

OLD SORES OFFENSIVE-DANGEROUS

Nothing is more offensive than an old sore that refuses to heal. Patiently, day after day, it is treated and nursed, every salve, powder, etc., that is heard of is tried, but does no good, until the very sight of it grows offensive to the sufferer and he becomes disgusted and morbid.

COUSIN OF PIERPONT MORGAN

John McGrogan, Relative of Multimillionaire Dies in County Hospital.

NOT A PAUPER, BUT A VERY POOR MAN

His Family Has Lived Long in Nebraska and Gets Along Without Assistance from Wealthy Relatives.

John McGrogan of Wisner, Neb., whom his relatives say was a second cousin to J. Pierpont Morgan, known and revered wherever finance is spoken, practiced or dreamed of, died the other day in the Douglas county hospital.

"I don't mind telling you about our relationship to J. Pierpont Morgan," said Hugh McGrogan, who is a manly appearing young man, looks doing at the plain tiller of the soil.

"Some of us were going to write to Pomper last summer," said he, "but we didn't know his address. I suppose just plain 'New York' would catch him, but it didn't."

"The McGrogans are poor people, but have always managed to get along without asking any assistance from their wealthy relatives," says Mrs. Pierson, who discussed the matter with a reporter at her home.

"It was decided at first to bury the body at the Holy Sepulchre cemetery, but this arrangement was changed and the remains taken to Wisner yesterday.

Worn-Out Women

Who Feel Tired and Fail to Get Refreshed by Sleep, Are on the Verge of a Serious Train of Diseases.

At first there will be a great languor, especially in the morning, faintness, dizziness, weakness or sinking at the pit of the stomach; the appetite will be variable, digestion impaired; palpitation of the heart, shortness of breath, cold hands and feet, headache, palpitations, dark circles under the eyes, and a dragging pain across the hips and loins.

INVESTIGATES CORN RATES

Interstate Commerce Commission Issues Order for Hearing at Chicago.

MISSOURI RIVER RATES ARE INVOLVED

Railroads Interested in Deal Between Missouri River Common Points and Gulf Are Called to Account.

WASHINGTON, March 30.—The Interstate Commerce committee has issued orders instituting an investigation in the matter of rates on corn and corn products from Missouri river points to points on Louisiana, Texas, Washington, Oregon and California.

The roads involved are the Santa Fe, Rock Island, Frisco, Missouri, Kansas & Texas, Missouri Pacific, Iron Mountain, Kansas City Southern and Burlington, and they are required to appear by April 30, 1905, and to appear in Chicago in May, 1905.

Would Appeal Mine Case.

A petition for a writ of certiorari has been filed in the supreme court of the United States in the case of Stratton Independence Mining company of England against the trustees of the estate of the late W. S. Stratton, the Colorado mining millionaire.

The case involves a suit for damages in the sum of \$6,000,000 in the purchase of Stratton's Independence mine at Cripple Creek, in their petition the purchasers set forth that they paid \$100,000 for the property, and this they assert was \$6,000,000 more than it was worth.

Canal Commissioners Resign.

Secretary Taft today received the resignation of the Panama canal commissioners, with the exception of that of Major General Davis, governor of the canal zone, which, however, is expected to be forthcoming at once.

Admiral Walker, chairman of the Panama canal commission, today received by cable the resignation of General Davis as a member of the commission and immediately forwarded it to the secretary of war.

There will be no hiatus in the government of the canal zone by reason of the resignation of the present canal commission, as their successors are appointed. It is expected that the announcement of the new commission, together with the reorganization and new instructions, will occur within a very short time.

CASTRO SENDS REPRESENTATIVE

Personal Delegate from Venezuela Would Discuss the Situation.

WASHINGTON, March 30.—Dr. Jose de Jesus, personal representative of President Castro, had an interview today with the president respecting the issues that have arisen between Venezuela and the United States. Dr. Paul appears to believe that the issue might be settled by changing the American legislation.

