CORONER WILL INVESTIGATE

Inquest at Pueblo to Fix Blame for Wreck at Eden. Several more bodies recovered. Mergue and Undertaking Rooms Being Closed by Anxious Friends, but Work of Identification Proceeds Slowly.

PUEBLO, Colo., Aug. 9.—Organized searching parties scoured the Fountain river banks for miles today in the hope of finding the remaining bodies of the victims of Sunday night's wreck at Eden. Several more bodies were recovered and a number identified.

Identification is slow. Again the morgue and undertaking establishments were besieged by anxious relatives and friends. The work of identification is proceeding slowly, as the bodies now being recovered are in bad condition. Many mistakes are being made.

Death List at Present. The death list as compiled from the best obtainable sources of information at an early hour this morning shows a total of sixty-six identified dead, total known missing, twenty-eight, and unidentified bodies, all making an even 100 lives lost. This list will make more likely to be added during the day, but it is thought to represent the sum total of the dead.

FREE AFTER FIVE TRIALS. Negro Twice Sentenced to Be Hanged for Murder is Released on Technicalities. ST. JOSEPH, Aug. 9.—William Coates, a negro, aged 24, left the criminal courtroom today a free man, after having been tried twice for the murder of his mother two years ago and having been twice sentenced to be hanged.

Hair-Vain? Why not? A little vanity is a good thing. Perhaps you can't be hair-vain, your hair is so thin, so short, so gray. Then use Ayer's Hair Vigor. It stops falling of the hair, makes the hair grow, and always restores color to gray hair.

POLICE RECORDS SHOW PEACE

Prove Strikers' Assertions that They Are Not Courting Disorder. FEWER ARRESTS THAN IS ORDINARY. Saloons Will Be Made to Close at Nine O'clock at Night During the Progress of the Strike.

Within the last few days reports of a number of cases of disturbing the peace and of assault and battery have reached the public through the press and otherwise, and to some extent the public has been led to believe that rioting and disorder prevailed throughout the city, said a police officer.

Not a particle of attention is now paid by the police to the arrival here of strike breakers. The cars are still run to the packing houses under guard, but to a great extent the strikers utterly ignore the union men and make no effort to induce them to refrain from entering the plants.

Independent plants are beginning to cut quite a figure in the strike and the statement is made that when the strike is over the packers will have to go to work to drive the independent plants out of business. In this the packers seem to realize that they have quite a proposition before them.

There was considerable excitement at Thirty-third and Q streets about 6 o'clock last evening, when some strike breakers left the Cudahy plant for their boarding houses. Several hundred union men gathered on Q street and hooted the nonunion men as they passed by.

Strikers Still Content. The strike is just four weeks old and the men who worked on July 2 are just as content of winning now as they were then. In fact, the labor organizations as a whole feel stronger at the end of the four weeks' fight than when entering upon it.

Stationary Firemen. The International Brotherhood of Stationary Firemen today renewed their recommendation in favor of the passage of state laws and city ordinances requiring stationary firemen to be licensed.

PACKERS GET A SHOCK. (Continued from First Page.) The mob made a rush for the train while it was running slowly over the Suburban Belt Line tracks toward the Schwartzschild & Suburban plant, the destination of the strike breakers.

SENATOR VEST PASSES AWAY

Aged Statesman Succumbs After Prolonged Fight for Life. CONSCIOUS UNTIL NEAR THE LAST. Venerable Wife and Other Members of Family at Bedside When Death Came—Interment at St. Louis.

SWEEP SPRINGS, Mo., Aug. 9.—After lingering for weeks between life and death, former United States Senator George Graham Vest passed peacefully away today. He had been so near death for the last three days that the end came without a struggle.

He was conscious until about 2 o'clock Sunday morning, when he sank into a state of coma from which he never aroused. He lost the power of speech Saturday morning, but for several days before that he talked very imperfectly, and during the last thirty-six hours of his life his breathing was barely perceptible.

Career of Senator Vest. Cockrell of Missouri, Hoar of Massachusetts, Morgan of Alabama, and Allison of Iowa, these are the only names left of the old guard whom George G. Vest found in the United States senate when he went there in 1873.

Senator Vest retired from the senate last year at the end of his fourth consecutive term, rounding out twenty-four years of public life. He was a prominent member of the senate for many years before that, and had served three years before as a member of the congress of the confederacy, of which he was one of the staunchest exponents.

What Made Him Stop. One day Senator Vest put himself in the little village of Georgetown, Pettis county, Mo., and Vest found himself laid up with a broken arm. In the meantime a woman and her children were atrociously murdered and a negro slave was accused of the crime.

LEADERS ARRANGE PROGRAM

(Continued from First Page.) Tomorrow morning members of the populist national committee will hold a meeting here and an effort will be made to have Lincoln chosen as the headquarters of the committee at this meeting there will be present Tom Watson, candidate for president; T. H. Tibbles, candidate for vice president; J. H. Ferriss of Illinois, chairman of the national committee; J. H. Calderhead of Montana, E. R. Bigley of Kansas, J. A. Parker of Missouri, and C. Q. DeFrance, secretary to the committee, and J. H. Edminster, vice chairman of the national committee.

