tially Saved by Duffy's Pure Malt Whiskey, When Dange rously III With Lung Trouble.

MR. W. J. HALES After His Cure by Duffy's Pure Malt Whiskey. "I hope my close shave will be a warning to thousands of fellow workmen who think a cold too trivial to bother with. I let mine run until it ended in chronic bronchitis so deeply cooted that it affected my lungs. Then I rushed for the doctors, but it was too late. They did me no good. I had to quit work. The grave stared me in the face. I was nervous, lost sleep, strength and flesh. Fortunately at this siage I read something about Duffy's Pure Malt Whiskey, and determined to try it. What it did for me is forcibly told by my portrait. It completely cured me, and made me stronger, fatter and healier than I'd ever been before. For over a year now I haven't had a cold, ache or pain of any description. Duffy's Pure Malt Whiskey is a perfect wonder, and saved my life."—W. J. HALES. 1962 Peace Ave., Houston, Texas, Aug. 26, 1964.

Duffy's Pure Malt Whiskey

CHECKS THROAT TROUBLES IN BEGINNING-CURES AT ANY STAGE As in Mr. Hales' case, when a cold gets a start you never know what's to follow. Ninety-nine cases out of a hundred of consumption, bronchitis, grip, pneumonia and diphtheria start with a cough. Maiaria, ague, typhoid fever and nervous breakdown are the immediate consequences of letting the system get into a low state of vitality, but generally begin with a cold. Check the cold right at the start with Duffy's Pure Mait Whiskey and be on the rafe side. It you have let any of these troubles get a hold, or if you have indigestion, 'Duffy's' will cure you, no matter how bud you are. Nine thousand doctors and hospitals use it exclusively. Druggists and grocers everywhere sell it. \$1.00 a bottle. Nothing gives health to the sick, strength to the young and weak, and vigor to the aged and broken down so quickly and thoroughly. It is absolutely pure and free from fusel of.

WARNING-You need no other medicine, but be certain to, get the gennine Duffy's Pure Mait Whiskey, put up only in sealed bottles, with the "Old Chemist" trade-mark on the label. Don't be deceived by unreliable dealers into accepting a substitute that will not cure, but will do you harm. They tell you "it's just as good as Duffy's," because there is a little more profit in it for them. The genuine is never sold in bulk.

Tramp Under Arrest Says Railroad Man Killed His Companion and Then Turned Revolver

on Himself.

NEBRASKA CITY, Oct. 25 .- (Special Telegram.)-About 3 o'clock this afternoon a telephone message reached this city that S. M. Sells, Burlington agent at Nebraska City Junction, about five miles across the river, had been found murdered.

The agent's body was found by a farmer named Bob Gillispie, who was driving home from the Junction store. Gillispie at once drove back to the station and guve the alarm. Men at the store immediately ran up the track and found the body of the agent and that of a tramp lying near each other, both dead The agen's revolver, with two empty chambers, was lying near his body. He was shot through the temple and the tramp in the right eye.

Two tramps had slept the night before in a barn near the Junction store. Nebraska City Junction is composed of only a store, depot, elevator and two or three houses and tramps are quite numerous around there, and the agent has been very active n driving them away. This morning there were three tramps noticed hanging around the elevator and about 3 o'clock in the evening the agent went up the road to the elevator and then presumably warked over to the track, intending to return that way to the depot. 'Two of the tramps were sitting near the track, and while no one witnessed the shooting; it is thought they attacked the agent, and he shot the one and was then killed by the other, who then

This evening word was received here that the second tramp had been caught near Percival, Is., and that he claimed that when the agent realized he had killed the ther tramp he exclaimed:

"My God, I did not mean to kill you," and then shot himself in the temple. The Fremont county coroner reached the scene late this evening and the verdict of

COURT RECORD DISTORTED

Governor Mickey Not a Party at Interest in the Samuelson Case.

SIMPLY AGENT FOR AN EASTERN ESTATE

Pasion Committee Arranges for Final Tour of Bryan Through Nebranks Commencing Next

Monday.

LINCOLN, Neb., Oct. 25 .- (Special.)-In the story published in the World-Herald of last Sunday regarding the case of Mickey against Samuelson, now in the supreme court, the reporter has followed the usual fusion methods of quoting records to suit the occasion. The records in the case filed show that Governor Mickey merely acted as the agent of A. E. Smith in loaning the money to Samuelson; that he did not receive a single cent from Samuelson for own benefit; that he did not receive any deed from Samuelson for his own benefit, and never got back from Samuelson the money loaned to him by the Bank of Osceola.

As shown by the records in the supreme court, from which the World-Herald is alleged to have secured its information, the facts in the case are as follows, and the records are still here to substantiate these

Oscar A. Johnson sold a Polk county farm to Oscar Samuelson on November 15. 1892. The farm was then morigaged to the Connecticut Life Insurance company for \$1,200. Arthur E. Smith afterwards bought this mortgage. November 15, 1892, Samuelson applied to Governor Mickey loan, and the latter, acting for Smith, loaned Samuelson \$1,500 at 8 per cent interest, and took a mortgage on the The same day Mickey, acting as agent for the Osceola bank, loaned Samuelson \$75 at 10 per cent interest and took a mortgage on the farm. A week later Samelson gave Johnson a mortgage on the farm for \$700 to secure the remainder of the purchase price of the farm. These mortgages in all amounted to \$3,475. In his suit to redeem the farm Samuelson testified that he had paid for it \$3,900, his equity being, therefore, \$425, Mickey, as agent for Smith, carrying Samuelson through the panic, March 26, 1897, according to the records or file, the lower court found in regard to Samuelson and his troubles as follows:

What Record Shows,

What Record Shows.