As an impression recently prevails in some extent not only in Venezuela, but in this country that Minister Bowen has incurred the ill will of President Castro by an excess of zeal in the presentation of the American claims against Venezuela, it may be stated that official inquiry from Washington had developed the fact that Mr. Bowen merely presented to the Venezuelan government the precise instruction sent to him from the State department relative to arbitration; that he did not add or take from those instructions in the slightest degree; so the fact is that the State department and not Mr. Bowen is responsible for this presentation, which has so severely shaken the Venezuelan government.

In view of the statement from Dr. Paul it can be added on the highest authority that in the view of the administration the doctor has no official standing and what report he makes to the State department cannot have any weight bearing upon the dispute.

If President Castro is dissatisfied with Mr. Bowen he must have recourse to the regular diplomatic channels and communicate that fact formally to his government, which cannot receive representations from other sources.

HAYTI SAID TO BE QUIET

President of Republic Denies Story Sent to Washington.

WASHINGTON, March 30.—Mr. Leger, the Haytian minister, has received a cablegram from the president of Hayti contradicting the cablegram of Minister Powell received yesterday, stating that serious trouble is impending in Hayti, and it is doubtful whether the authorities can maintain peace and order on March 31 and April 1.

According to Minister Leger's advice, the country is quiet and there is no fear of an uprising, the law concerning the Syrians is being executed peacefully and the government can maintain order.

The Brooklyn, due at Guantanamo today will be ordered upon its arrival to proceed to Port Au Prince, Hayti, in response to the request of the State department, after receiving a cablegram from Minister Powell saying that trouble was impending there. The sailing of the Newark from Guantanamo for Mont Christi, under previous orders, prevented the department from carrying out its intention of sending it to Haytian waters.

WOMAN IN CLUB AND CHARITY

The first national conference of the Women's Trades Union League of America was held in New York City last Sunday afternoon. The meeting was largely attended and among the subjects considered were: "The Need and Value of Organization for Working Women."

Samuel Gompers, president of the American Federation of Labor, "The Desirability of Public Opinion" was the subject of an address by Jane Addams and the general discussion that followed was led by Miss Mary McDowell of the University of Chicago settlement, and Mrs. Mary O'Sullivan, former national organizer for the American Federation of Labor.

The South Carolina Federation of Women's Clubs, through its committee, recently endorsed a bill before the state legislature providing for the establishment of a reformatory and industrial school for white boys of the state. The bill, which was widely popular, passed the house but failed in the senate.

The federation will continue the agitation for the reformatory and will gather data during the next year that the women hope will be of material influence with the next legislature. This report from a state federation that two years ago announced that "the women of South Carolina are willing to trust their legislation to the men, confident that it will be justly and wisely executed," indicates that there has been a change of mind as well as a change of board since that announcement was issued as a rebuke to the "progressive" federations of other sections.

A movement has been started by the Board of Education of Leipzig toward the introduction of more rational clothing for women and girls. The board has caused to be printed and distributed free a pamphlet describing a "reform" dress for school and street wear and patterns are for sale at 5 cents each. The journals that are assisting the agitation for this reform neglect to provide a description of the proposed "reform" gown, which fact must look suspicious to all women readers.

The extension secretary of the Young Women's Christian association reports that over 600 young women employed in the factories of the city are touched directly by the association every fortnight.

The national league was formed in 1903.

WE have taken this space to tell you about Kirschbaum Clothes—made in the City of Philadelphia. Kirsch (cherry), baum (tree)—At the Sign of the Cherry Tree.

Kirschbaum Clothes are made by well-paid tailors, in clean, light, sanitary shops—State and National officials say the finest tailor-shops in the United States. The clothes are carefully made. They have style in them and fit and good looks.

One thing about Kirschbaum Clothes, their style is not a matter of geography. They are right in London or New York or San Francisco.

Over a million dollars' worth are worn in New York and Philadelphia every year, half a million in Boston and Washington. They are represented in every great College in America. They are sold by good stores in three thousand other cities and towns.

There are two things that go a long way in Philadelphia. In fact two things one is rather expected to possess—a grandfather and a well-cut coat. We can't supply you with the one, but we are ready with the other.

We expect to talk often to you about Kirschbaum Clothes. We shall keep after you until you try them. That's all we ask you to do. We ask it because we know the opinion of those who do try them and we know the clothes. It will pay you to know them. Better clothes are worth while. They are worth remembering the name and finding the store that sells them.
