LOCATING CAUSE OF DELAY

Contractors Say Engineer's Department is Unable to Set Stakes.

MAKING OF ESTIMATES FAR IN ARREARS

Construction of Storm Sewer from Oak Street to Indian Creek is Authorized by the City Council.

ascertain who was responsible for the delay in the faying of brick sidewalks throughout the city, some contracts for which were let three or four years ago. The contractors contend that they cannot get the engineer's force to set stakes or prepare estimates of work done, and that they cannot continue doing public work without receiving at least part of their pay. In order that a thorough investigation of this matter may be made, Mayor Macrae appointed Aldermen Olson, Younkerman and Crippen as a special committee to take charge of the inquiry.

Contractor Wickham complained that and \$40,000 worth of cement walks, he had be a foot of sidewalk in my contracts which will not be laid withIn sixty days," he said.

In connection with the cement walks the Construction Warehouse company of this city, through its secretary, H. W. Binder, filed a protest against the Burlington railroad being permitted to cut out the walks in front of its freight depot and grounds on the east side of Main street between Twelfth and Fourteenth avenues, the company having been informed that the raiload had made such an application. Contractor Wickham was asked why he had not gone ahead and laid the walk and he replied that he had been informed by Colonel Davenport of the railroad that he expected to have the walks cut out. "Colonel Davenport has absolutely noth-

ing to do with it," replied Mayor Macrae, "and you had better go ahead and lay the walk as provided for in your contract." Orders Storm Sewer.

The action of the committee of the whole in ordering a storm sewer built across Broadway from the foot of Oal: street into Indian creek to carry off the overflow from Pierce street, was approved, Aldermen Tinley and Olson alone dissenting. It was also decided to pave Oak street a width of twenty feet; Broadway a width of thirty feet, and construct a four-foot sidewalk on Broadway at this point.

Residents on Scott street petitioned for avenue to the north end of the street. Adolph Goldstein was granted a permit

Wednesday, Thursday and Friday afternoons meetings will be at 3 o'clock. Saturday afternoon at 2:3) o'clock a meeting for women only will be held. Next Sunday afternoon at 3 o'clock the meeting will be for young people and children and the meeting in the evening will probably be for men only. In the latter event arrangements will be made for a union meeting on that evening in one of the churches under whose auspices the revival services are being held. It is likely that in place of the several churches holding separate services next Sunday morning The city council last night determined to a union meeting will be held at the taber-

The cracksmen, whom it is supposed were amateurs, succeeded in breaking off the handle of the safe with a sledge hammer secured from a nearby blacksmith shop, but failed to open it. No attempt was made to drill the combination or open the safe by any other means. The removal of Mrs. Belie M. Stoutenborough from Plattsmouth to Scattle, Wash., has occasioned not a little regret among Nebraska club women aside from the losing of one of its very prominent and efficient members. At the St. Louis bicnnial Mrs. Stoutenborough was elected a member of the General Federation board of directors, there being but eight such MINISTERS' ASSOCIATION WITH PASTOR members, and Nebraska had long contended for one of these offices, which are valuable to a state not alone in point of honor. The removal of a director from one state to another does not bar her from continuing her duties in that office, but the women, so far as the matter has been discussed informally, are of the opinion that Mrs. Stoutenborough, having left the state, will not deprive Nebraska of this honor that it awarded to a state rather don of a leading church of this city is and will resign in favor of some woman than to the woman who holds the office,

The Omaha Woman's club met yesterday afternoon for the first time this fall in the auditorium of the First Congregational church, Mrs. I. R. Andrews, the newly elected president, presiding for the first time. Upon her request, and because of the press of business, the inaugural address was postponed until the next open meeting, and there was no preliminary to a full business session. Light new members already have qualified and nine have made application for membership, which good beginning promises to restore the club to its usual membership, the paid up membership to date being but 35s. Having voted last year to add all of its surplus funds to its reserve fund, which now amounts to \$2,000, the club finds itself rather cramped for money just now, having but \$800 available. Because of this it was deemed advisable to cut expenses, and, as the present quarters really are larger than good as other money, and whether it necessary, a proposition to rent quarters at Chambers' academy was considered, but this did not meet the favor of the entire club, some of whose members felt that the amount saved was not sufficient to justify the sacrifice of room or accomme dations, and definite action was postponed, with the recommendation that Unity church be considered.

The educational committee reported is had conferred with both the republican and democratic committees regarding the candidacy of a woman member of the school board and that both recommended that the names of two representative women be presented. However, the committee declined to do this, as, according to the constitution of the club, it has no authority to participate in things political. However, that the women generally are favorable to the nomination of a woman as a member of the school board was proven when one of the committee members said she did not consider the women were ready for that step just yet. This was immediately re-

The annual meeting of the executive board and standing committees of the Iowa Federation of Woman's Clubs was held at the home of the president, Mrs. T. J. Fletcher of Marshalltown, recently and was nearly complete in numbers. One of the most important matters coming before the body was a proposed amendment to the constitution and bylaws, offered by Mrs. W. Cory, vice president, providing for a change in the manner of election of officers and an increase in the state dues. The proposed change in the election laws is intended to save the time of the meeting and provides for taking the informal and formal ballot outside the meeting, the plan being modeled, it is said, after that of the Minnesota federation. The Therease in dues is small, but the executive committee considers it favorably, it is said. While there was some discussion of the proposed changes, they were not formally considered and will not be taken up by the committee until its meeting next March, the last before the lowa biennial. The redistricting of the state was the most important consideration and a change was made that will go into effect May 1, when the new district chairmen will be elected at the plennial state meeting. In the past the ederation has been divided according to the congressional districts of the state, but as this arrangement is in many cases inconvenient, new divisions were made to include the various countles as follows: First-Lyon, Osceola, Sloux, O'Brien, Ply-mouth, Cherokee, Woodbury, Monona, Second-Dickinson, Emmet, Clay, Palo Alto, Buena Vista, Pocohontas, Third-Crawford, Ida, Sac, Calhoun,
