AFFAIRS AT SOUTH

Startling Discovery Made in Connection with City Charter.

PAVING SECTION HAS BEEN REPEALED

Law that Allowed City to Pay for Two-Thirds of Work on Certain Streets is Found to Have Been Killed.

It is more than likely that the city council will not open bids for the paving and grading of Missouri avenue on Monday night. Yesterday the discovery was made that the last legislature had repealed the law permitting the council to order paving done where the city at large is to pay two-thirds of the cost and the abutting property owners one-third. It was under this law that South Twenty-fourth street and Railroad avenue was paved last year. The plan appeared to suit the people and there was no demand made upon the Douglas county delegation, as far as known, asking that this section of the charter be repealed.

In the amended charter provision is made for the repaying of Twenty-fourth street from A to Q streets, two-fifths of the cost being paid by the abutting property owners and three-fifths by the city at large. When this amendment was made to the charter in some way, sub-division 16 of section 128 was repealed.

This amended charter passed with the emergency clause and is now a law. A meeting of city officials was held Saturday afternoon to discuss the amended charter, and an effort will be made to ascertain if there is not an error in the engrossing of the bill. Unless the error can be rectifled the paving and grading of Missouri avenue and of West Q streets will have to be postponed until a petition is presented to the council bearing the signatures of the fund this year, majority of the property owners.

Residents in the eastern portion of the city are very anxious to have Missouri avenue paved, and in case it is found that the council cannot go ahead under the old law, petitions will be circulated among the property owners with a view to securing enough signers. The same action will most likely be taken in regard to the paving of West Q street.

Just as soon as the tangle is straightened out action will be taken towards the repaving of Twenty-fourth street.

Porterfield Had Money. When the body of Peter Porterfield was the accident in the Northwestern yards, which resulted in death, it was found that the deceased had \$2,750 on his person. This money was all in bills, and the condition of the wallet and bills showed that the money had been carried for years. Undertaker Brewer stated that an inquest would be held by Coroner Brailey on Monday. The money was placed in the Packers' National bank for safe keeping. Undertaker Brewer has telegraphed a number of relatives of Porterfield. Trainmaster Roach stated that Porterfield lived at Norfolk and was a single man. He also stated that he was worth about \$19,000. No arrangements for the funeral will be made until relatives arrive today. At the time Porterfield met his death he was inspecting an air brake on his train and was between a couple of freight cars when the train moved a few feet. Conductor Porterfield's hand was caught between the bumpers and crushed. His right leg was cut off. Dr. Slabaugh was called but he declared that death had been instanta-

Evangelist Redding's Meetings. Rev. J. C. Redding, an evangelist, is holding meetings at the First Presbyterian church every evening. Today Rev. Redding will occupy the pulpit at this church morning and evening. At 3 o'clock this afternoon Mr. Redding will address a union meeting of women at the church, Twenty-fifth and J streets. Those who have listened to Mr. Redding say that his talks are breezy and instructive. The interest taken in these meetings is growing so rapidly that Mr. Redding will remain

here until Easter.

Club Issuing Certificates. South Omaha Commercial' club, through its secretary, B. L. Culver, is issuing certificates of membership. At the present time the club has about 100 mempers and quite a number of applications are on file. Considerable interest is being taken in the work of the club and committees are getting together to further the business interests of South Omaha. Seventeen committees of five members each have been appointed by W. J. Mc-Crann, the president. The meeting of the club to be held Monday night is looked forward to with considerable interest. Business of importance will come up. All

members are urged to attend. Still Recovering Stolen Property. Saturday afternoon Chief Briggs and Detective Elsfelder visited the Weber house at 2710 South Nineteenth street, Omaha and recovered quite a quantity of stolen property. Some of the property recovered had been stolen from the Darling hardware store. A diamond pin and some articles stolen from the residence of W. W. Fisher were also recovered. Some carpenter tools secured are now at police headquarters awaiting identification. Chief Briggs is still hunting for another plant and ex-

strong and sick women well.

"I suffered for five years with inflammation which caused violent pain and often torture so bad at times that I could not be about to attend to my daily duties," writes Mrs. Julius C. Bell, of Bathroad, Kingston, Ont. "Life was simply misery to me and I did not know which way to turn for relief. Had tried doctors but found they did not help me. My druggist advised me to try Dr. Pierce's Pavorite Prescription—eulogizing it in glowing terms. I decided to give it a trial and brought a bottle home. I am happy to say that after the use of the first bottle I felt so much improved I decided to take another and after that a third bottle. I have good reasons to be pleased, for I am to-day a well woman, work is easy and the world looks bright. I have perfect health, thanks to your medicine."

