BISHOP McDOWELL IN OMAHA

Youngest Member of Methodist Prelacy Visits Gate City.

EXPRESSES INTEREST IN WESTERN MATTERS

Comes on a Debt-Raising Mission, but Talks About Church Extension and Growth of Religion Generally.

Bishop William F. M. McDowell, D. D., L. D., who arrived at 9 o'clock yesterday morning from Chicago and is now staying at the Paxton, is not a stranger to the western country. He served for nine years as chancellor of the University of Denver.

"I have a tremendous interest in this section of the country," he said yesterday, shortly after his arrival, "and great belief in it. I went to Denver in 1890 and there have been great changes since that time. We have an empire in the Missouri valley. The advance has not been in the material growth of the country alone, but I believe the church has kept pace with it. The Methodist church has a little more than kept pace with the population. In Denver the churches and the congregations have grown faster than the population."

"Omaha is on the edge of things in a way. Bishop Warren of Colorado touches it on one side. Bishop Joyce in Minnesota touches it from the north and I am on the east of it, but Omaha itself has no bishop. Bishop Joyce is over this conference until the end of the month, when, with the new plan of episcopal visitation for the coming year, a new bishop will be chosen. I cannot say who he will be."

Present opportunity in China. Bishop McDowell is interested in the attention being paid to foreign missions in Omaha just now.

"I have just received a letter from my friend, Bishop Haskford of Shanghai," he said in this connection, "and he said the

OMAHA IMPROVERS AT DINNER

Officers and Chairmen of Local Committees Guests of Rome Miller.

WORK DISCUSSED AFTER A FINE MEAL

Chairmen Renew Their Pledges and All Hands Decide to Push Campaign for Cleaner, Prettier Omaha.

Officers of the Civic Improvement league of Omaha and the chairmen of the various committees of the league were the guests of Rome Miller at a banquet at the Her Grand hotel last evening. A number of women were among the guests, all of whom were active workers in the league. Mr. and Mrs. Miller were the hosts of the occasion. Chairman Sibaugh, as toastmaster, made a short address, giving a history of the league, its purposes and prospects. He characterized the league as the "Omaha Boomer club." He spoke of the excellent work done by the league in the last year and predicted for it much greater achievements for the coming season.

"The pressing wants of the league just now," said Judge Sibaugh, "are members, money, headquarters, weekly meetings, and that the several chairmen should complete their committees and get down to immediate work. The object of the league is not to criticize the city council and city officials, but to unite with them in the up-building and beautification of the city of Omaha."

Chairmen Pledge Themselves. Responses to toasts were made by the several chairmen. W. H. Green, who had just returned from a year's absence in Mexico, as chairman of the ways and means committee, spoke of the spirit of civic improvement manifest in southern cities. He would do all he could for the cause of a more beautiful Omaha. J. Y. Craig of the parks and boulevards committee promised to do all he could for the best interests of the club and for Omaha. "The city," said Mr. Craig, "now has 600 acres of parks and sixteen miles of boulevards. Some of these parks are at present remote from the center of the city, but the time is not far distant when the city will be out and around them." W. R. Adams talked of trees and tree planting. Dr. R. D. Mason of the sanitary committee showed how the league could do excellent work for the sanitary improvement of the city. Mr. Draper Smith of the bill boards and sign boards committee told of the work accomplished by that committee last year. She asked that members from each improvement club in the city unite in the work of the committee for the betterment of the bill boards situation.

Frank Haller of the playgrounds committee made an earnest plea for playgrounds for the children, and W. L. Kiersted of the public lighting committee spoke briefly on the light needs, and at his suggestion a vote of thanks was tendered Rome Miller. S. B. Morris of the Associated Charities committee thought that the league could do much good by co-operation with the Associated Charities of the city.

Theodore Johnson of the committee on schools and school grounds promised to enroll the principals of the schools in the work of the league. Upton motion of S. P. Bostwick, Rome Miller and Mrs. Draper Smith were added to the speakers and entertainment committee.

