

NEWS OF THE INTEREST FROM IOWA COUNCIL BLUFFS

BURNS OUSTED AS PRESIDENT

Vote of Stockholders is Almost Three to One Against Him.

DECLINES TO JOIN THE MINE OWNERS

Much Stronger Resolutions Are Offered by the Burns Faction, but They Are Voted Down by the Stockholders.

The annual meeting of the stockholders of the Portland Gold Mining company of Colorado, after a two days' session, came to a close at a late hour last night, and with it the defeat of James F. Burns, president of the company since its organization in 1924.

The faction opposed to President Burns succeeded in voting a large majority of the stock and thereby electing its slate for the Board of Directors. The directors elected are Irving Howbert, Frank G. Peck, Thomas F. Burns, Carl S. Chamberlain and Dr. D. H. Hite. The last two, who are administrators of the Stratton estate, take the place on the board of James F. Burns and R. G. Shannon.

Of the \$2,000,000 stock \$2,500,000 was represented at the meeting and voted. President Burns voted 63,000 shares, while the opposition controlled 1,487,000. Burns was a candidate for re-election as director, but received only the vote which he controlled, namely, 63,000 shares.

It was 8 o'clock last night before the committee on credentials announced that it was ready to report and it was 11 o'clock before the meeting was brought to a close. The test vote came on the proposition to allow the voting of 43,000 shares, including the Shannon interests, on which the committee made no recommendation. Burns voted against the proposition, but was carried by a vote of about 1,300,000. These shares were then voted against Burns.

A resolution thanking President Burns for his efficient management was unanimously adopted.

The following resolution was adopted, President Burns alone voting against it: Resolved, That it be the sense of the stockholders assembled that the directors be directed not to join or become members of the said Mine Owners' association or any other association similar in character.

Strong Resolution Defeated. These resolutions were offered, but failed to carry: And be it further Resolved, That the directors of the Portland Gold Mining company be directed to join or become members of the said Mine Owners' association or any other association similar in character.

Be it Resolved, That it is the sense of the stockholders in meeting assembled that the board of directors be instructed to give instructions to the assistant manager of the mine, or its superintendent or whoever may have active charge of the property, that he or they abstain from compelling membership in any other association or other association or organization of whatsoever character or purpose.

Resolved, That it is the sense of the

MEAT PRODUCERS CONVENE

Corn Belt Association of Iowa is Holding Meeting at Des Moines.

NATIONAL LIVE STOCK MEN PRESENT

Committees Are Appointed and First Day is Devoted to Routine Business and Discussion of Various Subjects.

DES MOINES, Feb. 7.—The second annual meeting of the Corn Belt Meat Producers of Iowa convened here today, with 100 delegates present. Committees were appointed and the balance of the day devoted to discussion of various subjects.

Ex-Senator Harris of Chicago, prime mover in the reorganization of the National Live Stock association at Denver, who was turned down by the executive committee upon his invitation to the Iowa body for affiliation with the National association, stated today that he was not interferred with by the Iowa body, but that he merely "dropped in" in passing through the city.

Secretary A. E. de Riquelme of the American Cattle Raisers' association, an off-spring of the national association, has been invited to address the Iowa body.

Former Governor Van Sant of Minnesota and Governor Cummins of Iowa tonight spoke on railroad rate issues, addressing a large audience. They urged farmers and shippers of Iowa to insist that the rate of regulation and held out hope that by so doing they would get what they wanted.

The association declared itself in favor of the Townsend-Each bill in congress, denouncing railroad passes and asked their prohibition. President Roosevelt's recent veto of the United States appropriation bill was also discussed.

The convention also declared that the Iowa delegation in congress does not hear the voice of the people as it should. The attendance at the convention was large and representative.

Bankruptcy Canceled Judgment. A judgment against a man's property for plumbing and heating in a state tax according to the supreme court of Iowa, and a discharge from bankruptcy is a discharge from the obligation. The decision was given today at the beginning of the second period in the case of James K. Olds against Elizabeth P. and A. D. Forrester from Dallas county. Olds agreed to sell certain real estate, but later the defendants refused to accept it because of a judgment against the land.

Leveled Tribute to Neighbor. A case has been presented to the state railroad commissioners in which an owner of a car has been levying a tribute of 25 cents a ton on all the coal mined by a neighbor. A railroad had built a spur to one man's coal mine and in doing so crossed a second man's land. Later the second man discovered coal and began to load on cars on the spur. Finally he tired of paying tribute to the first man and he brought suit for the easement. The commissioners wrote to the railroad and they claimed they knew nothing of it. It has since been discovered that the tax was levied by the neighbor without authority. No action has been taken yet, but it is possible that criminal action will follow. For this reason the names are not given out.

War on Catalogue Houses. Five hundred members of the State Retail Hardware Dealers' association are expected in the city to the annual convention which opens tomorrow. One of the principal matters of business will be a war on the catalogue houses. Thursday night there will be a supper, smoker and vaudeville entertainment at the Commercial club rooms.

MANNING HAS DISASTROUS BLAZE Lack of Water Hampers the Work of Firemen. MANNING, Ia., Feb. 7.—(Special Telegram)—Fire broke out this morning at 9 o'clock in the rear of the Fur furniture store. When the fire arrived it was discovered that no water was to be had in the city to the extent of the blaze. The Carroll and Manilla fire companies were wired for and arrived just as the building occupied by Marechal & Son collapsed. They were great help in preventing the fire from spreading, but it is estimated that the second-story building had had, for a few years ago sweeping the entire town of its frame buildings.

Below is given as many of the losses, with insurance carried, as could be learned at this time: Loss, Ins.
