#### WESTERN LEAGUE MEETING

Magnates Will Gather Here for Business Thursday Afternoon.

ROUTINE WORK WILL TAKE ATTENTION

Election of Directors and President the Chief Business to Come Refore the Lengue at This Session.

All roads within the Western Base Ball peritory and not a few outside will lend to the Gate City on Thursday, when the annual meeting of the Western league will be held. The sessions will be at the Paxton hotel, and it is believed the deliberations will be concluded Thursday evening, although the magnates may not be as expeditious as some of the wise ones think, and, again, matters not now on the tapis might be brought up and thus cause the captains of the national game to tarry over until Friday or Saturday. Suffice it to say the meeting will be one of im-

Those who are expected to be here Thursday are the Brothers Cantillon, Joseph and M. E., who own nearly all of the Des Molnes franchise, Joseph being also manager of the Milwaukee team; George Tebeau and R. R. Burke, joint owners of the Denver club; W. F. Duncan and Mr. Graves, two of the owners of the Sloux City team; Tommy Burns, who has a few shekels invested in the Colorado Springs team; Percy Chamberlain, the moving spirit in the base ball world at St. Joseph; "Papa" Bill Rourke, the popular manager of the Omaha pennant winners, President W. H. Sexton of the Western league, the little boy" who sat on the Vinton street fence last season and helped to win the flag for the Rangers, and others yet to be heard from. Each team is allowed one vote at the annual meeting, but may have two representatives in the deliberations.

Candidates for the Presidency. Probably the most important part of the work before the meeting on Thursday will be the election of a president for the Western league. One and all realize the importance of electing good timber for this responsible position. At present writing there are about as many names in the presidential field as there are teams in the league.

Taking the entries one by one, there is Tip O'Neil, for instance. Some call him Norris O'Neil of Oakland, Cal. He is said to be groomed by Joe Cantillon and may receive the support of Tebeau and Burns, who, according to one report from the front, have cancelled their entry of Otto Floto as a presidential candidate. Be that as it may, Mr. Floto, who writes the sports for the Denver Post, is said to be in the running. Coming right home, there is "Sandy" Griswold, who has the avowed support of Mr. Rourke and a few others. Doc Shively, president of the Western association; W. W. Sears, formerly secretary of the Des Moines club, and Mr. Norton, president of the Iowa league, are the other

Circuit Will Not Be Changed

It is the consensus of opinion that the league will remain the same as last year so far as the teams are concerned. The atmosphere at St. Joseph and Sioux City has been clarified and taking into further consideration the expiration of the league contract with the close of next season, it is onsidered imadvisable to change the teams for the season of 1906. There are now five towns knocking for admission to the league, but judging from present indications none of these will be acted on at the coming

Manager Rourke is in favor of 150 games in the 154 days of the playing season, the same as last season, and that the season run from April 26 until September 25.

At the coming session of the league there will be the regular routine reports from committees, possibly changes in the constitution, a 1905 schedule committee appointed and business of a miscellaneous character transacted.

The schedule will be approved at the spring meeting to be held some time in March. One of the duties incumbent on the league members next Thursday will be to officially notify Manager Rourke that the Omaha team won the pennant last season While, as a matter of fact, it will not be news to Mr. Rourke, he will rise to his feet and say a few words and look pleased. It is noteworthy that there was not one suspended player in the league last season, which will relieve the league members from acting on that part of the order of busi-

Minor Leagues Finally Agree to Accept the Disputed Findings.

cept the Disputed Findings.

CINCINNATI, Jan. 9.—At a long session of the National Base Ball commission to-day various pending differences with the National association and the organization of the minor leagues were settled, making possible the settlement of other points of difference which had been discussed but never yet brought regularly before the commission. The serious illness of President Pulliam of the National league for a time threatened to compel a postponement of the meeting for an indefinite period, and then, when all had agreed to accept his proxy, as presented by Chairman Herrmann, the failure of the National association to acquiesce in four decisions of the commission affecting minor league

#### OMNIBUS CLAIMS BILL PASSED

Senate Approves the Measure Which Garries Nearly Three Million Bellars.

INAUGURAL BALL IN PENSION BUILDING

House Finally Votes to Allow Use of That Structure After an Acrimonious Debate-Nominanations Confirmed.