Stora Brewing Co.'s celebrated Beck Beer on draught Saturday, April 8.

committee suggested that the new market house on Capitol avenue might profitably be devoted to uses as a swimming pool. League as a Business Proposition. Rome Miller was the last speaker. He was in hearty accord with the civic improvement ideas and would lend it every assistance in his power and would cheerfully work in and with it. He referred to the work of the league as a business proposition. The work, he thought, is second in importance to none in Omaha or any other city. To insure the success of the league men of influence should be enlisted in its cause. "Get the Commercial club interested in the matter," said he, "get its co-operation in the work. It can be done and the Commercial club and Real Estate exchange could not engage in any better work."

NEW JURY LIST ALMOST READY

County Commissioners Draw Twenty-Three Hundred Names from Wheel.

At a meeting Saturday afternoon the Douglas county commissioners adopted a list of about 2,300 names, which will constitute the jury list for 1905, to take the place of the one quashed some days ago by the judges of the district court. The next drawing from this list should be held on Monday, April 10, but as the names cannot be written on separate slips and placed in the jury wheel by that time Sheriff Power will be called on to bring in whatever talemens may be necessary for service in the courts until the new list is placed in the jury wheel, which will be early in the week. The commissioners feel sure the new list will stand the test of the law.

Commissioner Trainor introduced a resolution directing the county auditor to prepare and present to the county board by May 1 a statement of the financial condition of the county up to January 1, 1905. Mr. Trainor explained that he thought it well for the board to know exactly where it is at in a financial way before the tax levy is made in July. Commissioner Bruning felt the same way, and the resolution was adopted by a unanimous vote.

DUNN TO NEWSPAPER MEN

Collier's Famous Photographer Will Address Omaha Press Club Shortly.

Robert Lee Dunn, the war photographer of Collier's Weekly, will deliver his lecture, "Fret in Corea," before the newspaper men of Omaha at the Omaha Press club rooms, Union block, on Wednesday evening, April 26. Mr. Dunn's lecture is illustrated with over 100 views secured at the outbreak of the Russo-Japanese war in Corea and shows the blowing up of the Koratze and Varig at the commencement of hostilities. Mr. Dunn has had many notable assignments, among which was the coronation of King Edward for the New York Tribune; Paris exposition for the same paper; tour of Europe for the Textile Publishing company; Prince Henry's American tour, President Roosevelt to Yellowstone and on every tour except the present one; McKinley to California, McKinley at Buffalo, when he was assassinated, and his funeral at Canton. He was also the official photographer for the republican national committee with Vice President Fairbanks on his tour to California. Mr. Dunn is at present on his way to San Francisco, from where, if the war still continues, he will see for the first time. This is the first of a series of lectures to newspaper men on subjects relating to their work that the Omaha Press club will treat its members to during the next few months.

JUDGE DOANE SERIOUSLY SICK

Well Known Pioneer is in Condition that Gives Alarm to Relations and Friends. Judge George W. Doane is seriously ill at his home, 2021 Chicago street, and although his condition is reported decidedly better today, his friends and relatives are alarmed. In February Judge Doane slipped on the ice on Chicago street and fractured a bone of the hip. He was placed in a plaster cast and the fracture has given no great difficulty, but his advanced age, coupled with inaction, has produced the new condition of vitality, which has affected the heart, throat and lungs. He is one of the best known of the Nebraska pioneers.

OTHER BOYS TO GO TO KEARNEY AT ONCE, AND AS THE JUVENILE COURT LAW PROVIDES THEY MUST BE TAKEN THERE THE SAME DAY THEY ARE SENTENCED THE COMMISSIONERS ARE WONDERING JUST HOW THEY MUST GO IN THIS MATTER OF PAYING THE EXPENSES OF THE JUVENILE COURT.

The April expense account of the probation officers was allowed at \$73.30, which cuts out the item of street car fare. All three of the probation officers are at present paying their own street car fare, and some days this amounts to as much as 50 cents.

