DRUGGISTS GIVEN PERMITS

Excise Board Overrules Protests Filed by the World-Herald.

BROATCH SPRINGS A SUGGESTION

Wholesale Druggists, Who Compete with Liquor Dealers, Should Be Required to Pay the Full License Fee.

The feature of last evening's meeting of the Board of Fire and Police Commissioners was the granting of thirty-seven drug stores permits to sell liquor. It was postponed on request of the World-Herald to last evening, when the applicants had advertised in The Bee, which was not the paper having the largest circulation, according to the contention of the protestant. The protests were set for hearing before the board some time ago, but was postponed on request of the World-Herald to last evening. When the applications were taken up by the board last evening no one appeared on behalf of the hyphenated journal, so the board overruled the protests and Commissioner Spralen moved the permits be granted, which was done.

Wholesale Druggists' Permits.

In connection with the granting of these drug store permits, Commissioner Broatch took occasion to remark it is his judgment that the two wholesale drug firms who were granted permits, the Richardson company and the Blake & Rice company, should pay the \$1,000 license the same as the wholesale liquor dealers do, on the grounds that the wholesale druggists are recognized competitors of the wholesale liquor dealers, selling in the same territory and in some instances selling as large quantities.

HE HAD FAITH

And It Was Justified.

"In reply to your letter of recent date, will say that I am cured as sound as a dollar. I used about three of the fifty-cent packages. I was going to write you, but was holding up to see if the pills would give me any further trouble. I feel no signs of the piles and believe I am cured entirely. I had faith in Pyramid Pile Cure at the start, and stuck right to the treatment. You can refer anyone to me you like. I can soon tell you Pyramid Pile Cure has done for me."

It is a well recognized fact that the best advertising an article can have is that which is known as "word of mouth"; this rightly carries more weight than all the claims which can be set forth. It follows that Mr. Kinkaid, with his wide acquaintance, will largely promote the sale and use of Pyramid Pile Cure because—and here is the vital point—he knows whereof he speaks and not only advocates its use but does so with enthusiasm; this is not to be wondered at, and in point of fact can anyone, after reading his letter, doubt that this remedy cures?

Pyramid Pile Cure is sold by druggists for the low price of fifty cents a package; it is in suppository form, is applied directly to the part affected, and does its work quickly and painlessly; there is no other remedy "just as good."

WORLD LIMIT DAKOTA DEBATES

PIERRE, S. D., Jan. 9.—(Special.)—A bill to practically prevent outside divorces in this state was presented to the meeting of the State Bar association at its meeting here, but did not meet with its usual approval. While it may be presented to the legislature for action, the chances are against its getting through. The bill provides that the present causes for divorce shall only apply in cases where the cause has been committed in the state, or after a residence of two years.

OMAHA KEEPS INDIAN DEPOT

(Continued from First Page.)

The determination of Brazil to elevate its legation in this city to an embassy will necessitate similar action on the part of the United States. This will probably be done in the diplomatic and consular bill and give our present minister to Brazil an ambassadorship worth \$17,500 per year and prepare our representative to Brazil for his transfer to the ambassadorship of Mexico. It is thought that Mr. Thompson may have had something to do with the change, as he stands especially high with the authorities at Rio de Janeiro.
