President Starts for Two Months' Camping Trip in Texas and Colorado.

TO ATTEND REUNION OF ROUGH RIDERS

Elaborate Reception Prepared at Dallas, Sherman and Fort Worth.

FIRST SPEECH AT HARRISBURG, PA.

This Morning Chief Executive Will Be Guest of Louisville for Three Hours.

WILL KEEP IN TOUCH WITH WASHINGTON

Line of Coaches to Be Maintained Between Camp and Telegraph Office While He is Hunting.

WASHINGTON, April 3.—With cheers and good wishes responding at the Pennsylvania depot the president, at 9:05 a. m. today, on a special train, started on his trip through the south. Among those at the station were many friends of the president, including Postmaster General Crotty and Secretary Metcalf of the Department of Commerce and Labor. The special train, which is one of the finest Pennsylvania railroads has ever sent out of Washington, consists of three cars—the president's private car, Rocket; the Pullman sleeper, Forest, and the combination baggage and dining car, Victoria. Attached to the train, to be run as far as Baltimore as a buffer, was a day coach. The train is handsomely fitted and contains every known appliance to insure the comfort and safety of the passengers. The train was scheduled to leave at 9 o'clock, but it was a minute after that hour when the president arrived at the station. He had been delayed at the White House for a few minutes in signing some important papers. Even after he boarded his special train, he was obliged to wait for his signature. It was just five minutes after the train drew out of the station. In the train, besides the president, were Secretary William Lusk, Jr., General S. M. H. Young, Dr. Alexander Lambert, Lieutenant G. R. Fortson, one of the president's aides; M. C. Latta, J. L. McGrew, stenographers to the president; H. A. Strohmeyer, photographer, and representatives of the various press associations. This trip is being made primarily to enable the president to attend the reunion of his old regiment, the Rough Riders, which is to be held at San Antonio, Tex., next Friday, and to hunt big game in Oklahoma and Colorado.

Will Make Some Speeches.

Incidentally, the president will deliver notable addresses at several places enroute. His first important stop will be at Louisville, Ky., tomorrow morning, where he will be the guest of the city for three hours. He will go directly to St. Louis, Mo., and thence to Kansas City, Mo., and Texas, enroute to San Antonio, stopping at several places on the way, among them Sherman and Dallas, Tex.

After leaving San Antonio the president will go to Oklahoma for a week of hunting and proceed thence to Colorado to hunt big game in the mountains.

Unless it should be necessary on account of unforeseen circumstances to curtail the trip, the president will be absent from Washington about two months. Definite plans for the trip, after he shall leave Oklahoma, have not been made, the purpose of the president being to adjust his plans to the conditions as they may exist at the time. While he expects to be in the wilds of Colorado for a considerable time, he will keep in constant touch by means of couriers, to the nearest telegraph station, with Washington, and thus will be enabled to attend to such important business as may demand his personal attention. Dr. Lambert, who accompanies the president, was his physician in New York and has hunted throughout the country which the president will visit.

Horse Falls Down.

President Roosevelt's delay in arriving at the railroad station to take his special train for the south was due to an accident which happened to one of the horses attached to his carriage soon after leaving the White House. The off horse fell, becoming entangled in the harness. The accident amounted to a serious one, for the horse was injured. It occasioned a delay of about five minutes. After the horse had been gotten up the trip to the station was made without incident.

Prepare for Big Wolf Hunt.

LAWTON, Okla., April 3.—Although the president seeks to take his special train in planning to hunt wolves for a week in the 40,000-acre pasture reserve in southern Oklahoma, the citizens of that section of the territory have demanded that he shall view and participate in one of the rousing, stupendous wolf drives for which the southwest country is noted. According to the arrangements now being perfected, the president will be given a horse and will take part in the final rush after the wolves have been corralled. In order that the plans may be carried out it will be necessary to obtain the consent of the president's manager, who has decreed that during the president's seclusion amid the fastnesses of the Indian reserve, troops of cavalry from Fort Sill will patrol the fences and permit no one to enter.

Big Time for Dallas.

DALLAS, Tex., April 3.—Great preparations are being made for President Roosevelt and party, who arrive here on the evening of April 5. The president is to deliver an open address and later he will be tendered a banquet. Over 100 prominent Republicans and Democrats from all parts of the state have been invited. A military parade has been arranged, in which the National Guard from all sections of the state will take part.