The application of Martin Hannegan for a license to sell liquor and an accompanying protest were referred to the judiciary committee.

CREIGHTON UNIVERSITY.

The preliminary education contest for the gold medal was held Friday afternoon. Those who won honor and who competed in the finals in the collegiate department are: William Donahue, William Young, William Stenberg, Charles Thieland and James Laughlin. In the academic department, Paul Frauley, Frank Thomas, Mick Stagno, Raymond Corrigan and F. Meritt.

The literary society program was an evening on Gladstone, O'Connell and Emmett. "Life of Gladstone," William Young; "Gladstone as a Statesman," George Morgan; "Gladstone as an Orator," William Donahue; "Life of O'Connell," William Young; "O'Connell as an Orator," Edward Kennedy; "O'Connell as a Statesman," Paul Frauley; speech from O'Connell, Paul Barrett; "Life of Emmett," Joe Lovely; "Emmett as a Patriot," George Peters.

During the last semester Father Riggs' in physics has been studying electricity and electric apparatus. Last Friday he tried the first experiment in the practical use of the induction coil by its application to wireless telegraphy. Sending and receiving stations were installed in the lecture room and messages were sent back and forth between the students.

Assisting as servers for April in St. Joseph's Collegiate church are: George Thompson, Francis Mullen, George Peters.

Charles McGrath, John Welch, Eugene Byrne, Thomas McShane, Cosmo Murphy, Norbert Leary and John O'Malley.

Satisfied as to Morphine. A young colored woman named Anna King, who rooms in the red light district, has had a great curiosity about the effects of morphine and last Wednesday concluded to gratify her curiosity. She took what she was advised by some of her friends to be the proper dose at 2 o'clock last Wednesday, and soon afterwards succumbed to the effects of the drug. Her friends thought no more about her and when she failed to make her usual appearance, and as her door was locked, they thought she had gone away somewhere on a visit. But she hadn't. She was wrapt in slumber so profound that she did not awake until 10 o'clock Saturday morning. She felt so badly that she called for Police Surgeon Wigton. He found that she was all right after her Rip Van Winkle slumber, and astonished her by telling her the day of the week. She said that she was now entirely satisfied about the effects of morphine.

2,000 gallons Cottage Paints on the market for sixty days at \$1 per gallon. Kendall Glass and Paint company.

Moore Divorce Case.

Cyrus C. Moore has been granted a divorce from Annie M. Moore by Judge Sully. The defendant is awarded the custody of two children, and Charles H. Acker, the plaintiff, is in the live stock commission business and the defendant was formerly in his employ. The suit is to recover certain moneys alleged to have been wrongfully appropriated by the defendant, who acts up a counter claim. The amount involved is in the neighborhood of \$90.

Whose is the Money?

Judge Redick and a jury are busy with the case of W. H. Rice, doing business as Rice Bros., against Charles H. Acker. The plaintiff is in the live stock commission business and the defendant was formerly in his employ. The suit is to recover certain moneys alleged to have been wrongfully appropriated by the defendant, who acts up a counter claim. The amount involved is in the neighborhood of \$90.

We Will Buy

A 50c Bottle of Ligozone and Give it to You to Try.

We want you to know about Ligozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Ligozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of its results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Ligozone.

We Paid \$100,000

For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Ligozone destroys the cause of any germ disease. Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with a cobalt, but its virtues are derived solely from gas-largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetable; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Cut Out This Coupon

For this offer may not appear again. Fill out the blanks and mail to The Ligozone Company, 42-64 Wabash Ave., Chicago. I have never tried Ligozone, but if you will supply me a 50c bottle I will take it. My disease is: Her Feet—Indigestion, Kidney Disease, La Grippe, Leucorrhoea, Liver Troubles, Migraine—Neuralgia, Many Heart Troubles, Rheumatism, Stomach—Diarrhea, Stomach—Dyspepsia, Stomach—Dysentery, Stomach—Dysuria, Stomach—Dysuria, Stomach—Dysuria.
