NEW YORK, Oct 4.—Owing to bad playing, the locals lost the first game. The second game was forfilted to the visitors by Umpire Johnstone in the fourth inning, when the score stood 2 to 1 in favor of St. Leuis, on account of continued interuptions by several of the New York players, two of whom, Marshall and Dahlen, were put of the field. er while recovering from illnes. of fever, I had a severe attack of Innatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of linaments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than I have for years, and I do cheerfully recommend S. S. S. to any one suffering from Bhamatiem Rheumatism.

HARNESS RACING AT LEXINGTON Alta Axworthy Wins Record Money in

Kentucky Futurity Stake.

LEXINGTON, Ky., Oct. 4.—Grace Bond broke at least two world's records to win the classic Kentucky futurity, worth \$14.000, and is disputing the title for a third world's record. She gave two of the heats of the race to Alta Axworthy, the prime favorite, but made her own three heats in 2:09%, or better, thus establishing a world's record for 3-year-old trotters. Two of the heats she trotted in 2:09%, establishing a world's 3-year-old trecord for two heats. When she made the first heat in 2:09%, starter Walker announced that she had broken a world's record. Fantasy, at Nashville in 1893, trotted a mile as a 3-year-old in 2:09%, in the second heat of a race, but under unusual conditions. In order to allow her to make a record the distance had been waived and a pacemaker picked her up at the half-mile and she went under the wire while the bunch was turning the stretch. Grace Bond's fractional time in her three fast heats was:

First heat: 0:32¼, 1:04, 1:35½, 2:09¼.

Second heat: 0:32½, 1:05½, 1:36½, 2:09¼.

Fifth heat: 0:32½, 1:05½, 1:37½, 2:09¾.

Grace Bond had the third heat of the race won until she broke at the distance pole and finished fourth. Alta Axworthy never lost her place as favorite, the pooling for the fifth heat being: Alta Axworthy, 550; field, \$10.

The race is worth \$10.000 to the winner.

The race is worth \$10.000 to the winner, \$2,000 to second and \$1,000 to third, the rest of the money being divided among the nominators of dams. The previous event record was 2:10%, made by Fereno in 1900. Grace Bond won the 2-year-old division of the Futurity last year in 2:17%. She is owned by J. Y. Gatcomb.

The Tennessee stake, 2:08 class, pacing, purse \$3,000, was won by John M in three straight heats, over Angue Pointer, the ruling favorite. The record for this event was 2:08, held by Dan Patch. John M established a new record of 2:04%. He made the second quarter of the second heat in 0:304. The track was lightning fast.

Action of Other Governments. Action of Other Governments.

Up to the present moment the governments not involved in the conflict have limited their efforts to the localization of the war and to the strict maintenance of collective neutrality. But the moment is perhaps not far off when they will be able in a collective way to induce the beligerents to listen to the voice of reason, of justice and humanity, by insisting upon the fact that the present war will be all the more fruitless because no other beligerent parties, on account of the pacific kieas now prevailing, can expect effective support toward the realization of its ambitious purposes.

oward the realization of its ambituous purposes.

One of the greatest blessings of the recent Anglo-French agreement has been that at the present time it has greatly strengthened and developed those pacific ideas. It is possible, of course, in the aberration of the judgment which has been lead away by vain hopes the Russians and the Japanese will remain deaf to this appeal. Would the powers, if an offer of mediation by them should be rejected, find themseives necessitated thereby to have recourse to the use of military force to impose peace? Such stated thereby to have recourse to use of military force to impose peace? is not our opinion. For, before having course to such extreme measures the ers would still have at their disposal of means of coercion. The most efficacion these might be possibly that of rigouro imposing their exchequer to the further peals of Russia and Japan for new loans.

peals of Russia and Japan for new war loans.

These reflections bring us to the consideration of another deplorable situation, perpetuated likewise by the too great facility with which governments have accumulated debts upon debts by offering large rates of interest to western speculators. We have reference to the internal affairs of the Ottoman empire and especially to the suggrages to which the Christian population of Macedonia and Armenia have been exposed.

In contrast to the gloomy pictures which the past year gives us from the point of the peace movement, we are happy

In contrast to the gloomy pictures which the past year gives us from the point of view of the peace movement, we are happy to be able to put down to the credit of the year a number of encouraging facts. In no former period has so much been ac-complished to bring the peoples and the governments of the world under the sway of international arbitration.
