Northern Securities Company May Distribute Northern Pacific Railroad Stock.

NEW JERSEY DECISION IS REVERSED

Court of Appenls at Philadelphia Passes on Suit Brought to Restrain Pro Rata Distributton of Shares.

PHILADELPHIA, Jan. 3.-The United States court of appeals for the Third judicial district, in an opinion filed here today, reverses a decision of the New Jersey circuit court, which restrained the Northern Securities company from distributing certain stock of the Northern Pacific Railroad company. The decision is a defeat for the interests represented by E. H. Harriman. By a decree of the New Jersey court the Northern Securities company was restrained from disposing of 370,230 shares of the common stock of the Northern Pacific Raffroad company, alleged to have been received from E. H. Harriman and Winslow S. Pierce, and of 347,090 shares of the common stock of the Northern Pacific Railway company received by the Northern Securities company from the Northern Pacific company. Today's decision, however, gives the Northern Securities company the right to dispose of the stock.

Harriman and Pierce, when the Northern Securities company had been declared by the United States supreme court to be an illegal combination, demanded the return i of the original stock they had contributed a dissenting decision. He said: at the time of the organization of the combination. The Northern Securities company, it was claimed, intended to make a pro rata distribution of the stock of the contributing companies.

Transfer Was a Sale.

The opinion was written by Judge Dallas. After reviewing the organization of the combination and its subsequent history, the decision saws: Harriman averred that the shares of rail-

Harriman averred that the shares of rail-way stock in question were acquired by the Securities company; that it would hold them as custodian, depositary, trus-tee and owners of saio shares were the parties who originally exchanged the same for stock in the Northern Securities com-pany. The Northern Securities company claimed that it acquired the stock by pur-chase and that it owns the stock outright. After quoting the resolution under which the stock was acquired the opinion says

the resolution contemplated a purchase not a trust and that the resolution was adopted at a meting at which Harri-man was present. The opinion continues: man was present. The opinion continues:

The Northern Securities company is the owner of 1.537,594 shares of the stock of the Northern Pacific Railway company, which has been restrained from voting or feesiving dividends and in view of this restraint all parties agree that it should not continue. The Northern Securities company accordingly proposes to assign them pro rata to its shareholders including not less than 2,500 persons whose shares are unquestionably acquired by purchase and who are not parties to this suit, and as such disposition of them would affect a ratable, and, therefore, equitable division of them amongst all who are entitled to participate in a distribution of the corporate assets, we are of the opinion that the injunction which prohibited it should no longer remain in force.

tion or bill of the United States did pray that the stockholders of the railroad companies who had exchanged their stock therein for stock of the Northern Securities company should be required to surrender any stock of the Northern Securities company so acquired and held by them and to accept therefore the railway stock in exchange for which the same is issued; but the decree insofar as it was mandatory, went no further than to prohibit the doing of "the specific things which being done, would effect the result denounced by the act"—133 United States, 356. This was all that was requisite and it was accomplished by that part of the decree which has been aiready quoted; and the added chuise, though apparently suggested by the prayer of the bill to which it referred was obviously not intended to have any obligatory effect.

Comment of Harriman.

NEW YORK, Jan. 3.-E. H. Harriman, when he was shown the bulletin announce ing the decision of the court in the Northern Securities case, said: "The matter now has been before four judges, and so far it is an even division, two having declared for us and two against us." Mr. Harriman declined to say anything further regarding the case.

The adjourned annual meeting of the Northern Securities stockholders in Hoboken today has again been adjourned until January 9.

The only persons present at the meetng were W. P. Clough, the fourth vice president and the secretary-treasurer. No action except that of adjournment was taken

Representatives of the Harriman faction were in conference today and it can be authoritatively stated that application by writ of certiorar! will be made before the supreme court at Washington. Underground Wire Ordinance Makes Its Appearance at Last.

TELEGRAPH COMPANIES HAVE AGREED

Omaha's Business District to Be Freed from Wires and Poles Within a Very Short Time if Council Acts.

An ordinance for the extention of the underground wiring district was introduced before the city council last night by Councliman Evans, with the comment it had been approved by City Electrician Michaelson and by the Western Union and the Postal Telegraph companies, who are principally affected. The ordinance provides the underground district shall be bounded. by Eighth street on the east, by Eighteenth on the west, by Capitol avenue on the north and by Jackson on the south. Zimman and Elbourn Debate.

The council and its spectators were treated to a very warm debate between President Zimman and City Clerk Elbourn on the question: "Resolved, The president of the council is justified in not approving the minutes of the council meetings as kept by the city clerk." Mr. Zimman maintained the records were untrustworthy and Mr. Eibourn maintained Mr. Zimman was mistaken under another name, and pointed with pride to the records kept in the past. Councilman Nicholson, who held the chair during the passage-at-arms, appointed Bock and himself a committee to bring in a de-

The Board of Public Works was empowered to complete the Clifton Hill sewer abandoned by the contractor. The proposition to furnish an alarm box free to the Auditorium was referred to the com-

mittee on telegraph and telephones. Branch Library Inquiry.

A communication from Victor Rosewater informed the council the library board had appointed a committee to investigate the matter of branch libraries, for which it was intimated Andrew Carnegie would furnish money. It was suggested the council had a joint interest in the matter and appoint a ommittee for joint consideration. Messrs. Nicholson, Hoye, Back and O'Brien were

Chief Salter of the fire department by letter suggested a revision of the charter relative to the fire department. He said the city had now two fire houses which it s unable to occupy for want of funds. It also contemplated the erection of additional houses at Twentieth and Lake streets and Twenty-seventh and Davenport streets, which means additional men and apparatus. He said the expense estimate for 1966 in \$197,000. He felt the city is growing and the department should be enlarged so as to furnish perfect protection to the greater residence and commercial districts. He said investors knowing of an excellent department would be more ready to expend their money in improvements. He suggested the charter should allow the council to appropriate funds to the amount of \$250,000 for the department if that amount should be come necessary.

The council decided to sit as a board of equalization on the regular assessment be ginning Tuesday, January 17, and continuing daily for five days. The sessions will last from 16 o'clock in the morning until 5 o'clock in the evening.