Progress of Journey.

HARRISBURG, Pa., April 3.—The special train from Washington with President Roosevelt and party passed through this city at 10:30 a. m. Talks at Harrisburg. HARRISBURG, Pa., April 3.—"I don't exactly say that I need a rest, but I am going to take one in the open, under God's blue heaven," said President Roosevelt today, standing on the platform of his special train at the Pennsylvania station and conversing with Congressman Olindested, United States Senator Carrion and United States Marshal Leonard, in the presence of a great crowd that gathered at the station to meet him. It was suggested to the president that things would go along in a smooth manner even if he never slept. "I shall sleep if all right," he said. "I have left Taft sitting on the lid keeping down the Santa Domingo matter."

Laking and Sir Frederick Treves, court physicians, whose signatures were appended to the statement, as follows: "On a slight operation this morning the prince of Wales will be confined to bed for a few days. As his condition is not serious, no unusual but-lettr is issued."

MOROCCO IN THE LIMELIGHT

Attitude of Germany Attracts Attention in All European Capitals.

PARIS, April 3.—The Morocco incident is daily making a deeper impression, and while calmness continues to prevail there is a growing sense of the rudeness of the shock which Emperor William's visit to Tangier and his declaration gave to French opinion. The character of such words which "constitute almost the maximum short of openly quarrelling with France, that William II, could attempt in order to be disagreeable."

However, the general tone of the press is singularly free from belligerent or menacing talk. ST. PETERSBURG, April 3.—The developments resulting from Emperor William's speech at Tangier Friday, continue to attract great attention in the press and in diplomatic circles. The other view is that the German emperor seized on a favorable opportunity to read France a lesson for leaving Germany out of consideration in the French-British understanding regarding Morocco, with the view possibly of compelling France to make a formal renunciation of her aspirations regarding Metz and Alsace Lorraine, also with the practical purpose of securing a vote in the Reichstag next fall for a large naval program.

SUIT AGAINST STANDARD CO.

People of Cottonwood Falls, Kansas, Say They Pay Twice as Much for Oil as Emporia.

EMPORIA, Kan., April 3.—The Business Men's association of Cottonwood Falls, Chase county, has retained an Emporia lawyer to start suit against the Standard Oil Company of Kansas. The cottonwood Falls people allege that the price of oil that retail at 13 cents in Emporia sells for 25 cents in Cottonwood Falls. In Emporia the Standard Oil Company, an independent refinery, while in Chase county it has no competition. TOPEKA, Kan., April 3.—Attorney General Coleman began suit today in the supreme court to compel T. Kelly, state treasurer, and E. B. Jewett, warden of the penitentiary, to sign the bonds which were issued under the provision of the law in Chicago to give the recent legislature providing for the establishment of a state oil refinery. The attorney general declares that the state treasurer and the warden have refused to sign the bonds, and that they have given no reason for their refusal. The court is asked to require these officials to come before it and give their reasons for their refusal. The effect of the appearance of these officials in court, with their reasons for refusing to sign the bonds, will be a decision by the court in regard to the validity of the law.

CHICAGO, April 3.—Superintendent T. J. Connors of Armour & Co., under indictment for alleged interfering with federal grand jury witnesses, failed to appear in person before Judge Landis today, and thus failing to observe the formality of arraignment was unable to push a motion for an immediate trial. Judge Landis said that he would not be in Chicago to appear before him after today. Attorney Union, general counsel for Armour & Co., said he would endeavor to have Connors in court this afternoon.

SMITHS FIGHT EXTRADITION

Attorneys for Nan Patterson's Relatives Allege that Papers Are Irregular and Void.

CINCINNATI, April 3.—The contest by J. Morgan Smith and wife, relatives of Nan Patterson, against the extradition of the Smiths to New York, continued today and the fight against the New York detectives will go hand in hand. This was indicated by the proceedings in court today. Attorney Shay, for the defense, asked for the return of an affidavit upon which the Smiths were held in Wisconsin. The court granted this Wednesday, when the habeas corpus proceedings will be disposed of. Mr. Shay was afterward asked what he intended to do about the letters of the Smiths that were taken by the detectives and sent to New York. He replied that action would be taken against these officers. When the habeas corpus case in behalf of Smith was called Attorney Shay alleged that the information or affidavit upon which the Smiths were held in Wisconsin was made out after the writ of habeas corpus had been issued.
