Wheat 21-2 to 23-4 Higher on the Dismal CHECAGO GRAIN AND PROVISIONS Upward Mevement of Prices Encounters a Stories from Northwest.

CORN SLIGHTLY EASIER 6 ... DOD RAINS

All Reports from Dakotas Tell Tales of Wheat Bust and Loss-High Prices for Omaha Whent.

Dither the Dakotas and amnesota will hot raise much of a wheat erop this year or else the crop of fabricators will exceed anything yet produced. Never before has there been such an insistent and persistent if not consistent wall from any section of the country. It reminds one of the drays of the festive grasshopper in Kansas and Nebraska. Segmeral is the wall of the wheat raisers. They talk of 50 per cent damage since tast Friday—this having the appearance of being swollen considerably. Even hand sowed wheat from seed ploked out especially and planted by agricultural collegians etants no better chance in the returns than the common farmer's acres. It is a desmal tale and lowes none of its grewsome features in the telling over again. Mr. Jones has once more copped to the damage side of the fence. Show thinks the situation in many places "deplorable." Fargo reports damage in that section at 50 to 75 per cent and every place else joins in the dismal chorus. From Manitoba comes the story of rust and partial ruin. France falls in line with stores of short crop. It is unanimous.

In the face of this someone is selling wheat in large quantities every day. True, much of it is covered quickly so as to avoid too great loss in the steady advance in prices. But losses do not lossen the sellings on every advance. As yet there has been no setback that could be really sailed important and the prices are setting high. Omesha is meeting all advances in Chicago and elsewhere and this market is assuming considerable proportions with a certainty of a healthy and consistent growth. Today's receipts were 30 cars of oats. In Chicago the speculative futures started off with a &c advance on yesterday's close, lost 45c quickly and then with a rush of new buying and covering orders from shorts the advance was extended to 2c a bushel on all deliveries. This brought September to 10.0%. From these prices there was a setwant of the season of the weather map showed a good rain right where com needed raims to other quarters. With fair showers

Features of the Trading and Closing

Prices on Seard of Trade.

CHICAGO, Aug. 16.—A new high record for the season was scored today in wheat the market closed strong at practically the top, with gains of the procession of the provisions vary from 174c loss to 14c up. The rise in wheat was to buy the accompaniments of dispatches received, each increasingly emissmitious in spagestions of ruin to the spring wheat. The popular movement in wheat was to buy the May and soil September. The market opping which is suffered with sales at \$1.034g\$1.084, for September, sold to \$1.075, to \$1.054, and closed at \$1.051.062.

The reason for yesterday's strength in corn was washed out by rains that had tailen meantime in the places which it was said the day before must have rain or suffer permanent injury to the crop. The local crowd sold corn freely early on the scattered rain in Kansas, but were buyers latter on advices from Illinots, \$1.500. The local crowd sold corn freely early on the scattered rain in Kansas, but were buyers latter on advices from Illinots, \$1.500. The local crowd sold corn freely early on the scattered rain in Kansas, but were buyers latter on advices from Illinots, \$1.500. There were owned by Thomas Bell of Luck, Wyo. There was another string of North Park, Colo, catile that were by far the best that have been here in some time and they brought \$5. Anything on the good to choice, case with corn-feds, were slow sale and a little lower.

There were quite a few western rangers on sale good enough for killers, and some of exceptionally fine quality. Some horned Wyoming cattle sold for \$4.10. and some dehorned ones brought \$4.20. There was another string of North Park, Colo, cattle that were by far the best that have been here in some time and they brought \$5. Anything on the good to choice order could safely be quoted steady, but common kinds, the same as was the case with corn-feds, were slow sale and a little lower.

There were quite a few western rangers of them were of exceptionally fine quality. There was another string of North Park, Colo, cattle that were by far the best that have been here

ery dull. Bulls, veni calves and stags sold in much

Bulls, weal calves and stags sold in much the same notches they have of late. The stocker and feeder market was again very slow and weak. Little demand developed from the country yesterday and not much in sight this morning, so that speculators were not at all anxious to get many more on hand. The market would have to be quoted slow and unevenly lower. Representative sales:

Dry Goods Market. NEW YORK Aug. is.—DRY GOODS—At first hands the market remains practically unchanged. The heavy buying for export for the last week has quieted down and buyers are now endeavoring to break, if possible, prices for future deliveries. Jobbers are doing a very fair business and several inducements in the way of special offerings are expected during the present week.

NEW YORK-Aug. 18.—COFFED-The market for futures opened steady at a deciine of five points on May and unchanged on later positions. Sales were reported of 11,500 bags, including September, at 6.65c; October. 6.6568.75c; December, 8.8568.65c; January. 6.8067.06c; March. 7.25c; May. 7.3067.6c; July, 7.5067c.

WHEAT MAKES A NEW RECORD September Option Bobs to a Dollar and a Nickel and Stays

There. CHICAGO, Aug. 16 .- In a runaway market today wheat made a new high record for the season. The September option touched \$1.05% and closed strong at the top figures of the day, a net gain of 25%

cents. There was only one cause for the excited advance. This was a flood of crop reports more pessimistic than any heretofore sent. The one which set the pit seemingly crasy was a dispatch from Grand Forks, N. D., in the Red river val-ley, declaring that fields in that famous wheat-growing section are in a condition described as fearful.

NEW YORK! Aug. 18 -- In answer to further sensational crop news from the northwest today, including rumors that the Manitoba crop had become infected by rust, wheat attained new high records for the year, September and December touchtnæ 83,08%.

If you have anything to trade, advertise it in the This for That column in the Bas Want Ad Pages.
