country a chance to run in figuratively speaking) to her neighbor's for a little

friendly talk on the easiest way to accom-plish the household tasks, or to manage the babies, or as to opportunities for earning a few dollars in pleasant ways. There are many other regular departments, of course, and fiction and articles of general interest; but the magazine itself can best describe itself. I think I can

add truthfully that The Designer is a cheerful, practical magazine which earnestly tries to help those who want to help

WINNEBAGO AGENCY, Neb., Aug. 8 After satisfying what officers declare his mania for killing young women, at the total cost of four lives, George Fourcloud, a Winnebago Indian, is in the hands of the law charged with killing Cora Elk whose bruised body was found by a road last Friday. When intoxicated, it is alleged, nothing will satisfy Fourcloud but the blood of an Indian maiden. His first victim, it is charged, was the 18-year-old daughter of Mrs. John Hill, who died as the result of knife wounds. The second victim was Mary Decora, another Winnebago girl, and the third, Lucy Tebo, a half-breed. Fourcloud was held responsible for each murder, but not until this time has sufficient evidence been secured to warrant his arrest,