WASHINGTON, Jan. 9.-After the pussage of the omnibus claims bill and a few minor measures and fixing January 28 for the delivery of addresses in memory of the late Senator Hoar, the senate devoted the day to the statehood bill. Mr. Morgan spoke for two hours against the bill. When the senate convened Mr. Mallory presented the minority report of the Merchant Marine commission. It was referred to the committee on commerce. A resolution was passed providing for the printing of 6,000 copies of the proceedings of hearings had before the commission, and the same number of copies of the minority re-

The omnibus claims bill was then considered. Several committee amendments were adopted and the bill was passed. It carries direct appropriations amounting to about \$2,800,000.

Other bills were passed as follows Authorizing the secretary of the interior to acquire for the government by exchanges of public lands the ownership of the private lands within certain public parks in the state of California; for the relief of wandering American born Indians of Rocky Boy's band, Montana.

At 2 p. m. the statehood bill was laid before the senate and Mr. Morgan spoke in opposition to the bill.

Mr. Morgan spoke particularly of the character of the population of New Mexico and Indian territory. He declared that the framers of the constitution were of the white race and that it was not the intention that Mexicans, Indians, negroes and kalfbreeds should be brought into citizenship. He said that if Arizona and New Mexico were admitted into the union this class of citizenship would control the elections and said bribes and whisky might control them. At 4:05 p. m. the senate went into exec

utive session and at 4:23 adjourned.

PROCEEDINGS OF THE HOUSE Use of Pension Building Granted for

WASHINGTON, Jan. 9.- The house today adopted the senate resolution providing, among other things, for the holding of the inaugural ball in the pension building. Or a viva voce vote the provision was lost. but a roll call enabled those favorable to the pension building proposition to muster their strength and pass It. Speaker Cannor and several of the republican leaders recorded themselves as opposed to the idea of the employment of the pension building for the purpose of the inaugural ball.

When the house convened today Mr. Van Voorhis (O.) from the committee on appropriations reported the pension appropriation bill. At the same time Mr. Underwood (Ala.) submitted the views of the minority n reference to It.

The house then went into committee of he whole for consideration of measures relating to the District of Columbia. For the third time during the session the resoluportion of the monument lot for an Ameri-Railway congress to be held in this city was called up. Favorable action on it previously was prevented by the opposition of Mr. Mann (Ill.) Today the resolution was passed in spite of Mr. Mann's objection. The attention of the house was the directed again to the resolution providing INDIAN APPROPRIATION BILL READY for the inaugural ceremonies. Opposition again developed to the proposition to hold the inaugural ball in the pension

Mr. Cowherd (Mo.) criticised the peo ple of Washington for lack of civic pride and enough energy to build a hall where such functions could be held, but said it was hardly the proper thing for the democrats at this time to express too pronounced views on the subject of where the ball should be held, that question being "up to the republicans."

Declaring it would be discourteous to the resident of the United States now to shut the door in his face after all arrangements had been made for the presence of all the governors of all the states and their wives and the various organizations which would participate in the inauguration Mr. Gaines (Tex.) said he favored the pension building this time, but gave notice that never again would he vote for the proposition. Mr Gaines said he favored the measure because the president was trying to do right 'and give teeth to our interstate commerce ommission that will haul up the railroads that have been robbing the American people." He said he was "with" the president and did not care how long the teeth were that were put into the law. He commended the president also for "trying to unhorse

the trusts." Referring to the White House conference on Saturday last Mr. Gaines said the president might have called in a few more and asked them "if it was not right to tear

down the robber tariff." The resolution was read for amendment among those adopted being one by Mr. Wil-Hams (Miss.), requiring the inaugural committee to give bond to restore to its former condition any public building or reservation used for inaugural purposes. By ayes, 54; noes, 40, the resolution was laid aside with a recommendation that it pass, but when put on its passage in the house it once more had to run the gauntlet of critidsm. Mr. Charles B. The case was a claim for indemnity growng out of damages to a brakeman on the Terminal road owned by the Stock Yards ompany. The brakeman was injured when engaged on a car secured from the rail oad company and which it was shown had not been inspected by either the Burlington ompany or the Terminal company. The tion granting temporary occupancy of a brakeman brought suit against the Terminal company and recovered \$10,000. This sum was paid and the stock yards association sought to recever from the owners of the car. The court held, however, that the negligence of the owner did not excuse hat of the user and refused to give the relief sought. The opinion was by Justice Day.
