

CURRENT NEWS OF IOWA

REPUBLICANS MAKE SWEEP

Every County Candidate is Elected by a Handsome Plurality.

DEMOCRATS CONCEDE THE ENTIRE TICKET

Even the First Ward of Council Bluffs Turns Down Judge Parker for Theodore Roosevelt.

Returns sufficiently complete at midnight showed that Potawatamie county and the city of Council Bluffs had gone overwhelmingly republican. Conservative estimates placed Roosevelt's plurality in the county from 1,000 to 2,000 and the state ticket very little lower.

Before 11 o'clock last night when the returns from the various precincts giving the straight ballots commenced coming in there was consternation in the democratic camp and extreme jubilation in that of the republicans.

How the Wards Voted.

On the straight ballots the First precinct of the First ward gave a democratic majority of 21, while the Second precinct gave a republican majority of 53. All of the other precincts on the straight ballots were republican majorities as follows:

NEW COURT HOUSE FOR POLK

Quarter Million Dollars to Be Spent on Building at Des Moines.

MADE A LEADING ISSUE IN CAMPAIGN

When Completed New Structure Will Cost Over Half a Million Dollars and Will Be Model of Kind.

(From a Staff Correspondent.)

DES MOINES, Nov. 8.—(Special.)—While returns are not yet complete on the poll-books in this county, there is very little doubt that the elected authorities have borrowed \$250,000 for the purpose of completing the new Polk county court house. The original authorization was for bonds in the sum of \$400,000. The brick and stone work of the court house is now complete and the work of putting the roof on has been commenced.

GOVERNOR TO TAKE TRIP.

Governor A. B. Cummins has accepted an invitation to go to Orange City, Iowa county, on November 14 and deliver the address at the dedication of the new county building there. He will then go to Dubuque to attend a meeting of the Mississippi River Improvement association and later go to Washington to present the appeal in the soldiers' monument case.

PECULIAR POISONING CASE.

Johnson Brigham, state librarian, and Miss Marie Chalmers, prominent musician, had a narrow escape from a serious poisoning last night. They attended a meeting of the Woman's Press club, which was followed by a small banquet. The committee on refreshments planned a surprise and purchased bonbons, some of which contained an explosive which on an attempt being made to open the little boxes in which they were contained would explode. The two persons mentioned started first on the surprise candies, and they failed to explode. They ate the explosives and all, and soon became very ill. Then investigation was made and it was found the small capsules which were intended to explode were labeled "poison." A doctor and a stomach pump were called in haste and after several hours the patients were out of danger.

FORT DODGE BOND PAYMENTS.

It is announced that the Minneapolis & St. Louis railroad has issued bonds in the sum of \$1,000,000 to take up similar bonds of the Des Moines & Fort Dodge railroad, thus settling the status of the latter road and making it certain there can be no hitch in the transfer of the line from the Rock Island to the Minneapolis. The bonds have been held by representatives of the Rock Island until recently and in the past have had a voting right at the annual meetings of the old Fort Dodge road.

SHAW BOOM STARTED.

The neighbors of Secretary Shaw started a little boom for him for the presidency at Des Moines. He spoke at home and Judge Conner, who spoke first, referred to the fact that Shaw would be good presidential timber. The crowd took it up and made a great demonstration. There was some criticism some time ago over the fact that Congressman Smith mentioned the Fairbanks presidential boom in Shaw's home town while they were there. Denison will be loyal to Shaw and his candidacy.

REPORT ON ENCAPSULATION.

The annual report of Major J. A. Olmsted, retired United States army officer, on the encapment of the Iowa National Guard, held in Des Moines, has been forwarded to the War department at Washington. It is learned by him that the entire report will not be published, but portions will be published in orders and transmitted to guardians in Iowa. In the past all these reports from the twenty officers detailed as inspectors of the National Guards were printed in a book, but this plan has been abandoned. Iowa was the third of the states to have a retired officer detailed as guardian of the National Guard, Major Olmsted having been appointed more than a year ago, and two other states having details a few days before Iowa. There are now twenty states having officers at this work and among the officers are five retired brigadier generals.

BOARD TO COMPLETE VISITS.

Chairman Robinson and John Cowie of the Board of Control, went to their respective homes to vote. The board will also remain in Sioux City to attend a state conference of charities and corrections, of which he is president, and later in the week all three members of the board will meet at Cherokee hospital. Next week they purpose to visit on their last visitation trip of the season and this will take them until Thanksgiving time. The board has much of this work to do because of the large amount of building that is under way. In a number of places work will be continued right through the winter.

DR. GREEN APPREHENDED.

An inquiry was made of Governor Cummins today in relation to a requisition to return from Quincy, Ill., Dr. Henry B. Green of Davenport, an insane patient who escaped from the Mount Pleasant hospital some time ago. Dr. Green is an able doctor, a graduate of the State university and he had been making an effort to secure release on habeas corpus. This was refused and he escaped. He went to Quincy, where he went to work in a machine shop. He now proposes to fight any effort to get him back in the state. He is undoubtedly insane.

NEW CORPORATIONS.

The following incorporations were received at the office of the secretary of state today to be filed tomorrow: Recorder Printing company, Greene, capital \$6,000, to take over a newspaper of which J. Knox Hall, formerly of Afton, is to be the editor; Hazel Green Creamery company, Hopkinton, capital \$100,000; Wagon Development company, Ottumwa, capital \$50,000, by E. D. He cordially acknowledged the greetings of the spectators who had gathered and of the unusually large detail of policemen and detectives who had been sent there to see that no harm befall him. His exit by the side door was a disappointment to a large crowd of people who had waited in the station to get a glimpse of him. Accompanying the president to Washington were Robert M.
