I WANT every gasoline lamp salesman, who is selling wire tubing lighting systems, to write for my proposition. It will only cost you a 2-cent stamp to write to me and it will mean big money in your pocket. You owe it to yourself to know what I am doing whether or not you take up my proposition, but I know positively that I will give you one that you cannot get away from. If I did not know it, you can rest assured that I would not be spending \$55 in order to have this advertisement in 152 different papers today. I have the best lighting system in the world and it is better constructed than any other system. Each and every system in its entirety is guaranteed for one year, and each and every lamp is guaranteed for five years, without one cent extra expense. A \$260,000 corporation signs the guarantee. I will pay you commissions that my competitors cannot afford to pay. Whi? Because I have a factory of my own and manufacture the systems from start to finish, on my own premises, while my competitors manufacture nothing. They buy their outfits at the same price at which I will sell them to you. If you have a friend in this line of business, you will do him a permanent and everlasting favor by clipping this ad and mailing it to him. Address P. O. box 219. Chicago. What light do you sell? What territory do you cover?
