Damage Case Up for Hearing. The case of the Union Stock Yards Company of Omaha against the Chicago, Burlington & Quincy Rallway, coming up from the Eighth circuit court of appeals, will be reached either Friday or Monday next. The attorneys for the two corporations, Frank Ransom and Charles J. Green of Omaha, are here to present arguments before the supreme court. The case grows out of an action commenced in the district court of Douglas county by Edward Goodwin, who in 1895 was seriously injured in switching a car owned by the Hammond Packing company to a train being made up by the Burlington railroad?

There was a defective brake on the car of the train which the Burlington was handling whereby Goodman received injuries to such an extent that after the case had been through the supreme court of the state he was paid \$12,367. In 1859 the Stock Yards company instituted a suit against the Burlington railroad to recover the amount paid in satisfaction of Goodwin's claim. Dakota Men Confer.

DOCTORS FOR MEN

Are YOU one of the many thousands of WEAK MEN and

Are YOU one of the many thousands of WEAK MEN and do you wish to be cured? Multitudes bring on themselves the horrors of a lifelong disease by unnatural habits. Thousands and thousands of men are prematurely old and disease districted through excesses and unnatural drains, which sap the cased through excesses and unnatural drains, which sap the physical wreck. Not knowing where to apply for a cure, many of these poor sufferers, loaded with disease, remorse and humiliation, silently suffer on, going from bad to worse, or they experiment with tao many "Free Treatment" and "Quick Cure Schemes."

By our system of electricity and medicine combined, we cure quickly, safely and thoroughly all diseases and weaknesses of men after all others have falled. Our object is not so much to do the work that other doctors can do, but rather to cure obstinate cases which they cannot successfully combat. All that deep knowledge, expert skill, vast experience and thorough scientific office equipment can accomplish are now being done for those who come under our professional care. We have investigated and tested all the known methods for the treatment and cure of private diseases and weaknesses of men, which gives us the right to judge between the false and the true, between shallow pretension and solid worth, between substance and shadow. Musty theories cannot stand out against our mode of treatment, against progressive medical science, new discoveries and undisputed facts of cases cured to stay cured.