All four of said mortgages were due or about to become due and a large amount of accrued interest and taxes thereon were overdue and unpaid, and the plaintiff, Samuelson, was given means at said time to pay any of the same or the principal of said mortgages.

While things were in this condition Samuelson and his wife deeded the farm to Mickey. The question at issue in the suit to redeem the farm by Samuelson was whether Mickey held the deed in trust for Arthur E. Smith, for whom he was agent in loaning money to Samuelson, or whether Mickey held the title to the land for the benefit of Samuelson, who borrowed the money. The court found for Samuelson, but found also that Mickey, as agent, conveyed the title to Smith without compensation other than the mortgages; that Mickey received no consideration from Samuelson and that Samuelson never paid the Osceola bank its mortgage, but still owes thereon the sum of \$125.11.

The question to be determined by the supreme court is whether the deed to Mickey was intended by the parties as a mortgage. The records in the supreme court show absolute deed, and that for four years he so treated it, the records showing that for four different years he had leased the farm from Mickey. By written leases it RAILROAD ACENT MURDERED cial.)-The Case county prohibition conin nomination the following named per- agent of the land and that he paid Mickey sons: For state senator, William Coatman rental. sisted in keeping a loaded revolver in his breakfast as usual and appeared about the same as for several months past. An hour or so afterward his wife left the house for a few minutes, and as she did so she heard a noise which she at the time thought was the loud slamming of a door. Returning, she found her husband sitting on the bed bleeding from the neck. He said, "I've shot myself." That was all he would say, A physician was summoned, but as the wounded man was resting quietly and did not appear to be in immediate danger, it was not thought best to probe for the bullet. During the day no danger was anticipated, though the wound was painful. On account of the effect it might have on Mr. Tank's mental condition the affair was kept quiet. He was conscious, but refused to talk. Last night he gradually grew worze and his son, who rooms uptown, was summoned. He died about 5 o'clock. He was 55 years of age and an old restdent of this county. He leaves a widow, a son and two daughters.

WACCABEES IN A Two Meetings Held at Grand Island and Division May Result.

GRAND ISLAND, Neb., Oct. Special.)-At a meeting of delegates the various Macabee lodges in the state last evening a temporary organization was perfected, with R. O. Adams of this city as president and Charles Biehl as secretary, looking to the organization of a jurisdiction of Maccabees independent of the supreme tent. The meeting was called by the Grand Island lodges. Forty-four tents, or lodges. outside of the city were represented. The purpose was to discuss the raise of rates made at the last supreme convention of the lodges. As far as can be learned this increase was made without a submission of the proposition to the local tents. The form of the organization of what is called the supreme tent is representative. It is complained of that while the organization has a national organ, the Bee Hive, the readers of the same were not advised of any such proposition until after their representatives, with but one or two excep-

tions, had been chosen. An afternoon session was held at which the action increasing the rates and the necessity therefor was discussed pro and con. During this discussion objection was made to the increase so long as there was a surplus reserve fund of over \$3,000,000 on hand. The proposition to organize a jurisdiction in this state was also discussed and from the statements of some of the delegates it appears that opinion was quite one-sided in favor of taking such a step. The officers above named were therefore thosen as temporary officers and committees on legislation and for other purposes were appointed.

An incident of the meeting was the fact that while the sessions of these delegates were held at the city hall and new court house, respectively, in the afternoon and evening, a counter meeting was called for the Ancient Order of United Workmen hall, by public advertisement, at which Supreme Counsellor Aitken of Flint, Mich.; Supreme Organizer Emmerin of Iowa, State Commander Ostrom of Omaha and Deputy State Commander Orcutt were present. The local members, however, with one or two exceptions, attended the meeting of the reorganizers and not until temporary organization had been perfected and it had been decided to take steps in the direction of a temporary organization, were they invited to appear in the other meeting. They had, indeed, retired and gone to their hotels, when a committee was sent to them. inviting them to appear. The conditions of the organization were then reviewed and fractured his lower jaw. He was, however, the reasons for the action in raising the

It is stated that one of the reasons of the decided objection of the Nebraska Mac-cabees to the increase in rates and of the general desire for an independent jurisdic tion is the fact that in these organizations Nebraska, a healthy state, is too frequently called upon by way of assessments to make up for the greater death rate in states the health conditions of which are not so favorable

rate explained.

This condition is said not to exist alone in the ranks of the Maccabees, but also in the ranks of the Ancient Order of United Workmen and other fraternal organizations having similar relations with the supreme or grand organizations and it is stated that not only is this contemplated in a measure in the grand lodge of Nebraska Workmen for the near future, but that it has already given occasion for considerable forensic eloquence in past sessions.
