Routkes Take Advantage of Lull Kostal's Work and Win.

VICTORY COMES IN EIGHTH

HARD AND TIMELY HITTING SAVES DAY

Pfeister's Work is Good and is Well Backed Up by the Team, with Offense Just as Strong.

Pa Rourke and his staff knocked an other persimmon from the Sloux City the yeaterday afternoon, even if the flat did float at half mast for five innings oven the home bench. And for a good portion of the game Tom Fleming and his band played as if they really intended to win the day, but in the eighth, after the score had been ind for a good portion the score state of the the total and the score the day, but in the eighth, after the score to the score state of the total and the score state of the sc other persimmon from the Sloux City the day, but in the eighth, after the score had been tied for several inpings. Brother four runs. The historic eighth was further punctured by a little seance between an enthusiastic, fan in the west bleacher and Umpire Kelly. The fan directed a few By Patters choice conversational bouquets toward the man with the indicator and Mr. Kelly then ordered the fan off the grounds. Manager Hourke did not want to seg the game go to the visitors by default, so the fan was "taken out," but he saw the rest of the

game. The men, from Sloux City started the

pyrotechnics by making two hits and a run in the first linning, then had the effrontery to make another hit and run in the second, all of which could have been forgiven and forgotten had they not made some more hits in the third and sixth and one' run in the sixth, which made the score 3 to 1 for Fleming's favorites. The seventh inning was one, two, three for each side, but in the eighth the flag was raised to the top of the pole at the home bench and the little boy on the center

field fence was reguscitated. Just How it Happened.

The game was won something like this: When Nick Carter came to bat in the alwin he read the handwriting on the wall and saw the score was 3 to 1. He dld not like the looks of the score, so he made shit, the ball going to left field. Hutchinson, Lawler and Fleming made a bee line for the ball, which landed on the ground before they arrived on the scene and after Carter touched first base. Then Carter told Howard to make a hit and Howard did as he, was told. Carter reached third on Howard's hit, but was nearly caught by a throw from left to third. Failing to Totals..... 6 12 27 10 2 "Criger 0 1 0 0 0 Totals..... 6 12 27 10 2 Totals..... 3 9 27 9 2 put Carter out, the ball was thrown to in the side. It looked for a while as if Howard was down and out. He railled and scored with Carter when Dolan made a hit that tied the same.

In the eighth Carter again led off with single, being followed by Howard, who reached first on an error by Kostal. Welch crificed and Carter scored. Then Dolan amped to first on a fielder's choice and Howard went out. Thomas, Schipke and Freese followed with hits in the order named. Dolan and Thomas scoring on Schipke's hit and Schipke scoring on Freese's hit. Freese was left at the crossoads when Rfeister went out.

Schipke made several rapid fire assists to Thomas and Kostal stopped a liner from Schipke with one hand in a manner that will get his name into print at Sloux City. Pfeister pitched a strong game, atriking ten man out, and passing but two, The same teams play this afternoon at Vinton

Selecting an Automobile

You want the greatest road efficiency. This is measured by the actual horse-power transmitted to the wheels, divided by the weight of the machine.

The Oldsmobile Runabout has the greatest road efficiency of any runabout made. 5x6 cylinder 7 actual horsepower, weighs 1100 lbs .- making the horse-power per 100 lbs. weight .636.

You want a reliable machine. The Oldsmobile has proven itself superior to all others in this respect. It is the only Runabout that has been driven across the American continent. Also took every prize in the famous English Reliability Run in September, 1903.

You want simplicity in mechanism. The Oldsmobile has fewest parts—it is the result of 20 years experience in gas engine building. The chances of its getting out of order are reduced to a minimum. There's "nothing to watch but the road ahead."

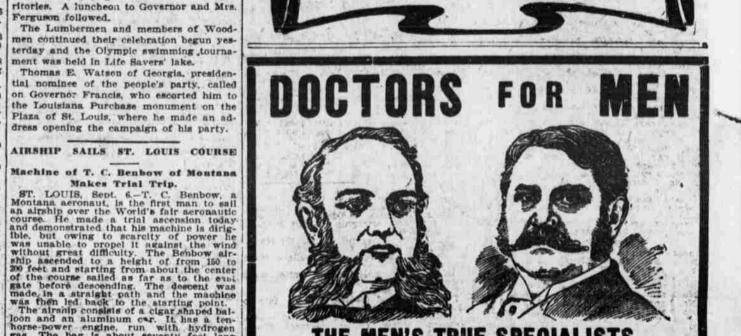

You want your money's worth. The Oldsmobile costs \$650.00, -and it's worth it.

 for eighteen holes. He was driving family-poorly or would have made a seventy-eight.
 The conditions this year are entirely dif-ferent from those of preceding tourna-ments, but out of an entry list of 144 there were only eleven nonstarters. Today's round consisted of eighteen holes, medal play, and the players making the best sixty-four scores are to continue tomorrow at thirty-six holes, medal play, so that by tomorrow evening, the leading thirty-two taking in the medal scores for fifty-four holes will earn the privilege of continuing at match play to the finish.
 Next to Egan's score came those of Champion Walter J. Travis of Garden City, A. M. Reid of St. Andrews, and F. Herreshoff of Ekwanok, each of whom made the round in eighty-one. Seventy players made scores of ninety-two and un-der, and of these eight men. including Findlay S. Doug'as sand W. B. MacDonald, toth former national champions, and H. C. Reinhart, the intercollegiste champion, tied the scores of ninety-two each for the daty-third and sixty-fourth places.
 Among those shut out were Harold Wil-cox, the present metropolitan champion, with ninety-three; Allan Kennaday, the three-time champion of New Jersey, and Percy Pyne H. of Princeton. B.H.O.A.E. It is found that the recent departure of Re-AMATEUR GOLF CHAMPIONSHIP H. Chandler Egen Makes Best Score the retrial of two cases in Hall county, one in Greeley, one in Loup, two in Boone and SHORT HILLS N. J., Sept. 6.—The re-sults of the first day's play in the annual national amateur golf championship tour-nament, which began on the links of the Baltusrol Golf club this morning, were somewhat surprising in that better scores were looked for from the leading playone in Grant and that several of the cases in the upper counties are very important ones, so that the reporter's sudden departure, presumably to South America, without having completed the records in were looked for from the reading pays ers. H. Chandler Egan of Chicago, carried off the honors of the day with an eighty for eighteen holes. He was driving rather poorly or would have made a seventy-eight. The conditions this year are entirely dif-ferent from those of preceding tournathese cases, once tried, will involve considerable loss to litigants. About six or seven years ago Court Reporter McCall did similar trick, causing loss to parties in litigation, and it is felt that in this district the limit has been reached. Nothing has yet been heard from Kendall, and it is not expected that his parents or relatives in this vicinity ever will hear from him.

Newport News, Va., July 22, 1903. Last summer while recovering from illness of fever, I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doc-tors and also tried different kinds of linators and also tried different kinds of lina-ments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer geiting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheuma-lism. I decided to give it a trial, which I did at once.' After I had taken three bot-iles I felt a great deal better and A till thes I felt a great deal better, and I still continued to take it regularly until I was sutirely cured. I now feel better than I have for years, and I do cheerfully recom-mend S. S. S. to any one suffering from Rheumatism Rheumatism.
