WARD SAID TO BE BAD MAN

Prisoner Caught by Detectives Pronounced Desperate Character.

TAKEN TO FREMONT TO STAND TRIAL

Brought Over Here for Alleged Burglary and Claimed by Dodge County Officers for Another Crime.

Charles Ward, alias Eddie Davis, arrested Tuesday by Detectives Mitchell and Davis, was brought over to the police court to the district court on the charge of burglary. The bond was placed at \$500. A few hours after the prisoner was bound over Chief of Police E. E. Daugherty and Police Officer J. F. Conof of Fremont arrived in the city and Conof identified Ward as the man who stabbed him a number of times on the night of September 8. County Attorney English and Chief of Police Don-

hues were consulted and it was arranged to allow the Fremont authorities to take Ward to Fremont for trial on the more serious charge, and falling in being convicted there he will be returned to Omaha to await trial on the burglary charge. Ward was taken to Fremont at 2 o'clock this afternoon.

Mr. Conof's story of the stabbing affair is: "About 12:30 on the night of September 8, I was placing under arrest Ward and his pal. Ward put up a stiff fight, stabbing me twice and cutting my coat in seven places when the knife did not strike me. Ward's partner ran without offering any resistance when Ward started the attack. As Ward ran I fired several shots, but I was weak and my aim untrue. Ward was a stranger at Fremont, but his actions aroused my suspicions at the time I was trying to arrest him." Conof's more serious stab wound was on the left side not far from the heart, and Fremont surgeons said at the time his escape from death was close.

Charge of Burglary. Ward was yesterday arraigned in police court on the charge of burglary, said to have been committed last Sunday

BACK TO DEAR OLD LINCOLN

Victim of Strike Meets Longs for Quiet and Rest in Noisiless Town.

A remnant of the recent pecking house strike appeared before Acting Police Judge Bachman in the person of C. M. Hodges of Lincoln. Hodges was arrested on the charge of being drunk and was discharged by the police judge and told to go his way rejoicing, although Hodges did not look as if there was another rejoice in him. The man's story in police court was that while working at one of the packing houses during the recent labor trouble he was benched up and had just been discharged from a hospital. Hodges' appearance did not belie his words. Hodges said he was anxious to return to that dear old Lincoln, Neb., and would give up the meat business for good.

DECISION IN THE DAVIS CASE

Munger's Ruling is in Favor of Government as Opposed to Security Company.

Judge Munger handed down memoranda opinion yesterday in the case of the National Security company against J. Albert Davis of Omaha, giving judgment in favor of the government and another in the case of the United States against Walter L. Painter in which the demurrer is overruled.

The Davis case is one wherein the government brought suit against J. Albert Davis, a former employe of the government postoffice in this city to recover on certain funds amounting to \$100 or more alleged to have been stolen from one of the subpostoffice stations in Omaha several years ago, while Davis was temporarily in charge of the station. Davis was acquitted of the charge of appropriating the money and afterward suit was brought by the government to recover on his bond.

NEW POWER PLANT IS READY

Street Railway's Establishment is Completed and Prepared for Initial Service Next Week.

The new power house of the Omaha & Council Bluffs Street Railway company is practically completed. One engine and one generator have been placed in position and the steam has been turned on. It is intended to use this power to help out with the large traffic incident to the festivities of next week, after which the machinery will be shut down pending the installation of three engines and three generators additional.

The power house has been under construction for some months. It is situated at Fifth and Jackson streets. With the installation of the full batteries the plant will be one of the most complete in the west.

ROUTINE OF CONFERENCE WORK

Discussions of Various Business Matters Occupy the Day.

Yesterday was a busy one for the conference. The reports of the committees on temperance, state of the church and the state of the country were submitted and discussed. The discussions were full of animation and particularly along the lines of educational development. The

SHAW APPROVES THE PLANS

Visits Federal Building and Assents to Improvements Asked by Captain Palmer.

"I had Secretary Shaw visit the postoffice building when he was here the other day," said Postmaster Palmer. "He had only five minutes to give me, he said, but we put that to good use. His attention was called to the miserable lighting facilities in the main corridor, and he concurred in the idea that an improvement was due there, and at once. We also called his attention to the slate roof over the main workroom on the main floor of the office, and he was convinced that very little sunlight could get through those slate shingles. The result was that he signified his wish to take up the matter immediately after the election and he invited me to remind him of it in a personal letter."

As a consequence Postmaster Palmer is elated over the prospect of these needed improvements being put under headway in the near future.

BRIDGE IS NEARLY FINISHED

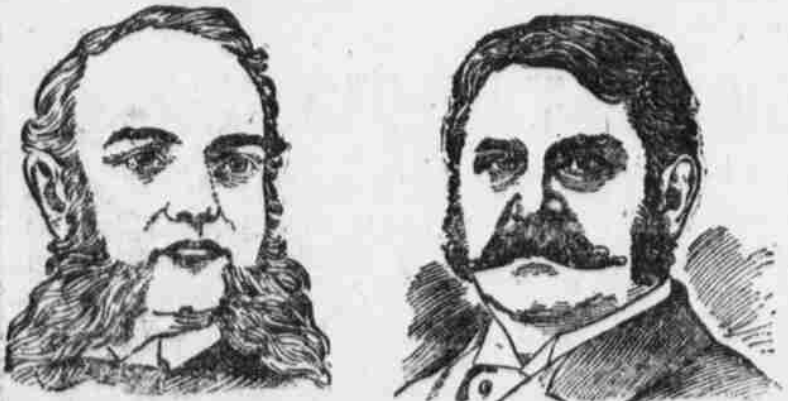

Illinois Central Structure Over Missouri River to Be Used Within Ninety Days.

Work is progressing very rapidly on the new Illinois Central bridge over the Missouri river. "We expect to have the bridge in use within ninety days at the most," said John R. Webster, the company's general agent, "at least we are promised this by the contractors. Of course we expect to have tenants in time, but all roads now coming to Omaha are provided for. When the growth and importance of Omaha shall warrant the entrance into the city of other roads we expect to be able to land them as tenants."

A grand ball will be given by the Foresters of camp No. 494, Modern Woodmen of America, Sunday evening, September 25, at the hall of the Metropolitan club, Twenty-third and Harney streets.

DOCTORS FOR MEN

MEN Many of you are suffering from physical weakness and loss of sexual vigor, your nervous system is being depleted and your mind weakened and impaired. Life is not what it should be. Despondency and gloomy forebodings have taken the place of bright prospects and happy ambition. You no longer enjoy your daily labors or nights are restless and unrefreshing and each morning you awaken again to the cheerless realization of your physical impotence and weakness, and you have neither the ambition nor the power to maintain your position among your fellow men. Drag through a miserable existence, often wishing for death to end your troubles. In many cases self-abuse, night losses and daily drains are the cause of your condition, while in others it is some secret disease. Gonorrhoea, Contagious Blood Poison, or frequently the result of neglected or improperly treated private diseases, which cause Stricture, Varicocele, Prostatic, Kidney and Bladder diseases. These diseases (or symptoms of disease) are not cured until first their cause is removed and cured, which lies in the deep nervous and physical centers. MEN, DON'T DELAY!