Among the distinguished democrats who mingled with the throng tonight at the hotel was Colonel John Mahler, suddenly transformed from a court reporter to a national politician. The fact that Colonel Mahler had his picture taken with Parker, Hill and Murphy has caused his Nebraska fellows to realize that John Mahler's name pumps are in the east. John's achievement in bringing Hill and Murphy together in one picture, a feat never done before, has made him a power even in New York and it has made him a power here.

Chief of Police Tibbles. The only question left to be decided which was left out of the most votes. Of course, if we had two electoral tickets it might start a rivalry between the two parties and thus bring out a number of votes. But then if Watson and Tibbles electors were chosen they would not be yet figured out which is the better ticket.

WATSON ARRIVES ON THE SCENE. (From a Staff Correspondent.) LINCOLN, Aug. 9.—(Special Telegram.)—Thomas A. Watson, populist candidate for president, arrived at 5:30 from Chicago. He was met at the station by his colleague, T. H. Tibbles, and a delegation of populists and democrats, who cheered him loudly as he stepped from the car. His first words to Mr. Tibbles after the two had shaken hands were: "Have you arranged for fusion?"

Frank D. Eager. Frank D. Eager this afternoon still expected to land his nomination through the press several days ago. It was W. V. Allen, former governor, W. H. Thompson for attorney general and Dr. Lyman of Hastings for treasurer. Owing to his country work late this evening there was certainly a strong sentiment among the few delegates here for Allen and his pushers say there is no doubt but that he would accept the nomination were it tendered him.

Allen's stock was boosted by a delegate from a standpoint of personal friendship Eager would prefer to have G. W. Berge nominated, but he is of the opinion that Senator Allen would make the better race because he is better known. Mr. Thompson failed to reach here during the afternoon. A reported coming in with R. D. Sutherland, a Republican, and his arrival was certainly awaited with much interest by both populists and democrats.

Fourth District Convention Names Him for Congress. (From a Staff Correspondent.) LINCOLN, Aug. 9.—(Special Telegram.)—Charles Gilbert of York was nominated by the fusion convention at Seward today for congress from the fourth district.

Will Messing Campaign in Interest of His Race. NEW YORK, Aug. 9.—Leading democrats and among them members of the executive committee, find in the fact that William F. Sheehan is to be in active charge of the democratic campaign, evidence that Judge Parker will be elected. The national committee many democrats wanted Senator Gorman or Mr. Sheehan for chairman of the committee, but it is now claimed that the same practical result has been accomplished by selection of the latter as chairman of the executive committee and in placing the management of the campaign in his hands.

INDIANAPOLIS, Aug. 9.—President Cornelius P. Egan of the President of Teachers returned to Indianapolis today from Cincinnati, where he was re-elected by acclamation to another term as national leader of the union. Questioned as to a continuance of the Chicago strike and the national officer's attitude, President Egan expressed himself as opposed to any further spread of the strike and against a sympathetic strike outside of the men engaged in stock yards work.

Attitude of Teamsters. INDIANAPOLIS, Aug. 9.—President Cornelius P. Egan of the President of Teachers returned to Indianapolis today from Cincinnati, where he was re-elected by acclamation to another term as national leader of the union. Questioned as to a continuance of the Chicago strike and the national officer's attitude, President Egan expressed himself as opposed to any further spread of the strike and against a sympathetic strike outside of the men engaged in stock yards work.

Injection at Sioux City. SIoux CITY, Ia., Aug. 9.—Judge Reed in the federal court today granted an injunction restraining the strikers at the Cudahy plant from interfering in any way with the operation of the plant. About 1,900 strikers are restrained individually.

PERKINS' NOTIFICATION CEREMONIES

Under Discussion. ESOPIER, N. Y., Aug. 9.—Preparations are practically complete at Rosemont tonight for the formal notification tomorrow of Judge A. B. Parker of his nomination as democratic candidate for the presidency. These preparations are notably simple. In the morning flags and bunting will be draped about the low platform from which the speeches are to be delivered, and seats will be arranged conveniently about it on the lawn north of the house. Everything will then be in readiness for the arrival of the steamer Sagamore, which will bring the notification committee from New York City. The boat is expected to arrive between 1:30 and 2 p. m., and in case of inclement weather the notification ceremony will be held on the boat.

It is expected that 1,500 people will be present to hear the speeches, 600 of them from Uter county, in which the judge's home is located. The formal ceremony will begin probably between 2:30 and 3 p. m., and will occupy about two hours. The opening speech will be that of Chairman Champ Clark of Missouri, who will formally notify Judge Parker of his nomination and will present to him a certified copy of the platform adopted by the St. Louis convention and of the message delivered by President Cleveland to the judge's telegram on the said standard sent to William F. Sheehan.

Judge Parker will follow Mr. Clark with his speech formally accepting the nomination. Two other speeches are arranged for. The ceremony will be followed by an informal reception, after which the visitors will depart.

There were a number of guests at Rosemont tonight, among them Dr. F. C. Rieloff, the imperial German consul at St. Louis, who remains for the ceremony tomorrow. Colonel E. B. Lamm, former secretary of war, who came to Rosemont in connection with the democratic nomination for governor of New York and United States Judge George Gray of Delaware were visitors at Rosemont today. Judge Gray would not talk politics.

Mr. Lamont said his own visit had no political significance. He said, however, that he was not a candidate for the nomination for governor. Moreover, he declared that he believed that an emergency that would make it his duty to accept such a nomination was very remote.