Preparing for Removal. Alterations in the Hunt block, southwest corner of Twenty-sixth and N streets, are about completed and before May 1 the Packers National bank will move into these temporary quarters. The tenants in the present bank building have been notified to vacate before May 1. Arrangements are being made for the razing of the building. to commence on May 2. The present bank building was erected in 1892 and at the time was one of the finest buildings on N street. Business has increased so rapidly that the accommodations are entirely inadequate and a new building is to be erected this year. Immediately adjoining the bank building on the east Frank Dolezal will erect a two-story brick building and the front elevation will be similar to that of the bank building. All of the plans for both the bank building and the Dolezal structure are complete and contracts are being let. Material is being ordered and will be here by the time excavating for the foundations is completed

City Financial Statement. City Clerk Gillin has just completed a statement showing the condition of the funds at the close of business on April 10. From the 1904 levy, which amounted to \$152,991, the balance of \$13,802 from 1903 levy and revenues from different sources the council had on hand at the commencement of the fiscal year, August 1, 1904, the sum of \$176.461. Of this amount there had been drawn, up to April 10, \$109,771, leaving a balance on hand of \$66,689.

The fire fund has a balance of \$5,161, and the general fund \$3,231. There yet remains in the salary fund \$9,218 and in the public light fund \$5,139. The police fund is down to \$5,583, and this will not carry the department through until the end of July. Balances are shown in all of the funds and at the close of the fiscal year there will be no overlap, unless it be in the police fund. Last year's strike cost the city a great deal of money, and this will account for any overdraft in the police

Police Board Meets Tuesday Night. On Tuesday evening of this week the fire and police commissioners will meet in the council chamber for the purpose of considering a number of liquor license applications. Up to the present time eighty-one liquor dealers have made application for licenses. Last year ninety applications were received. It looks now as If there would be less saloons this year than for a number of years past. About two dozen licenses can be acted upon Tuesday night by the board, providing bonds are held on Monday and the city treasurer's receipt for \$1,000 is attached to taken to Brewer's undertaking rooms, after the bond, proof of publication and the application.

Saturday afternoon a committee of the board made a tour of the drug stores and talked with the proprietors about taking out druggist permits. A report of this investigation will be made to the board on Tuesday night. Meetings of the board will be held as often as necessary in order that applications for liquor licenses may be acted on before May 1.

PAYS FOR ERROR OF TEXAS Federal Government Sends \$500 to Mexican Who Was Shot by Ranger.

WASHINGTON, April 15 .- Failure of Mexican citizen to obtain satisfaction from he authorities of Cameron county, Texas, or personal injuries suffered in that ounty, evoked a serious complaint to the Washington government from the Mexican government against the Texan authorities and caused Secretary Hay several months ago to offer out of the federal treasury \$600 to Mexico in satisfaction of its officia claim for damages. The story is told in official correspondence published at the State department today. Eulogio Zambrano, a Mexican citizen, pawned a rifle at Browneville, Tex., belonging to a citizen of that town, was arrested, and while being carried to jail it is claimed he attempted to escape and was shot at and wounded by Private McKenzie of the Texan Ranger force. The Mexican consul reported that Zambrano was tried and senenced without any account being taken by the court of the wounds inflicted by McKenzie, but the judge in passing sen-tence on the prisoner told him that he inficted a light punishment because he had been wounded. This statement, in the ppinion of the Mexican government, afforded ground to insist that the wounding was unwarranted. In a note to Secretary Hay the Mexican ambassador at Washington entered a formal complaint against the Texas authorities on account "of the slight respect they usually evince for the ives and interests of Mexicans residing on this side of the border," and asked for an indemnity on behalf of Zambrano. Secretary Hay in reply said: "I have he honor to say that the department, after careful investigation of all the circumstances, has reached the conclusion that ome compensation should be made to Zambrano because of the failure of the authorities of Cameron county, Texas, to try and punish Ranger McKenzis for unlawfully shooting him, and it is willing to make payment to you, in behalf of Zambrane of the sum of \$500 in full settlement This offer was accepted by the Mexican

government and the incident was closed. Watch for our Sunday Ad. Miller, Stew-
